Occupational Therapy Essentials for Clinical Competence Karen Sladyk, Karen Jacobs, Nancy MacRae, 2010. This text begins by linking the ACOTE Accreditation Standards with current practice in chapters for students and educators and sets the stage with two foundational concepts vital to the study of occupation: flow and culture. It presents a summary of interconnected constructs that define and direct occupational therapy practice. Inside are included: Basic tenets of occupational therapy; Occupational therapy theoretical perspectives; Screening, evaluation, and referral; Formulation and implementation of an intervention plan; Context of service delivery; Context of delivery service; Management of occupational therapy services; Professional ethics, values, and responsibilities; Culture and its role in occupational choice and performance. It also includes student activities at the end of each chapter as well as on-line material that consists of multiple choice questions, chapter objectives, teacher activities, and PowerPoint slides. Some additional features include: Examples as viewed and analyzed from multiple perspectives; Evidence-based practice reviews that provide a starting point to have each topic explored in depth; Evaluation of the mastery of application and self-assessment exercises; Integration throughout the text of Occupational Therapy Practice Framework Domain and Process, Second Edition. The text overall incorporates adult learning theory as its basis to assist in establishing cognitive interest using the organization format of grouping concepts together to reinforce and facilitate learning.
