Ryans Rescue:

Ryan's Rescue Karen Leabo, 2011-07-15 WHO CAN YOU TRUST Christine Greenlow wasn't sure she knew anymore. In just a few days she'd been abducted from her spoiled little rich girl existence and then rescued, maybe by a man who might be every bit as dangerous as her kidnappers. All she really knew about Ryan Mulvaney was that he wasn't the innocent bystander he claimed to be. There was nothing innocent about this man. But he certainly had a way of making high speed car chases and even the occasional burst of gunfire downright exciting. And maybe when all this was over, if they were still alive, she'd show him a whole different kind of excitement. **Person, Polis, Planet** David Schmidtz, 2011-11-01 This volume

collects thirteen of David Schmidtz's essays on the question of what it takes to live a good life given that we live in a social and natural world. Part One defends a non-maximizing conception of rational choice, explains how even ultimate goals can be rationally chosen, defends the rationality of concern and regard for others even to the point of being willing to die for a cause, and explains why decision theory is necessarily incomplete as a tool for addressing such issues. Part Two uses the tools of analytic philosophy to explain what we can do to be deserving, what is wrong with the idea that we ought to do as much good as we can, why mutual aid is good but why the welfare state does not work as a way of institutionalizing mutual aid, and why transferring wealth from those who need it less to those who need it more can be a bad idea even from a utilitarian perspective. Most ambitiously, Part Two offers an overarching pluralistic moral theory that defines the nature and limits of our obligations to each other and to our individual selves. Part Three discusses the history and economic logic of alternative property institutions, both private and communal, and explains why economic logic is an indispensable tool in the field of environmental conflict resolution. In the final essay, Schmidtz brings the volume full circle by considering the nature and limits of our obligations to nonhuman species and how the status of nonhuman species ought to enter into our deliberations about what sort of life is worth living. *Whitewater Rescues* Charlie Walbridge, 2024-04-16 Read more than 80 of the most compelling true stories of canoeing, kayaking, and rafting rescues ever submitted to the American Whitewater Accident

The Cinema of Steven Spielberg Nigel Morris,2007-02-13 Cinema s most successful director is a commercial and cultural force demanding serious consideration Not just triumphant marketing this international popularity is partly a function of the movies themselves Polarised critical attitudes largely overlook this and evidence either unquestioning adulation or vilification often vitriolic for epitomising contemporary Hollywood Detailed textual analyses reveal that alongside conventional commercial appeal Spielberg s movies function consistently as a self reflexive commentary on cinema Rather than straightforwardly consumed realism or fantasy they invite divergent readings and self conscious spectatorship which contradict assumptions about their ideological tendencies Exercising powerful emotional appeal their ambiguities are profitably advantageous in maximising audiences and generating media attention

The O.C. Lori B. Bindig,Andrea M. Bergstrom,2012-10-25 *The O C A Critical Understanding* by Lori Bindig and Andrea M

Bergstrom is a feminist cultural studies analysis of FOX's hit teen television drama *The O.C.* 2003-2007. Episodes of *The O.C.* are analyzed as a set of media texts that blur the boundaries between hegemonic and counter-hegemonic content. This analysis utilizes ancillary media such as director commentary in conjunction with content in order to understand how ideological content in regards to gender, race, class, sexuality, and consumerism is presented throughout the show. *The O.C.* is also examined in terms of audience analysis, auteur theory, aesthetics, and reality television spin-offs. Bindig and Bergstrom place *The O.C.* in a larger social context and explore the potential ramifications of popular media texts as well as the series' cultural legacy which continues to resonate in media and culture. *The O.C.* Lori Bindig, Andrea M. Bergstrom, 2013-01-01

The O.C. A Critical Understanding by Lori Bindig and Andrea M. Bergstrom is a feminist cultural studies analysis of the hit television series *The O.C.* 2003-2007. The show is examined in terms of five ideological aspects as well as audience reception, auteur theory, aesthetics, and reality television imitators. Bindig and Bergstrom place *The O.C.* in a larger social context and explore the potential ramifications of popular media texts as well as its lasting influence on media and culture. **The War Within** Josif Wright, 2019-07-08. Drug addiction is terrifying. Drug addiction is gut-wrenching. Drug addiction is all-consuming, not only for the addicted person but also for family and friends. Written from a dad's perspective, *The War Within My Story* is a book about addiction and a family thrown into the horrifying situation of dealing with it in the best way that they know how. Because of chronic pain and a series of bad choices, Ryan and his family found themselves in the midst of a war to save Ryan from the demons of addiction chasing him. Follow Ryan's dad, Josif, as he crossed one hurdle after another to save his son. There were times when Josif was weak and weary, but faith, hope, and love kept him from giving up. Yes, this book is about addiction, but make no mistake: it is ultimately about faith, hope, and love. The faith that Jesus would see them through the struggle, the hope that He would crush the binding chains of addiction, and a dad's love that wouldn't give up on his son.

Emotions, Genre, Justice in Film and Television Deidre Pribram, 2012-05-23. Popular film and television are ideally suited in understanding how emotions create culturally shared meanings. Yet very little has been done in this area. *Emotion, Genre, and Justice in Film and Television* explores textual representations of emotions from a cultural perspective rather than in biological or psychological terms. It considers emotions as structures of feeling that are collectively shared and historically developed. Through their cultural meanings and uses, emotions enable social identities to be created and contested, to become fixed or alter. Popular narratives often take on emotional significance, aiding groups of people in recognizing or expressing what they feel and who they are. This book focuses on the justice genres: the generic network of film and television programs that are concerned with crime, law, and social order, to examine how fictional police, detective, and legal stories participate in collectively realized conceptions of emotion. A range of films, *Crash*, *Man on Fire*, and television series *Cold Case*, *Cagney and Lacey*, serve as case studies to explore contemporarily relevant representations of anger, fear, loss, and consolation and compassion.
