The Worlds of Russian Village Women Laura J. Index **Portrait of a Russian Province** Catherine Evtuhov, 2011-11-13 Several stark premises have long prevailed in our approach to Russian history It was commonly assumed that Russia had always labored under a highly centralized and autocratic imperial state The responsibility for this lamentable state of affairs was ultimately assigned to the profoundly agrarian character of Russian society The countryside home to the overwhelming majority of the nation's population was considered a harsh world of cruel landowners and ignorant peasants and a strong hand was required for such a crude society A number of significant conclusions flowed from this understanding Deep and abiding social divisions obstructed the evolution of modernity as experienced naturally in other parts of Europe so there was no Renaissance or Reformation merely a derivative Enlightenment and only a distorted capitalism And since only despotism could contain these volatile social forces it followed that the 1917 Revolution was an inevitable explosion resulting from these intolerable contradictions and so too were the blood soaked realities of the Soviet regime that came after In short the sheer immensity of its provincial backwardness could explain almost everything negative about the course of Russian history This book undermines these preconceptions Through her close study of the province of Nizhnii Novgorod in the nineteenth century Catherine Evtuhov demonstrates how nearly everything we thought we knew about the dynamics of Russian society was wrong Instead of peasants ground down by poverty and ignorance we find skilled farmers talented artisans and craftsmen and enterprising tradespeople Instead of an exclusively centrally administered state we discover effective and participatory local government Instead of pervasive ignorance we are shown a lively cultural scene and an active middle class Instead of a defining Russian exceptionalism we find a world recognizable to any historian of nineteenth century Europe Drawing on a wide range of Russian social environmental economic cultural and intellectual history and synthesizing it with deep archival research of the Nizhnii Novgorod province Evtuhov overturns a simplistic view of the Russian past Rooted in but going well beyond provincial affairs her book challenges us with an entirely new perspective on Russia's historical trajectory *The Life of a Russian Woman Doctor* Anna Bek, Anne D Rassweiler, Adele Lindenmeyr, 2004-11-10 *The Life of a Russian Woman Doctor* by Anna Bek 1869 1954 yields rich insights into the lives of a generation of Russian women who lived at a time of revolutionary change extraordinary challenges and unprecedented opportunities Written in a lively and compelling style Anna Bek's memoir reveals not only the experiences but also the motives and values of women who sought education independence and self sufficiency the obstacles they encountered and the influences of other women and men on their lives This engrossing memoir also engages the special context of Siberian geography and history the vast distances and isolation the heterogeneous population of settlers exiles and convicts the closeness and interdependence of families and communities and the deep appreciation of nature This book offers a rewarding excursion into Siberian social history and an intimate acquaintance with two exceptional individuals of great charm and courage Anna Bek and her American editor Anne D

Rassweiler The Giant Encyclopedia of Circle Time and Group Activities for Children 3 to 6 Kathy Charner,1996 Contains more than six hundred circle time and group activities designed by teachers to use with children three to six years old each including a suggested age a list of materials and step by step directions and features lists of related books songs and poems
