Towner,2022-06-10 For more than eighty years Faulkner criticism has attempted to see all Yoknapatawpha the fictional Mississippi county in which the author set all but four of his novels as well as more than fifty short stories One of the most ambitious of these attempts is the ongoing Digital Yoknapatawpha an online project that is encoding the texts set in Faulkner s mythical county into a complex database with sophisticated front end visualizations In Digitizing Faulkner the contributors to the project share their findings and reflections on what digital research can mean for Faulkner studies and by example other bodies of literature The essays examine Faulkner s characters events locations and visualizations as well as offering more theoretical reflections on digitally mapping specific texts and stories including the pedagogical implications of this digital approach Digitizing Faulkner explores how a twenty first century research tool intersects with twentieth century sensibilities ideologies behaviors and material cultures to modify and enhance our understanding of Faulkner s texts Contributors Johannes Burgers Ashoka University John Michael Corrigan National Chengchi University Taiwan Ren Denton East Georgia State College Jennie Joiner Keuka College Erin Penner Asbury University Stephen Railton University of Virginia Christopher Rieger Southeast Missouri State University Ben Robbins University of Innsbruck Melanie Benson Taylor Dartmouth College Lorie Watkins William Carey University Shakespeare and Faulkner Karl F. Zender,2021-06-02 Shakespeare and Faulkner explores the moral and ethical dilemmas that characters face inside themselves and in their interactions with others in the works of these two famed authors Karl F Zender s characterological study offers insightful critically rigorous and at times quite personal analyses of the complicated figures who inhabit several major Shakespeare plays and Faulkner novels The two parts of this book the first of which focuses on the English playwright the second on the Mississippi novelist share a common methodology in that they originate in Zender s

history as a teacher of and writer on the two authors who until now he generally approached separately He emphasizes the evolving insights gleaned from reading these authors over several decades situating their texts in relation to shifting trends in criticism and highlighting the contemporary relevance of their works The final chapter an extended discussion of Faulkner's *Intruder in the Dust* attempts something unusual in Zender's critical practice It relies less on the close textual analysis that characterizes his previous work and instead explores the intersections between events depicted in the novel and his own life both as a child and as an adult Shakespeare and Faulkner speaks to the power of literature as a form of pleasure and of solace With this work of engaged and thoughtful scholarly criticism Zender reveals the centrality of storytelling to human beings efforts to make sense both of their journey through life and of the circumstances in which they live
