Therapy To Go Clare Rosoman, 2008-08-15 This convenient collection of handouts provides a wide range of ready made activities for all kinds of therapists working on a professional level with adult clients The fully photocopiable activities within this book provide creative approaches to a variety of presenting problems and can be used to complement or expand upon a client's treatment The Enclosed Garden Rob Aben, Saskia de Wit, 1999 **Me and We** Leonard Sweet, 2014-09-16 When Christians answer the clarion call to be missional too often it is primarily to feel good or to grow in their own faith But ultimately we remain unsatisfied because in the end it's still about me my church my faith my salvation Then sometimes inspiration dries up We forget that Jesus is the head of the Church which exists at God's pleasure and disposal God is birthing a new Social Gospel meant to reclaim mission and justice ministries as prime directives for the Church and not with the naive thinking of the 19th or 20th centuries What are the characteristics of this new Social Gospel There is an expectation that mission is with and not for others There is an acknowledgement that tolerance is not a dirty word and we have to find a peaceable way to live in our intercultural world It carries the Wesleyan impulse to change the world by working to build God's kingdom in this world It offers the grace and salvation of Christ to those in need believing that none are free unless all are free It means that we feed the hungry educate the poor and equip the powerless in tangible ways *Love Is a Story* Robert J. Sternberg, 1999-06-03 In this groundbreaking work Robert Sternberg opens the book of love and shows you how to discover your own story and how to read your relationships in a whole new light What draws us so strongly to some people and repels us from others What makes some relationships work so smoothly and others burst into flames Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us Drawing on extensive research and fascinating examples of real couples Sternberg identifies 26 types of love story including the fantasy story the business story the collector story the horror story and many others each with its distinctive advantages and pitfalls and many of which are clashingly incompatible These are the largely unconscious preconceptions that guide our romantic choices and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships As long as we remain oblivious to the role our stories play we are likely to repeat the same mistakes again and again But the enlivening good news this book brings us is that though our stories drive us we can revise them and learn to choose partners whose stories are more compatible with our own Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner Are you a traveler a gardener a teacher or something else entirely Love is a Story shows you how to find out **TRUE LOVE III, A Relationship Guide and Workbook!** Victor Lloyd Burgess, 2008 If you are looking to find that one special person to be your TRUE LOVE or you are already in a relationship with someone you want to make your one TRUE LOVE this book is for you This book will show you how to find TRUE LOVE so you don't repeat the mistakes of the past Or once you have found that one special person for
