Reincarnation Magazine, January 1916 to December 1916 A. E. Landon, 2014-03 This Is A New Release Of The Original 1916 Edition **Theosophy across Boundaries** Hans Martin Krämer, Julian Strube, 2020-11-01 Theosophy across Boundaries brings a global history approach to the study of esotericism highlighting the important role of Theosophy in the general histories of religion science philosophy art and politics The first half of the book consists of seven perspectives on the activities of the Theosophical Society in very different regional contexts ranging from India Vietnam China and Japan to Victorian Britain and Israel shedding new light on the entanglement of Western and Oriental ideas around 1900 The second half explores specific cultural influences that Theosophy exerted in the spheres of literature art and politics using case studies from Sri Lanka Burma India Japan Ireland Germany and Russia The examples clearly show that Theosophy was part of a truly global movement thus providing an outstanding example of the complex entanglements of the global religious history of the nineteenth and early twentieth centuries *Catalogue of Copyright Entries* ,1916 **New Age Magazine** ,1917 *Catalog of Copyright Entries* Library of Congress. Reincarnation, Key to Immortality Marcia Moore, Mark Douglas, 1968 **The New Age Magazine** ,1919 Death and Rebirth of Seneca Anthony Wallace, 2010-09-01 This book tells the story of the late colonial and early reservation history of the Seneca Indians and of the prophet Handsome Lake his visions and the moral and religious revitalization of an American Indian society that he and his followers achieved in the years around 1800 **The Oxford Critical and Cultural History of Modernist Magazines** Peter Brooker, Andrew Thacker, 2009 This volume contains 44 original essays on the role of periodicals in the United States and Canada Over 120 magazines are discussed by expert contributors completely reshaping our understanding of the construction and emergence of modernism **Spaces of Hate** Colin Flint, 2013-10-18 While much has been written about hate groups and extreme right political movements this book will be the first that addresses the crucial role that place and context play in generating and shaping them Ranging across geographical scales the essays start with the home and then move from the local to the regional to the national to finally the global In this collection much of the focus is on the U S as the contributors consider a variety of hate activity and hate groups across the country including rural white supremacist and neo Nazi movements anti black sentiment directed towards cities anti gay activity in cities and rural areas and the resurgent Southern nationalist movement Closing with pieces from those who combat hate activity the intention of *Spaces of Hate* is to recognize specific geographic settings likely to foster hate activity **Ty Cobb, Baseball, and American Manhood** Steven Elliott Tripp, 2016-07-15 Ty Cobb called baseball a red blooded game for red blooded men

warning that molly coddles had better stay out By this Cobb meant that baseball was the ultimate expression of the masculine ideal a game of aggression rivalry physical and mental dexterity self reliance and primal honor For over twenty years Cobb expressed his fierce brand of manhood in ballparks throughout the American Northeast gaining for himself a level of celebrity that was unsurpassed in the early twentieth century Fans idolized Cobb not only because he was the best player in the game but because his boisterous and combative style of play satisfied their desire for exhibitions of visceral manhood They found in Cobb an antidote for what they feared were the corrupting influences of over civilization With balance precision and empathy Steven Elliott Tripp brings the era to life in a narrative Publisher s Weekly has called stunning In contrast to recent biographies of Cobb that have tried to minimize his more brutish behavior and minimize his racial antipathies Tripp contextualizes Cobb placing him squarely within the cultural milieu of both the rural South of his birth and the Northern sporting culture of his professional career Moreover Tripp s reconstruction of early twentieth century sporting culture isolates an important source of modern America s culture of hyper masculinity Ty Cobb Baseball and American Manhood is both an important work of social and cultural history and an absorbing tale of ambition and the quest for dominance Tripp has written the rare narrative that is as appealing to scholars as it is to general readers and sports enthusiasts

Canadian Science Fiction and

Fantasy David Ketterer,1992 *The Well House Reader* Donald Gray,2022-12-06 What did generations of Indiana University students think about their years on campus the faculty courses administration pressing social issues and each other Through student writings and art featured in *The Well House Reader* the Bloomington campus across the years vividly and sometimes whimsically comes to life Featuring selections from more than 150 years of student writing *The Well House Reader* edited Donald J Gray demonstrates how students voiced their views and opinions through their contributions to campus magazines and yearbooks From the use of satiric couplets to ridicule university president Cyrus Nutt in 1872 parody and caricature to mock the Ku Klux Klan in 1924 and long form essays to complain about the university administration in the 1960s IU students always made their opinions clear They wrote burlesques to mock their teachers essays to honor them and short stories about the satisfaction and sadness of graduation and departure from their beloved alma mater Poignant and revealing *The Well House Reader* offers unforgettable glimpses of Indiana University through the eyes and experiences of its students across the decades Regional Interest Magazines of the United States Sam Riley,Gary W. Selnow,1990-11-30 In *Regional Interest Magazines of the United States* Sam G Riley and Gary W Selnow focus on those magazines that direct their attention to a particular city or region and reach a fairly general readership intersted in entertainment and information This work is a follow up to their earlier *Index to City and Regional Magazines of the United States* Titles are arranged alphabetically to facilitate access each entry includes a historical essay on the magazine s founding development editorial policies and content Entries also include two sections that provide data on information sources and publication history arranged in tabular form for ready reference In choosing the magazines to be profiled Riley and Selnow attempted to represent not only the biggest and most successful of this genre but also some smaller and newer titles plus significant earlier magazines that are no longer in print Special care was also taken to achieve an even geographical spread To attain greater accuracy regional writers were enlisted to do the entries on their own region These writers provide valuable information on how the various magazines began how conditions have caused them to change their problems their editors and publishers and their content as well as colorful and little known facts of their operation Magazines were arranged alphabetically and two informative appendices list the profiled titles by founding date and geographic location This volume will be a valuable resource for students of magazine publishing history The Rebirth of Suspense Rick Warner,2024-09-17 Typically films are suspenseful when they keep us on the edge of our seats when glimpses of a turning doorknob a ticking clock or a looming silhouette quicken our pulses Exemplified by Alfred Hitchcock s masterworks and the countless thrillers they influenced such films captivate viewers with propulsive plots that spur emotional investment in the fates of protagonists Suspense might therefore seem to be a curious concept to associate with art films featuring muted characters serene landscapes and unrushed rhythms in which plot is secondary to mood and tone This ambitious and wide ranging book offers a redefinition of suspense by considering its unlikely incarnations in the contemporary films that have been called slow cinema

Rick Warner shows how slowness builds suspense through atmospheric immersion narrative sparseness and the withholding of information causing viewers to oscillate among boredom curiosity and dread He focuses on works in which suspense arises where the boundaries between art cinema and popular genres such as horror thriller science fiction and gothic melodrama become indefinite including Chantal Akerman's *La captive* Apichatpong Weerasethakul's *Memoria* Jonathan Glazer's *Under the Skin* Kelly Reichardt's *Night Moves* Lucrecia Martel's *Zama* Kiyoshi Kurosawa's *Creepy* and David Lynch's *Twin Peaks: The Return* Warner investigates the pivotal role of sound in generating suspense and traces how the experience of suspense has changed in the era of digital streaming *The Rebirth of Suspense* develops a fresh theory history typology and analysis of suspense that casts new light on the workings of films across global cinema
