Reindeer Camp:

Ciulinerunak Yuuyaqunak Ann Fienup-Riordan, 2016-10-15 Based on the knowledge provided by six Calista Elders Council board members John Phillip of Kongiganak Paul John of Toksook Bay Nick Andrew of Marshall Moses Paukan of St Marys Martin Moore of Emmonak and Bob Aloysius of Kalskag **Evenki microcosm** Tatiana Safonova, Sántha István, 2019-11-14 This experimental book is about the Evenki hunter gatherers of Siberia Through innovative visual methodology it reveals that despite an old stereotype of that lifestyle being part of the humanity's past it is probably in humanity's future In six chapters filled with a flow of photographs that cover such topics as shamanic rituals hunting foraging reindeer herding the application of new technologies and jade mining the authors show that hunter gathering is not a primitive way of survival but a complex and open to change philosophy of life that is embodied in everyday practices Photographs allow readers to immerse themselves in the most profound layers of human experiences and astute ethnographic and analytic summaries help them navigate the world of the taiga where people are neither conquerors of natural forces nor passive consumers of resources The book will be of interest both to social anthropologists and general readers curious about life in unfamiliar places *Beyond Wild and Tame* Alex C. Oehler, 2020-04-09 Responding to recent scholarship this book examines animal domestication and offers a Soiot approach to animals and landscapes which transcends the wild/tame dichotomy Following herder hunters of the Eastern Saian Mountains in southern Siberia the author examines how Soiot and Tofa households embrace unpredictability recognize sentience and encourage autonomy in all their relations with animals spirits and land features It is an ethnography intended to help us reinvent our relations with the earth in unpredictable times **Bulletin**, 1919 **Unfreezing the Arctic** Andrew Stuhl, 2016-11-03 This account of a region transformed and threatened offers a timely historical reflection on the important social role of science and scientists Historical Geography In recent years environmentalists have pointed urgently to the melting Arctic as a leading indicator of climate change While climate change has unleashed profound transformations in the region many commentators mislabel them as unprecedented In reality the landscapes of the North American Arctic as well as relations among scientists Inuit and federal governments are products of the region's colonial past And even as policy analysts activists and scholars clamor about the future of our world's northern rim few truly understand its past In *Unfreezing the Arctic* Andrew Stuhl brings a fresh perspective to this defining challenge of our time Stuhl weaves together a wealth of episodes into a transnational history of the North American Arctic providing a richer understanding of its social and environmental transformation Drawing on historical records and extensive ethnographic fieldwork as well as time spent living in the Northwest Territories he examines the long running interplay of scientific exploration colonial control the experiences of Inuit residents and multinational investments in natural resources With a comprehensive look at a century of scientific activity he covers the political economic environmental and social history of this transboundary region A worthy addition to the recent wave of

work on northern history Bridging the histories of colonialism resource management military activity and Indigenous self determination Stuhl focuses on Alaska and northwest Canada including the Beaufort Sea Mackenzie Delta and surrounding region Canadian Journal of History The author intends to donate all royalties from this book to the Alaska Youth for Environmental Action AYE and East Three School s On the Land Program Chasing the Dark Kenneth L. Pratt, 2009 The program that ultimately developed in response to Section 14 h 1 of the Alaska Native Claims Settlement Act ANCSA resulted in the largest and most diverse single collection of information ever compiled about the history and cultures of Alaska Natives Through this publication the Bureau of Indian Affairs seeks to both increase public awareness of this important program and offer a glimpse of the valuable information the agency maintains concerning Alaska history and the traditions of Alaska Native peoples Ed preface **Chasing the Dark, Perspectives on Place, History and Alaska Native Land Claims, Shadowlands, Vol. 1, January 2009**, 2009 **Multispecies Households in the Saian Mountains** Alex Oehler, Anna Varfolomeeva, 2019-12-16 Multispecies Households in the Saian Mountains brings together new ethnographic insights from the mountains of Southern Siberia and Mongolia Contributors to this edited collection examine Indigenous ideas of what it means to make a home alongside animals and spirits in changing alpine and subalpine environments Set in the Eastern Saian Mountain Region of South Central Siberia and northern Mongolia this book covers an area famous for its claim as the birthplace of Eurasian reindeer domestication Going beyond reindeer the contributors explore the less known roles of yaks horses wolves fish as well as spirits of place and many other sentient beings all of which co constitute local notions of home places The contributors extend their analysis beyond conventional categories of wild and tame in a region that is increasingly hostile toward its own inhabitants due to global efforts to create protected nature reserves Using ethnographic nuance the contributors highlight the many connections between humans and other species stressing the networks of relationships that transcend idioms of dominance or mutualism This book is recommended for students and scholars of anthropology environmental studies and Asian studies **Lonely Planet Sweden** Lonely Planet, Benedict Walker, Craig McLachlan, Becky Ohlsen, 2018-05-01 Lonely Planet The world s leading travel guide publisher Lonely Planet Sweden is your passport to the most relevant up to date advice on what to see and skip and what hidden discoveries await you Visit the beautiful stylish capital of Stockholm hike ski or dogsled Arctic wasteland or curl up by the fire in a cosy cottage all with your trusted travel companion Get to the heart of Sweden and begin your journey now Inside Lonely Planet Sweden Travel Guide Colour maps and images throughout Highlights and itineraries help you tailor your trip to your personal needs and interests Insider tips to save time and money and get around like a local avoiding crowds and trouble spots Essential info at your fingertips hours of operation phone numbers websites transit tips prices Honest reviews for all budgets eating sleeping sight seeing going out shopping hidden gems that most guidebooks miss Cultural insights give you a richer more rewarding travel experience climate change immigration people film statistics history Vikings Vasa Dynasty emigration
