Sacreds Early Lit Of East Volume 9:

A Masonic Compendium to the Sacred Books and Early Literature of the East George Winslow Plummer,1918

The Sacred Books and Early Literature of the East Charles Francis Horne,1917 **Forthcoming Books** Rose Army,2003 **Friedrich Max Müller and the Sacred Books of the East** Arie L. Molendijk,2016-07-28 This volume offers a critical analysis of one the most ambitious editorial projects of late Victorian Britain the edition of the fifty substantial volumes of the Sacred Books of the East 1879 1910 The series was edited and conceptualized by Friedrich Max Müller 1823 1900 a world famous German born philologist orientalist and religious scholar Müller and his influential Oxford colleagues secured financial support from the India Office of the British Empire and from Oxford University Press Arie L Molendijk documents how the series has become a landmark in the development of the humanities especially the study of religion and language in the second half of the nineteenth century The edition also contributed significantly to the Western perception of the religious or even mystic East which was textually represented in English translations The series was a token of the rise of big science and textualized the East by selecting their sacred books and bringing them under the power of western scholarship **Sources of World Societies, Volume 1** Merry E. Wiesner-Hanks,Patricia Buckley Ebrey,Roger B. Beck,Jerry Davila,Clare Haru Crowston,John P. McKay,2020-08-26 Sources of World Societies is an expertly crafted collection of historical sources with a variety of global cultural perspectives from around the world **Ancestral Recall** Aoife Assumpta Hart,2016-06-01 Despite distance and differences in culture the early twentieth century was a time of literary cross pollination between Ireland and Japan Notably the Irish poet and playwright William Butler Yeats had a powerful influence on Japanese letters at the same time that contemporary and classical Japanese literature and theatre impacted Yeats's own literary experiments Citing an extraordinary range of Japanese and Irish texts Aoife Hart argues that Japanese translations of Irish Gaelic folklore and their subsequent reception back in Ireland created collisions erasures and confusions in the interpretations of literary works Assessing the crucial roles of translation and transnationalism in cross cultural exchanges between the Celtic Revival and Japanese writers of the modern period Hart proves that interlingual dialogue and folklore have the power to reconstruct a culture's sense of heritage Rejecting the notion that the Celtic Revival was inward and parochial Hart suggests that seeking to protect their heritage from the forces of globalization the Irish adapted their understanding of heritage to one that exists within the transnational contexts of modernity a heritage that is locally produced but internationally circulated In doing so Hart maintains that the cultural contact and translation between the East and West traveled in more than one direction it was a dialogue presenting modernity's struggles with cosmopolitanism gender ethnic identity and transnationalism An inspired exploration of transpacific literary criticism Yeats scholarship and twentieth century Japanese literature Ancestral Recall tracks the interplay of complex ideas across languages and discourses

Sacred Life of Modernist Literature Allan Kilner-Johnson, 2022-06-16 Probing the relationship between modernist literary experimentation and several key strands of occult practice which emerged in Europe from roughly 1894 to 1944 this book sets the work of leading modernist writers alongside lesser known female writers and writers in languages other than English to more fully portray the aesthetic and philosophical connections between modernism and the occult Although the early decades of the twentieth century the era of cocktails motorcars bobbed hair and war are often described as a period of newness and innovation many writers of the time found inspiration and visionary brilliance by turning to the mysterious occult past This book's principle intervention is to reimagine the contours and boundaries of literary modernism by welcoming into the conversation a number of significant female writers and writers in languages other than English who are often still relegated to the fringes of modernist studies Well remembered poets and novelists such as Ezra Pound W B Yeats and Aleister Crowley were tied to occult beliefs and this book sets these leading figures alongside less well remembered but equally splendid modernists including Paul Brunton Mary Butts Alexandra David Neel Florence Farr Dion Fortune Hermann Hesse and Rudolf Steiner From the little magazines where occultism and Fabianism were comfortable companions to consulting rooms of psychoanalysts where archetypes were revealed to be both mystical and mundane to the forbidden mountain trails that led to formidable spiritual teachers the conditions of modernism were invariably those conditions which inspired a return to the occult traditions that many thinkers believed had long evaporated Indeed in many ways these traditions were the making of the modern world By uncovering hidden hopes and anxieties that faced a newly modern Western Europe this book demonstrates how literary modernists understood occultism as a universal form of cultural expression which has inspired creative exuberance since the dawn of civilisation
