**Shalom: the Search for a Peaceable City** Jack L. Stotts, 1973      Transforming Power Robert Linthicum, 2003-09-09  
Based on a thorough exploration of Scripture and decades of real world experience Robert Linthicum's model of relational power provides sound practical strategies for changing individuals communities structures and systems      *The Community of the Weak* Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story      *Justice and Only Justice* Ateek, Naim , 2014-06-30      *A Case for Peace in Reason and Faith* Monika Hellwig, 1992  
*The Mystery and the Passion* David G. Buttrick, 2002-09-06 resurrection and death in order to connect modern preaching with the excitement of a changed world Although we may be jaded by sermons that chase Bible verses tediously for twenty minutes or more original listeners heard the gospel as a huge excitement The apostles announced a changed world The human world they claimed had begun all over again we are living now in a new creation They invited startled listeners to join God's new humanity From the Introduction Buttrick's treatment is no romanticizing of early Christianity The church then was as dismaying as it is now Instead this book focuses on the early Christian sense that they had passed from death to new life a reversal that began with Jesus resurrection then explored his passion and finally his ministry and life This book carefully examines the Gospel traditions so that this great reversal can be captured in Christian theology and proclamation      □□□ □ □ □ □□□, 2013-09-13 21 2005 18 20      **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1975      **To Live in Peace** Mark R. Gornik, 2002-09-17 Building on both the perspective of God's new creation and the view from the neighborhood To Live in Peace shows how the life of the church the strategies of community development and the practices of peacemaking can make a transformational difference      **Andover Newton Quarterly** , 1973 Sept issue is the Andover Newton catalog      *Theology Digest* , 1973      Beauty Will Save the World Brian Zahnd, 2012-01-03 In today's world we have technology convenience security and a measure of prosperity but where is the beauty For thousands of years artists sages philosophers and theologians have connected the beautiful and the sacred and identified art with our longing for God Now we live in a day when convenience and practicality have largely displaced beauty as a value The church is no

exception Even salvation is commonly viewed in a scientific and mechanistic manner and presented as a plan system or formula In *Beauty Will Save the World* Brian Zahnd presents the argument that this loss of beauty as a principal value has been disastrous for Western culture and especially for the church The full message of the beauty of the gospel has been replaced by our desires to satisfy our material needs to empirically prove our faith and to establish political power in our world the exact same things that Christ was tempted with and rejected in the wilderness Zahnd shows that by following the teachings of the Beatitudes the church can become a viable alternative to current day political commercial and religious power and can actually achieve what these powers promise to provide but fail to deliver Using stories from the lives of St Francis of Assisi and from his own life he teaches us to stay on the journey to discover the kingdom of God in a fuller richer more beautiful way     *NTSU Books* ,1974     **The Christian Story** Gabriel Fackre,1984     **Encounter** ,1973     **Journal of Biblical Literature** ,1973     **World Religions in War and Peace** Henry O. Thompson,1988 Too often through the ages various religions while preaching amity have also promoted an us versus them attitude the Greeks and the barbarians Jews and the goyim Muslims and infidels Christians and pagans In this volume the origin main teachings and development of the major religions are described The involvement of each religion in war and the contribution each has made or might make to world peace are discussed Chapters on Judaism Christianity Islam Hinduism Jainism Sikhism Buddhism Taoism Confucianism Shinto and traditional faiths     [Catalog of the Peace Collection](#) Swarthmore College.
