The Erotic Screen Thomas Wolman, 2020-02-29 *The Erotic Screen* takes as its starting point that Hollywood movies were steeped in eroticism from the beginning but censorship forced filmmakers to devise hidden sexual subtexts to preserve a film s subliminal eroticism In this way Hollywood films seed our collective psyches with unconscious subtexts Science fiction films are particularly effective using horror to induce sexual excitement as studied in Part I The nature of desire in a trio of science fiction thrillers Another device was to display unrestricted consumption of alcohol and tobacco and gratuitous spending Today this is a cliché of mainstream cinema but some filmmakers expose the dark underbelly The five films scrutinized in Part II Portraits of addiction in Hollywood melodrama make explicit the connections between greed addictions and sexuality Finally in Part III Perverse desire in mainstream cinema the nuanced position toward the psychosexual obsessions on view in the films is investigated by posing the provocative question of whether S M practice can work as a cure for psychic suffering by raising the alarm over sexuality run amok in a suburban community and by offering a devastating critique of voyeurism s fatal attraction to viewers *The Erotic Screen* is an investigation of the nature of human sexuality through the medium of film It stirs up discussion and debate and helps these movies live on in our minds

María DeGuzmán, 2012-07-09 Often treated like night itself both visible and invisible feared and romanticized Latina os make up the largest minority group in the US In her newest work Mar a DeGuzm n explores representations of night in art and literature from the Caribbean Colombia Central and South America and the US calling into question night s effect on the formation of identity for Latina os in and outside of the US She takes as her subject novels short stories poetry essays non fiction photo fictions photography and film and examines these texts through the lenses of nationhood sexuality human rights exoticism among others Psychomagic Alejandro Jodorowsky, 2010-06-18 A healing path using the power of dreams theater poetry and shamanism Shows how psychological realizations can cause true transformation when manifested by concrete poetic acts Includes many examples of the surreal but successful actions Jodorowsky has prescribed to those seeking his help While living in Mexico Alejandro Jodorowsky became familiar with the colorful and effective cures provided by folk healers He realized that it is easier for the unconscious to understand the language of dreams than that of rationality Illness can even be seen as a physical dream that reveals unresolved emotional and psychological problems Psychomagic presents the shamanic and genealogical principles Jodorowsky discovered to create a healing therapy that could use the powers of dreams art and theater to empower individuals to heal wounds that in some cases had traveled through generations The concrete and often surreal poetic actions Jodorowsky employs are part of an elaborate strategy intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper self That is when true transformation can manifest For a young man who complained that he lived only in his head and was unable to grab hold of reality and advance toward the financial autonomy he desired Jodorowsky gave the prescription to paste two gold coins to the soles of his shoes so that all day he would be walking on gold A judge whose vanity was ruling his every move was given the task of dressing like a tramp and begging outside one of the fashionable restaurants he loved to frequent while pulling glass doll eyes out of his pockets The lesson for him was that if a tramp can fill his pockets with eyeballs then they must be of no value and thus the eyes of others should have no bearing on who you are and what you do Taking his patients directly at their words Jodorowsky takes the same elements associated with a negative emotional charge and recasts them in an action that will make them positive and enable them to pay the psychological debts hindering their lives *Revising Herself :*
