The Outlook Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin Abbott, Francis Rufus Bellamy, 1927 *Russian Modernism in the Memories of the Survivors* Irina Evdokimova, 2021-05-02 In the late 1960s and early 1970s Soviet philologist literary dissident and university professor Viktor Duvakin made it his mission to interview the members of the artistic avant garde who had survived the Russian Revolution Stalin s purges and the Second World War Based on archival materials held at the Moscow State University Library *Russian Modernism in the Memories of the Survivors* catalogues six interviews conducted by Duvakin The interviewees talk about their most intimate life experiences and give personal accounts of their interactions with famous writers and artists such as Vsevolod Meyerhold Sergei Eisenstein and Marina Tsvetaeva They offer insights into the world of Russian emigrants in Prague and Paris the uprising against the Communist government what it was like to work at the United Nations after the Second World War and other important aspects of life in the Soviet Union and Europe during the first half of the twentieth century Archival photographs as well as hundreds of annotations to the text are included to help readers understand the historical and cultural context of the interviews The unique and previously unpublished materials in *Russian Modernism in the Memories of the Survivors* will be of great interest to anyone who wants to learn more about this fascinating period in Soviet history **Russia's Fate Through Russian Eyes** Heyward Isham, 2019-06-21 The young Russian men and women who record in these pages the hopes fears triumphs and tragedies their country has undergone in recent years altering their own lives profoundly in the process all come from the first post Soviet generation to achieve positions of leadership in Russia They report on five challenges central to Russia s survival and stabilization reshaping the state coping with new economic rules striving toward the rule of law building a civil society and

preserving the national culture and educational capacity They love their country while understanding all too well the crippling psychological legacy of seventy years of a dictatorship that was both cunning and cruel in dispensing a plausible utopian myth and exacting extraordinary sacrifices in the name of that myth They understand the acute sense of disorientation that overcame all generations when the USSR abruptly dissolved in 1991 and the Communist Party simultaneously lost much if not all of its power As several of our authors recall it was like waking up one morning and finding yourself a citizen of an entirely different country meanwhile discovering that your parents were not your real parents and that you had acquired a brand new surname

The Image of Christ in Russian Literature John Givens, 2018-05-29 Vladimir Nabokov complained about the number of Dostoevsky's characters sinning their way to Jesus In truth Christ is an elusive figure not only in Dostoevsky's novels but in Russian literature as a whole The rise of the historical critical method of biblical criticism in the nineteenth century and the growth of secularism it stimulated made an earnest affirmation of Jesus in literature highly problematic If they affirmed Jesus too directly writers paradoxically risked diminishing him either by deploying faith explanations that no longer persuade in an age of skepticism or by reducing Christ to a mere argument in an ideological dispute The writers at the heart of this study understood that to reimage Christ for their age they had to make him known through indirect even negative ways lest what they say about him be mistaken for cliché doctrine or naïve apologetics The Christology of Dostoevsky Leo Tolstoy Mikhail Bulgakov and Boris Pasternak is thus apophatic because they deploy negative formulations saying what God is not in their writings about Jesus Professions of atheism in Dostoevsky and Tolstoy's non-divine Jesus are but separate negative paths toward truer discernment of Christ This first study in English of the image of Christ in Russian literature highlights the importance of apophaticism as a theological practice and a literary method in understanding the Russian Christ It also emphasizes the importance of skepticism in Russian literary attitudes toward Jesus on the part of writers whose private crucibles of doubt produced some of the most provocative and enduring images of Christ in world literature This important study will appeal to scholars and students of Orthodox Christianity and Russian literature as well as educated general readers interested in religion and nineteenth century Russian novels
