Shall We Tell The President:

Shall We Tell the President? Jeffrey Archer, 2008-12-30 Can FBI Special Agent Mark Andrews save the first woman president in America and unravel a ruthless conspiracy in less than one week *Shall We Tell the President?* Jeffrey Archer, 2008-12-30 Master storyteller Jeffrey Archer keeps the pace sizzling in this final installment in the Kane and Abel trilogy Shall We Tell the President a daring political thriller where treason and betrayal threaten to topple an American dynasty After years of great sacrifice and deep personal tragedy Florentyna Kane has finally become the first woman president in America But on the very day that she is sworn into office powerful forces are already in motion to take her life The FBI investigates thousands of false threats every year This time a reliable source has tipped them off about an assassination attempt One hour later the informant and all but one of the investigating agents are dead The lone survivor FBI Special Agent Mark Andrews Now only he knows when the killers will strike But how can he alone unravel a ruthless conspiracy in less than one week The race to save the first woman president begins now *Shall We Tell The President: Kane and Abel Book 3* Jeffrey Archer, 2003-09-01 6 days 13 hours and 37 minutes to go At the end of The Prodigal Daughter Florentyna Kane is elected President the first woman President of the United States At 7 30 one evening the FBI learn of a plot to kill her the 1572nd such threat of the year At 8 30 five people know all the details By 9 30 four of them are dead FBI agent Mark Andrews alone knows when He also knows that a senator is involved He has six days to learn where and how Six days to prevent the certain death of the President **What Shall We Tell the Children?** Stuart J. Foster, Keith A. Crawford, 2006-04-01 The pages of this book illustrate that as instruments of socialization and sites of ideological discourse textbooks are powerful artefacts in introducing young people to a specific historical cultural and socioeconomic order Crucially exploring the social construction of school textbooks and the messages they impart provides an important context from within which to critically investigate the dynamics underlying the cultural politics of education and the social movements that form it and which are formed by it The school curriculum is essentially the knowledge system of a society incorporating its values and its dominant ideology The curriculum is not our knowledge born of a broad hegemonic consensus rather it is a battleground in which cultural authority and the right to define what is labelled legitimate knowledge is fought over As each chapter in this book illustrates curriculum as theory and practice has never been and can never be divorced from the ethical economic political and cultural conflicts of society which impact so deeply upon it We cannot escape the clear implication that questions about what knowledge is of most worth and about how it should be organized and taught are problematic contentious and very serious **The News** ,2004 Shall We Tell President?
