Russian Military Reform 1992 2002:

Russian Military Reform Carolina Vendil Pallin, 2008-08-29 This book examines reform of the Russian military since the end of the Cold War It explores the legacy of the Soviet era explaining why at the time of the fall of the Soviet Union radical reform was long overdue in the wake of changing military technology new economic and political realities and the emergence of new threats and challenges It discusses the problems encountered by Gorbachev in his attempts to promote military reform in the late 1980s and goes on to analyse in detail the mixed fortunes of the policies of his successors Yeltsin and Putin It describes how the onset of war in Chechnya in 1994 provided clear evidence of the weaknesses of the Russian military in modern conflicts and shows that although the Chechnya debacle did provide some impetus for reforms in the armed forces in 1997 98 the momentum was not continued under the Putin government It argues that Putin s policies of bolstering central control over all aspects of decision making has left untouched many key problems facing the Russian military including infighting between different force structures lack of transparency and independent scrutiny over defence spending and absence of consensus on the main threats to Russia and optimum force posture Moreover it argues that in his attempts to concentrate all means of control to a corrupt and inefficient Kremlin bureaucracy Putin has deprived himself of all alternative channels of independent scrutiny control and oversight thus exacerbating the problems that continue to plague the Russian military

Russian Military Reform, 1992-2002 Anne C. Aldis, Roger N. McDermott, 2004-11-23 Military reform has featured prominently on the agenda of many countries since the end of the Cold War necessitated a re evaluation of the strategic role of the armed forces and nowhere more publicly than in Russia Not since the 1920s have the Russian Armed Forces undergone such fundamental change President Boris Yeltsin and his successor Vladimir Putin have both grappled with the issue with varying degrees of success An international team of experts here consider the essential features of Russian military reform in the decade since the disintegration of the USSR Fluctuations in the purpose and priorities of the reform process are traced as well as the many factors influencing change Chapters analyse the development of Russia s security policy structural reform of the services the social impact of military service and experience of military conflict in Chechnya Critical evaluations of the impact of social change on the Russian Armed Forces capabilities and expectations complement the analysis of the on going debate Russian Military Reform 1992 2002 will prove invaluable to all those interested in civil military relationships and international security as well as to students of military theory and practice

Global Security Watch—Russia Richard Weitz, 2009-11-25 This book offers an expert analysis of Russia s foreign and military defense policies since the Federation was established in the aftermath of the collapse of the Soviet Union To help readers understand the current state of this crucially important country Global Security Watch Russia A Reference Handbook provides a comprehensive overview of the main foreign and defense policies of the Russian Federation Global Security Watch Russia focuses on political military developments in the nation that emerged in the aftermath of the Soviet Union s collapse in

December 1991 The book looks at a variety of factors that characterize Russia's position in world security matters such as its leading position as an arms exporter and its still overwhelming nuclear capability Coverage includes critical recent events such as the growing alienation between Russia and the West the August 2008 Georgian War and the effects of the global financial crisis on Russia's vulnerable economy Russian civil-military relations and the origins of the second Chechen war Sz&ászdi, Lajos F.,2008-08-29 This book has relevance for those interested in understanding Russia's course in international relations under the leadership of Vladimir Putin This book will inform the reader and is especially relevant in light of the events of 2008 in the Caucasus and the war in Georgia in particular The author explains the ideology of Neo Eurasianism which in turn inspires the policy thinking of the Kremlin Also studied is Putin's origins in the KGB from the previous posts of Secretary of the Security Council and Director of the FSB and his rise to power in the crucial year of 1999 when he became Russian Prime Minister The author highlights the continuing trend of appointing high ranking officers of the Russian intelligence community to senior positions in the government studying this in the context of Russian civil military intelligence relations The author reached the conclusion back in 2003 that the members of Russian intelligence hold the reins of power above the civilian and military elements of the Russian government The author returns to the Kosovo Crisis of 1999 discussing also the motives that led the Kremlin and Putin to invade Chechnya for a second time in a decade Parallels can be drawn to the 2008 Russian invasion of Georgia and the roots of the Neo Eurasianist ideology that is behind the two invasions are examined This book will help the reader understand Russia's current and future distribution of power in the Caucasus the Balkans and the world at large Moscow's search for a multipolar world and its opposition to U S hegemony

The Russian Armed Forces in Transition Roger N. McDermott,Bertil Nygren,Carolina Vendil Pallin,2012-03-15

Although the role of the military in Russia has changed significantly since Soviet times it continues to exert great influence on Russian politics economy and society This book presents a comprehensive overview of current developments related to Russia's military sector It considers recent military reforms personnel issues the defence industry and procurement the defence economy changes in civil military relations and the continuing huge economic significance of Russia's military industrial complex It explores difficulties currently faced by the Russian military including problems of recruitment and leadership analyses Russian security policy including in relation to Europe and more widely and discusses the lessons learned by the Russian military as a result of the recent war in Georgia The book argues that reform attempts have often been thwarted by bureaucracy economy strategy manpower weapon systems and leadership The book concludes by assessing likely future developments **Russia as a Great Power** Jakob Hedenskog,Vilhelm Konnander,Bertil Nygren,Ingmar Oldberg,Christer Pursiainen,2013-07-04 After a period of relative weakness and isolation during most of the 1990s Russia is again appearing as a major security player in world politics This book provides a comprehensive assessment of Russia's current security situation addressing such questions as What kind of player is Russia in the field of security What is the

essence of its security policy What are the sources capabilities and priorities of its security policy What are the prospects for the future One important conclusion to emerge is that while Russian foreign policy under Putin has become more pragmatic and responsive to both problems and opportunities the growing lack of checks and balances in domestic politics makes political integration with the West difficult and gives the president great freedom in applying Russia's growing power abroad

The Military and the State in Central Asia Erica Marat, 2009-10-16 The military played a pivotal role in the political development state functions foreign policy and the daily lives of the people in the Central Asian states from the early twentieth century until the present This book is the first major in depth study of the military institutions in Central Asian states It examines their hidden story the different stages of their development from the early twentieth century until the present and the influence they had on the state and society It effectively combines history sociology of the military and political science and provides deeper insights into how recently formed states function By concentrating extensively on the military this book is an important and a timely contribution to a wide range of disciplines including Central Asian studies and post colonial state and nation building studies Routledge Handbook of Russian Politics and Society Graeme Gill, James Young, 2013-03-01 There is an ever burgeoning number of books analyzing the Russian experience or aspects of it This Handbook is the first single volume which gives both a broad survey of the literature as well as highlighting the cutting edge research in the area Through both empirical data and theoretical investigation each chapter in the Routledge Handbook Russian of Politics and Society examines both the Russian experience and the existing literature points to research trends and identifies issues that remain to be resolved Offering focused studies of the key elements of Russian social and political life the book is organized into the following broad themes General introduction Political institutions Political Economy Society Foreign Policy Politically economically and socially Russia has one of the most interesting development trajectories of any major country This Handbook seeks to answer questions about democratic transition the relationship between the market and democracy stability and authoritarian politics the development of civil society the role of crime and corruption and the creation of a market economy Providing a comprehensive resource for scholars and policy makers alike this book is an important contribution to the study of Russian Studies Eastern European studies and International Relations **The Handbook of European Defence Policies and Armed Forces** Hugo Meijer, Marco Wyss, 2018 This volume provides the first geographically and thematically comprehensive study of the evolution and current state of the national security and defence policies strategies doctrines capabilities and military operations as well as the alliances and security partnerships of European armed forces The Oxford Handbook of War Julian Lindley-French, Yves Boyer, 2012-01-19 The Oxford Handbook of War is the definitive analysis of war in the twenty first century With over forty senior authors from academia government and the armed forces world wide the Handbook explores the history theory ethics and practice of war The Handbook first considers the fundamental causes of war before reflecting on the moral and legal aspects of war Theories on the practice of

war lead into an analysis of the strategic conduct of war and non Western ways of war The heart of the Handbook is a compelling analysis of the military conduct of war which is juxtaposed with consideration of technology economy industry and war In conclusion the volume looks to the future of this apparently perennial feature of human interaction

Historical Dictionary of the Russian Federation Robert A. Saunders, 2019-09-20 Straddling Europe and Asia the Russian Federation is the largest country in the world and home to a panoply of religious and ethnic groups from the Muslim Tatars to the Buddhist Buryats Over the past 40 years Russia has experienced the most dramatic transformation of any modern state The second edition of Historical Dictionary of the Russian Federation provides insight into this rapidly developing country This volume includes coverage of pivotal movements events and persons in the late Soviet Union 1985 1991 and contemporary Russia 1991 present This second edition of Historical Dictionary of the Russian Federation contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Russia

Military and Society in Post-Soviet Russia Stephen L. Webber, Jennifer G. Mathers, 2006 This collection provides the first comprehensive analysis of the nature of the relationship between the military and society in post Soviet Russia It brings together a multidisciplinary group of leading Western and Russian experts to investigate both the ways in which developments in the Russian armed forces influence Russian society and the impact of broader societal change on the military sphere

Securitizing Balance of Power Theory Ilai Z. Saltzman, 2012 Securitizing Balance of Power Theory A Polymorphic Reconceptualization by Ilai Z Saltzman presents a cutting edge attempt to re conceptualize one of the fundamental concepts of International Relations theory balance of power theory by examining insights from historical analysis of interwar and post Cold War cases

Russian Energy Policy and Military Power Pavel K. Baev, 2012-12-06 This book examines the interplay between energy policy and security policy under Vladimir Putin and his drive to re establish Russia s greatness Assessing the internal contradictions of this policy the book argues that Russia s desire to strengthen its role of energy security provider is undermined by its inability to secure growth in production of oil and gas Further the pressing demand to channel more resources into the military industrial complex clashes with the growing need to invest in the energy complex and the priority granted to strategic forces deprives the conventional forces of strike power and strategic mobility In conclusion the author anticipates how these contradictions could be resolved and suggests three short scenarios for Russia s continuing transition in the next decade This book will be of interest to students of Russian politics European politics and international security

Russian Civil-Military Relations Robert Brannon, 2016-04-08 Putin s style of leadership has transitioned into another era but there is much still inherited from the past In the often anarchic environment of the 1990s the nascent Russian Federation experienced misunderstandings and mis steps in civil military relations Under Boris Yeltsin it has been questioned whether the military obeyed orders from

civilian authorities or merely gave lip service to those it served to protect while implementing its own policies and courses of action Robert Brannon sets forth the circumstances under which the military instrument of Russia's power and influence could be called upon to exert force Deriving in part from its Soviet past the author examines how Russia's military doctrine represents more than just a road map of how to fight the nation's wars it also specifies threats to national interests in this case the United States NATO and international terrorism Against this background of politics and power the military's influence may reveal as much about politics as it does the military

The Politics of Security in Modern Russia Mark Galeotti, 2016-03-03 The Putin era saw a striking securitization of politics something that he has bequeathed to his chosen successor Dmitry Medvedev The omens from the early days of the Medvedev presidency have been mixed marked both by less confrontational rhetoric towards the West and by war with Georgia and continued re armament Has the Medvedev generation learned the lessons not just from the Soviet era but also from the Yeltsin and Putin presidencies or will security remain the foundation of Russian foreign and domestic policy Fully up to date to reflect the evolving Medvedev presidency the 2008 Georgian war and the impact of the economic downturn this volume is a much needed objective and balanced examination of the ways in which security has played and continues to play a central role in contemporary Russian politics The combination of original scholarship with extensive empirical research makes this volume an invaluable resource for all students and researchers of Russian politics and security affairs

Defence Innovation and the 4th Industrial Revolution Michael Raska, Katarzyna Zysk, Ian Bowers, 2022-03-30 This book examines the implications of disruptive technologies of the Fourth Industrial Revolution 4IR on military innovation and the use of force It provides an in depth understanding of how both large and small militaries are seeking to leverage 4IR emerging technologies and the effects such technologies may have on future conflicts The 4th Industrial Revolution 4IR the confluence of disruptive changes brought by emerging technologies such as artificial intelligence robotics nanotechnologies and autonomous systems has a profound impact on the direction and character of military innovation and use of force The core themes in this edited volume reflect on the position of emerging technologies in the context of previous Revolutions in Military Affairs compare how large resource rich states US China Russia and small resource limited states Israel Sweden Norway are adopting and integrating novel technologies and explore the difference between various innovation and adaptation models The book also examines the operational implications of emerging technologies in potential flashpoints such as the South China Sea and the Baltic Sea Written by a group of international scholars this book uncovers the varying 4IR defence innovation trajectories enablers and constraints in pursuing military technological advantages that will shape the character of future conflicts The chapters in this book were originally published as a special issue of the Journal of Strategic Studies

HIV/AIDS in Russia and Eurasia J. Twigg, 2007-01-08 Russia and a few other Eurasian countries have been home to the fastest growing epidemics of HIV in the world over the last several years This volume offers country specific accounts authored by the leading players in the analysis

of the situation and the fight against the virus **The Russian Understanding of War** Oscar Jonsson,2019-11-01 This book analyzes the evolution of Russian military thought and how Russia's current thinking about war is reflected in recent crises While other books describe current Russian practice Oscar Jonsson provides the long view to show how Russian military strategic thinking has developed from the Bolshevik Revolution to the present He closely examines Russian primary sources including security doctrines and the writings and statements of Russian military theorists and political elites What Jonsson reveals is that Russia's conception of the very nature of war is now changing as Russian elites see information warfare and political subversion as the most important ways to conduct contemporary war Since information warfare and political subversion are below the traditional threshold of armed violence this has blurred the boundaries between war and peace Jonsson also finds that Russian leaders have particularly since 2011-12 considered themselves to be at war with the United States and its allies albeit with non violent means This book provides much needed context and analysis to be able to understand recent Russian interventions in Crimea and eastern Ukraine how to deter Russia on the eastern borders of NATO and how the West must also learn to avoid inadvertent escalation Putin's Russia Darrell Slider,2022-07-20 Thoroughly revised expanded and updated the new edition of this classic text provides the most authoritative and current analysis of contemporary Russia Leading scholars explore the domestic and international problems Russia confronts including political economic societal and foreign policy issues The new edition provides an analysis from multiple perspectives on the major challenges facing Russia and Putin's regime Updates include new sections on corruption Russia's conflicts with Ukraine and Georgia Russia's response to Only by understanding these challenges and previous efforts to deal with them will it be possible to understand the trajectory for Russia Well written and clearly organized this text is an indispensable guide for anyone wanting to understand contemporary Russia

This is likewise one of the factors by obtaining the soft documents of this **Russian Military Reform 1992 2002** by online. You might not require more grow old to spend to go to the books instigation as competently as search for them.
