**The Bentham Brothers and Russia** Roger Bartlett, 2022-09-29 The jurist and philosopher Jeremy Bentham and his lesser known brother Samuel equally talented but as a naval architect engineer and inventor had a long love affair with Russia Jeremy hoped to assist Empress Catherine II with her legislative projects Samuel went to St Petersburg to seek his fortune in 1780 and came back with the rank of Brigadier General and the idea famously publicised by Jeremy of the Inspection House or Panopticon The Bentham Brothers and Russia chronicles the brothers later involvement with the Russian Empire when Jeremy focused his legislative hopes on Catherine's grandson Emperor Alexander I ruled 1801-25 and Samuel found a unique opportunity in 1806 to build a Panopticon in St Petersburg the only panoptical building ever built by the Benthams themselves Setting the Benthams projects within an in depth portrayal of the Russian context Roger Bartlett illuminates an important facet of their later careers and offers insight into their world view and way of thought He also contributes towards the history of legal codification in Russia which reached a significant peak in 1830 and towards the demythologising of the Panopticon made notorious by Michel Foucault the St Petersburg building still relatively unknown is described here in detail on the basis of archival sources The Benthams interactions with Russia under Alexander I constituted a remarkable episode in Anglo Russian relations this book fills a significant gap in their history

**Writing History in Late Imperial Russia** Frances Nethercott, 2019-12-26 It is commonly held that a strict divide between literature and history emerged in the 19th century with the latter evolving into a more serious disciple of rigorous science Yet in turning to works of historical writing during late Imperial Russia Frances Nethercott reveals how this was not so rather she argues fiction lyric poetry and sometimes even the lives of artists consistently and significantly shaped historical enquiry Grounding its analysis in the works of historians Timofei Granovskii Vasilii Klyuchevskii and Ivan Grevs Writing History in Late Imperial Russia explores how Russian thinkers being sensitive to the social cultural and psychological resonances of creative writing drew on the literary canon as a valuable resource for understanding the past The result is a

novel and nuanced discussion of the influences of literature on the development of Russian historiography which shines new light on late Imperial attitudes to historical investigation and considers the legacy of such historical practice on Russia today

The Tsar's Foreign Faiths Paul W. Werth, 2014-03-21 The Russian Empire presented itself to its subjects and the world as an Orthodox state a patron and defender of Eastern Christianity Yet the tsarist regime also lauded itself for granting religious freedoms to its many heterodox subjects making religious toleration a core attribute of the state's identity The Tsar's Foreign Faiths shows that the resulting tensions between the autocracy's commitments to Orthodoxy and its claims to toleration became a defining feature of the empire's religious order In this panoramic account Paul W Werth explores the scope and character of religious freedom for Russia's diverse non Orthodox religions from Lutheranism and Catholicism to Islam and Buddhism Considering both rhetoric and practice he examines discourses of religious toleration and the role of confessional institutions in the empire's governance He reveals the paradoxical status of Russia's heterodox faiths as both established and foreign and explains the dynamics that shaped the fate of newer conceptions of religious liberty after the mid nineteenth century If intellectual change and the shifting character of religious life in Russia gradually pushed the regime towards the acceptance of freedom of conscience then statesmen's nationalist sentiments and their fears of politicized religion impeded this development Russia's religious order thus remained beset by contradiction on the eve of the Great War Based on archival research in five countries and a vast scholarly literature The Tsar's Foreign Faiths represents a major contribution to the history of empire and religion in Russia and to the study of toleration and religious diversity in Europe

Haas, 2018-09-05 How do leaders perceive threat levels in world politics and what effects do those perceptions have on policy choices Mark L Haas focuses on how ideology shapes perception He does not delineate the content of particular ideologies but rather the degree of difference among them Degree of ideological difference is he believes the crucial factor as leaders decide which nations threaten and which bolster their state s security and their own domestic power These threat perceptions will in turn impel leaders to make particular foreign policy choices Haas examines great power relations in five periods the 1790s in Europe the Concert of Europe 1815 1848 the 1930s in Europe Sino Soviet relations from 1949 to 1960 and the end of the Cold War In each case he finds a clear relationship between the degree of ideological differences that divided state leaders and those leaders perceptions of threat level and so of appropriate foreign policy choices These relationships held in most cases regardless of the nature of the ideologies in question the offense defense balance and changes in the international distribution of power
