## **Reinventing Legitimacy:**

*The Unraveling of Representative Democracy in Venezuela* Jennifer L. McCoy, David J. Myers, 2006-03 For four decades Venezuela prided itself for having one of the most stable representative democracies in Latin America Then in 1992 Hugo Chavez Fr as attempted an unsuccessful military coup Six years later he was elected president Once in power Chavez redrafted the 1961 constitution dissolved the Congress dismissed judges and marginalized rival political parties In a bid to create direct democracy other Latin American democracies watched with mixed reactions if representative democracy could break down so quickly in Venezuela it could easily happen in countries with less established traditions On the other hand would Chavez create a new form of democracy to redress the plight of the marginalized poor In this volume of essays leading scholars from Venezuela and the United States ask why representative democracy in Venezuela unraveled so swiftly and whether it can be restored Its thirteen chapters examine the crisis in three periods the unraveling of Punto Fijo democracy Chavez s Bolivarian Revolution and the course of participatory democracy under Chavez The contributors analyze such factors as the vulnerability of Venezuelan democracy before Chavez the role of political parties organized labor the urban poor the military and businessmen and the impact of public and economic policy This timely volume offers important lessons for comparative regime change within hybrid democracies Contributors Damarys Canache Florida State University Rafael de la Cruz Inter American Development Bank Jos Antonio Gil Yepes Datanalisis Richard S Hillman St John Fisher College Janet Kelly Graduate Institute of Business Caracas Jos E Molina University of Zulia Mos s Na m Foreign Policy Nelson Ortiz Caracas Stock Exchange Pedro A Palma Graduate Institute of Business Caracas Carlos A Romero and Luis Salamanca Central University of Venezuela Harold Trinkunas Naval Postgraduate School

*Chinese Statecraft in a Changing World* Jean Dong, 2023-11-14 This book addresses one of the most pressing geopolitical inquiries of our era how will China s ambition manifest on the global stage To address this question the book considers China s long tradition of statecraft By doing this it provides a unique and novel insight into the why behind China s actions and sparks a crucial dialogue on how to best navigate China s global rise Through a keen analytical lens the book illuminates both the constraints and the flexibility inherent in Chinese policy making It underscores the geographic and historical factors that constrain China s actions forcing its leaders into trade offs It also highlights the system s inherent flexibility expanding the range of strategic options available when dealing with China The most unique contribution consists in framing the pre occupations of contemporary China in the context of both long standing Chinese trends and unprecedented global changes This book offers a nuanced and realistic guide for senior policy makers business leaders academic researchers and global citizens who seek to decipher the enigma of China s ascent and channel its trajectory towards a more positive and responsible direction

*We Are the State!* Cristobal Valencia, 2015-05-28 Chavistas are the local leaders and activists in Venezuela s Bolivarian Revolution working to establish democracy through government sponsored social missions community self governance and popular collectives We Are the State tells the story of

their grassroots activism In perspectives gleaned from participant observation with barrio residents in workplaces communal kitchens city wide forums and grassroots meetings and assemblies as well as family and recreational events anthropologist Cristobal Valencia vividly recounts tensions between activists local officials and the wealthy opposition The author offers an anthropological analysis of the state social movements and democracy as lived experiences of the poor gendered and racialized residents of two parishes in Caracas Venezuela and Afro Venezuelan communities nearby Ethnographic research reveals the shift in relationships of power and the evolving political practices among the Chavistas the Chavez government and the opposition Examining the subjective experiences of barrio residents in everyday processes of state formation this book provides a new perspective on the Chavistas arguing that they are a broad based social movement and driving force behind a revolution struggling to transfer state power to organized civil society Through his intense engagement with the constantly changing social political and economic dynamics Valencia dramatically challenges top down understandings of the state and power in Venezuela He shows the unequal relationships between sectors of civil society and he shows state formation as a process enmeshed in the struggles for social justice demonstrating that the state is a sociopolitical entity that acts through civil society rather than above it

**Latin America 2022-2023** William H. Beezley, 2022-09-15 The World Today Series Latin America offers the latest available economic demographic political and cultural information Including solid statistical data expressing freedom violence and governmental orientation Consideration is given to the evolving relationships with the United States and other Latin American nations Revisions have also addressed new historical interpretations for example of the history of Mexico and latest political changes for example in Venezuela and Cuba Maps charts and photographs provide extensive visual expressions of the region its geography peoples and cultures in particular public architecture agricultural technology specular geology and striking diversity The images offer a narrative of the multiplicity of peoples as demonstrated in their clothing economic and everyday activities their physical surroundings Consequently the narrative combines global economics national politics and daily social life throughout the region The chapters can be read as individual histories for each of the countries within the context created by contrasts and similarities with the other nations of Latin America

**Military Politics and Democratization in Indonesia** Jun Honna, 2013-01-11 The military have had a key role to play in Indonesia's recent history and may well have a decisive role to play in her future This book looks at the role of the military in the downfall of Suharto and their ongoing influence on the succeeding governments of B J Habibie and Abdurrahman Wahid The author also examines such key features as human rights reconciliation civic military discourse and ongoing security dilemmas The book is unique in providing the best overview of the role of the military in the world's fourth most populous nation

**Latin America 2012** Robert T. Buckman, 2012 A comprehensive timely and entertaining account of the political cultural and economic dynamics of more than 30 discrete countries of the Western Hemisphere this book is updated each year providing students with the most recent information

possible The information is presented in an objective balanced non ideological context allowing the readers to formulate their own opinions In addition to examining individual countries the book views Latin America as a mosaic region as a whole and emphasizes its growing influence on the world stage Besides providing accurate and timely information on the historical and political forces that have shaped each nation it also examines the leading cultural figures and forces from 18th century writers to 20th century composers and singing stars to 21st century filmmakers and actors Finally it describes the social and economic challenges that continue to afflict this exciting and emerging region Civil Society and Democracy in Latin America R. Feinberg,C. Waisman,L. Zamosc,2006-04-03 A dense web of private associations drawn from multiple social classes interest groups and value communities makes for a firm foundation for strong democracy In Latin America today will civil society improve the quality of democracy or will it foster political polarization and reverse recent progress Distinguished theorists from the United States Canada and Latin America explore the diverse impact of civil society on economic performance political parties and state institutions In depth and up to date country studies explore the consequences of civil society for the durability of democracy in three highly dynamic controversial settings Argentina Brazil and Venezuela

Mixed-Member Electoral Systems Matthew Shugart,Martin P. Wattenberg,2001-02-01 Mixed member electoral systems may well be the electoral reform of the 21st century much as proportional representation PR was in the 20th century In the view of many electoral reformers mixed member systems offer the best of both the traditional British single seat district system and PR systems This book seeks to evaluate why mixed member systems have recently appealed to many countries with diverse electoral histories and how well expectations for these systems have been met Each major country which has adopted a mixed system thus has two chapters in this book one on origins and one on consequences These countries are Germany New Zealand Italy Israel Japan Venezuela Bolivia Mexico Hungary and Russia In addition there are also chapters on the prospects for a mixed member system being adopted in Britain and Canada respectively The material presented suggests that mixed member systems have been largely successful thus far They appear to be more likely than most other electoral systems to generate two bloc party systems without in the process reducing minor parties to insignificance In addition they are more likely than any other class of electoral system to simultaneously generate local accountability as well as a nationally oriented party system Mixed member electoral systems have now joined majoritarian and proportional systems as basic options which must be considered whenever electoral systems are designed or redesigned Such a development represents a fundamental change in thinking about electoral systems around the world Latin America 2024-2025 William H. Beezley,2024-10-25 The World Today Series Latin America offers the latest available economic demographic political and cultural information Including solid statistical data expressing freedom violence and governmental orientation Consideration is given to the evolving relationships with the United States and other Latin American nations Revisions have also addressed new historical interpretations for example of the history of Mexico and latest political changes for example in Venezuela and

Cuba Maps charts and photographs provide extensive visual expressions of the region its geography peoples and cultures in particular public architecture agricultural technology specular geology and striking diversity The images offer a narrative of the multiplicity of peoples as demonstrated in their clothing economic and everyday activities their physical surroundings Consequently the narrative combines global economics national politics and daily social life throughout the region The chapters can be read as individual histories for each of the countries within the context created by contrasts and similarities with the other nations of Latin America

**Gender and Populism in Latin America** Karen Kampwirth,2010 Analyzes populist movements in Argentina Bolivia Brazil Ecuador Mexico Nicaragua Peru and Venezuela from a gender perspective Considers the role of masculinity and femininity in populist leadership the impact of populism on democracy and feminism and women s critical roles as followers of these leaders From publisher description

**Cultivating Socialism** Rowan Lubbock,2024-05-15 Launched in 2004 the Latin American regional institution of ALBA Alianza Bolivariana para los Pueblos de Nuestra Am rica Bolivarian Alliance for the Peoples of Our America sought to overcome the historical legacies of neocolonial domination by consecrating the values of cooperation inclusive development and popular power As part of a region wide effort among states and social movements to break out of the destructive effects of capitalist agriculture the elevation of food sovereignty based on the protection of rural livelihoods land redistribution and sustainable agricultural production agroecology became a cornerstone of ALBA s development policy And yet these regional aspirations barely saw the light of day while Venezuela the beating heart of ALBA experienced the worst food crisis in its history How did this come to pass Based on extensive fieldwork in Venezuela where the majority of ALBA s food policies reside Cultivating Socialism provides the first in depth study of the ways in which peasants workers and states working through ALBA attempted to redress the inequities of commercial agriculture and the limits and contradictions encountered on the road to a regional food sovereignty regime With his analysis of the politics of food sovereignty within ALBA Rowan Lubbock offers important lessons about how we might think about emancipatory politics today and in the future

**State Crisis in Fragile Democracies** Samuel Handlin,2017-07-26 This book develops a new political institutional explanation of South America s two lefts and the divergent fates of the region s democratic regimes

**European Elites and Ideas of Empire, 1917-1957** Dina Gusejnova,2016-06-16 Who thought of Europe as a community before its economic integration in 1957 Dina Gusejnova illustrates how a supranational European mentality was forged from depleted imperial identities In the revolutions of 1917 to 1920 the power of the Hohenzollern Habsburg and Romanoff dynasties over their subjects expired Even though Germany lost its credit as a world power twice in that century in the global cultural memory the old Germanic families remained associated with the idea of Europe in areas reaching from Mexico to the Baltic region and India Gusejnova s book sheds light on a group of German speaking intellectuals of aristocratic origin who became pioneers of Europe s future regeneration In the minds of transnational elites the continent s future horizons retained the contours of phantom empires This title is available as Open

Access **Party Brands in Crisis** Noam Lupu, 2016-01-15 Party Brands in Crisis offers a new way of thinking about how the behavior of political parties affects voters attachments **Latin America 2020-2022** William H. Beezley, 2021-09-25 The World Today Series Latin America offers the latest available economic demographic political and cultural information Including solid statistical data expressing freedom violence and governmental orientation Consideration is given to the evolving relationships with the United States and other Latin American nations Revisions have also addressed new historical interpretations for example of the history of Mexico and latest political changes for example in Venezuela and Cuba Maps charts and photographs provide extensive visual expressions of the region its geography peoples and cultures in particular public architecture agricultural technology specular geology and striking diversity The images offer a narrative of the multiplicity of peoples as demonstrated in their clothing economic and everyday activities their physical surroundings Consequently the narrative combines global economics national politics and daily social life throughout the region The chapters can be read as individual histories for each of the countries within the context created by contrasts and similarities with the other nations of Latin America *Venezuela's Chavismo and Populism in Comparative Perspective* Kirk A. Hawkins, 2010-04-12 This book examines the populist movement of Hugo Ch vez in Venezuela and argues that populism is primarily a response to widespread corruption It defends a definition of populism as a set of ideas and measures populism across Venezuela and other countries It also explores the influence of populist ideas on political organization and policy

**Leftovers** Jorge G. Castañeda, Marco A. Morales, 2009-09-10 Written by specialists on the region this book provides a comprehensive account of the left across Latin America *Presidents Without Parties* Javier Corrales, 2010-11-01 Using Latin American examples presents a new theory of how the interaction between presidents and ruling parties mediated economic governance **Resource Nationalism and Energy Policy** David R. Mares, 2022-10-04 It is widely thought that state ownership of natural resources oil and natural gas in particular causes countries to fall under the sway of the resource curse In such cases governments allegedly display resource nationalism which destabilizes the economy society and politics In this book David R Mares dispels these beliefs and develops a powerful new account of the relationship between state resource ownership and energy policy Mares examines variations in energy policy across a wide range of countries underscoring the fact that in most of the world outside the United States subsoil natural resources are owned by the state He considers the history of Latin American oil and gas policies and provides an in depth analysis of Venezuela from 1989 to 2016 before during and after the presidency of Hugo Ch vez Mares demonstrates that the key factors that influence energy policy are the inclusiveness of the political system the level of competitiveness within policy making and the characteristics of individual leaders Domestic politics not state ownership determines the effectiveness and efficiency of energy policies the resource curse is avoidable Drawing on these findings Mares reconceptualizes resource nationalism arguing that government intervention into resource extraction is legitimate as long as the benefits are shared through the provision of public goods

Featuring a sophisticated grasp of both Latin American politics and energy policy this book sheds new light on why some governments are responsible stewards of natural resources while others appropriate national wealth for partisan or private benefit

**Venezuelan Politics in the Chávez Era** Steve Ellner, Daniel Hellinger, 2004 The radical alteration of the political landscape in Venezuela following the electoral triumph of the controversial Hugo Chavez calls for a fresh look at the country's institutions and policies In response this title offers a revisionist view of Venezuela's recent political history and a fresh appraisal of the Chavez administration
