A RELATIVE ACT OF MURDER. C. F. Roe,1993 **Reports of Cases Argued and Determined in the Supreme Court of Louisiana** Louisiana. Supreme Court,1858 Louisiana Reports Louisiana. Supreme Court,Thomas H. Thorpe,Charles G. Gill,1858 *Reports of Cases Argued and Determined in the Supreme Court of Louisiana and in the Superior Court of the Territory of Louisiana. [1809-1896]* Louisiana. Supreme Court,Thomas Courtland Manning,François-Xavier Martin,Merritt M. Robinson,1910 **Murder and adultery in Late Imperial China** Meijer,2021-09-13 In this publication the development is traced of two sections of the chapter on Homicide of the penal code of the Qing dynasty 1644 1912 Murder and Homicide of an Adulterer The former deals with premeditated homicide where there is no difference in status social or family relations between murderer and victim while in the latter we find the husband who kills his wife and her paramour when caught in the act In that case the husband was immune from prosecution provided that he committed the act at the time and at the site The first section developed in a clear and intelligent way with in general some logical provisions being added from the beginning till the end of the dynasty The second section however was enriched by 34 additional articles through legislation and judicial practice which with a view to promoting moral purity in society gradually circumvented the original restrictions to the husband s fury Consequently by accentuating the husband s important status and for the sake of maintaining the established hierarchy in society that section changed into a bad and cruel part of the law turning the husband s behaviour from an excusable exception into morally justified conduct and likewise the woman s misbehaviour into a mortal sin This has all been confirmed by the motivation of the legislation and sentences of the cases

The Philosophy of Criminal Law Douglas N. Husak,2010 This volume collects 17 of Douglas Husak s influential essays in criminal law theory The essays span Husak s original and provocative contributions to the major topics in the field including the grounds of criminal liability the significance of culpability the role of defences and the justification of punishment The

volume includes an extended introduction by the author drawing together the themes of his work and exploring the goals of criminal theory Together the essays present a desert based analysis of issues in criminal theory that rejects the consequentialist approach more familiar among legal scholars The foremost concern of these essays is to ensure that the principles and doctrines of the criminal law preserve justice and do not sacrifice individuals for the common welfare Engagingly written the essays are accessible to non specialists and represent an excellent introduction to current issues and debates in the theory of criminal law **Country Reports on Human Rights Practices** ,1999 **Revised Penal Code and Code of Criminal Procedure, and Penal Laws** Texas,1891
