Continuity and Change in German Politics Stephen Padgett, Thomas Poguntke, 2002 Over three decades Gordon Smith has written authoritatively and with style on almost every aspect of German politics In this volume leading UK and German scholars use themes from his work in an examination of the evolution of German policy in the face of socio economic change globalisation European integration and the domestic upheaval of unification Reinventing Germany Anthony Glees, 1996-08 In this stimulating book a leading expert on German affairs provides an overview of German political development since 1945 The key to the well being and prosperity of Europe after 1945 was the creation of a stable and democratic West Germany Unification in 1990 not only transformed Germany's role in Europe and the world but brought new political social and economic problems caused by the vast expense of unity and high labour costs The author argues that these great changes provide a new and daunting challenge to the Bonn system by calling into question the Berlin Republic's ability to meet the needs of the German nation The difficulties resulting from Germany's commitment to European integration are also addressed Within Europe German insistence on deeper integration is often seen as evidence of a German wish to dominate Europe even though the stated aim of Kohl's government is to prevent this from happening The author believes that Germany's new power is clearly visible and must be carefully managed if future conflict is to be avoided **A Brief History of Germany, Second Edition** Jason Coy, 2021-05-01 A Brief History of Germany Second Edition provides a clear lively and comprehensive account of the history of Germany from ancient times to the present day It relates the central events that have shaped the country and details their significance in historical context touching on all aspects of the history of the country from political international and economic affairs to cultural and social developments Illustrated with full color maps and photographs and accompanied by a chronology bibliography and suggested reading this accessible overview is ideal for the general reader Coverage includes Prehistoric Germany Germania Barbarian Germany Medieval Germany Reformation Germany Confessional Germany and the Thirty Years War Absolutism and Enlightenment Napoleonic Germany and the Revolution of 1848 Unification and Empire The Great War and Weimar Germany Nazism and World War II The Cold War Division and Reunification Contemporary Germany **Germany since 1789** David G.
