Management

Strategies in Athletic Training Richard Ray, Jeff G. Konin, 2011-07-20 Management Strategies in Athletic Training Fourth Edition helps current and future athletic trainers deal creatively with the management challenges they will face on the job. Like the previous editions, the fourth edition uses a unique case study approach in teaching students the theories of organization and administration and their applications to real world situations in the profession of athletic training. The text, part of the Human Kinetics Athletic Training Education Series, is an excellent resource for building comprehensive knowledge of management theory as well as the problem solving skills to put it to practical use. The book's organization strategies can also be applied beyond athletic training to a variety of fields related to sports medicine, making it a valuable resource for any sports medicine professional. Management Strategies in Athletic Training Fourth Edition has been significantly improved to align with the Health Care Administration portion of the National Athletic Trainers Association (NATA) Role Delineation Study. With extensive updates and new information, the fourth edition emphasizes the practice of evidence-based medicine and offers 18 new sections of material that include the following: Health care financial management, Injury surveillance systems, Advances in patient charting, Cultural awareness, Marketing a sports medicine practice, OSHA requirements for health care facilities. Designed to encourage critical thinking, the fourth edition of Management Strategies in Athletic Training opens and closes each chapter with realistic and fascinating case studies presenting real world dilemmas faced by athletic trainers. A series of questions at the end of these scenarios challenge students to analyze and apply the principles in the chapters to solve the hypothetical situations and ultimately prepare them for the kinds of problems they will face from day to day as professionals. To support learning, the text includes tools such as chapter objectives, key terms, and review statements, as well as sample administrative forms that readers can both study and adapt to their own work situations. Special elements and appendixes provide direction for deeper study by referring students to Internet resources. Other Athletic Training Education Series texts include sample forms for analysis of athletic training programs and material on regulations and ethics in athletic training. In addition, the fourth edition covers new material that students will find helpful as they embark on their athletic training careers, such as compensation tips for finding a job and negotiating skills for accepting a job. For instructors, an ancillary package consisting of an instructor guide, test bank, and new image bank will aid in course development. Loaded with additional case studies, course projects, chapter worksheets, and a sample course syllabus, these materials can be used for organizing classes, testing students' knowledge, and creating exciting learning experiences.

Leadership and Management in Athletic Training Kutz, 2018-02-09 Leadership and Management in Athletic Training Second Edition is designed to help athletic trainers effectively integrate the art of leadership with the science of management. This text discusses the aspects of management and leadership identified in the Board of Certification (BOC) Role Delineation Study and the National Athletic Trainers Association (NATA) educational competencies. Chapter Rationales boxes at the beginning of each chapter list the NATA competencies and relevant knowledge and skill areas identified in the Role Delineation Study (RDS).
