General Catalogue of Printed Books British Museum. Department of Printed Books, 1969 Landscapes of Realism

Svend Erik Larsen, Steen Bille Jørgensen, Margaret R. Higonnet, 2022-03-15 Few literary phenomena are as elusive and yet as persistent as realism While it responds to the perennial impulse to use literature to reflect on experience it also designates a specific set of literary and artistic practices that emerged in response to Western modernity *Landscapes of Realism* is a two volume collaborative interdisciplinary investigation of this vast territory bringing together leading edge new criticism on the realist paradigms that were first articulated in nineteenth century Europe but have since gone on globally to transform the literary landscape Tracing the manifold ways in which these paradigms are developed discussed and contested across time space cultures and media this second volume shows in its four core essays and twenty four case studies four major pathways through the landscapes of realism The psychological pathways focusing on emotion and memory the referential pathways highlighting the role of materiality the formal pathways demonstrating the dynamics of formal experiments and the geographical pathways exploring the worlding of realism through the encounters between European and non European languages from the nineteenth century to the present This volume is part of a book set which can be ordered at a special discount *The Palgrave Handbook of Literature and the City* Jeremy Tambling, 2017-02-17 This book is about the impact of literature upon cities world wide and cities upon literature It examines why the city matters so much to contemporary critical theory and why it has inspired so many forms of writing which have attempted to deal with its challenges to think about it and to represent it Gathering together 40 contributors who look at different modes of writing and film making in throughout the world this handbook asks how the modern city has engendered so much theoretical consideration and looks at cities and their literature from China to Peru from New York to Paris from London to Kinshasa It looks at some of the ways in which modern cities whether capitals shanty towns industrial or rust belt have forced themselves on people s ways of thinking and writing **La Tribuna: Translated with Commentary** Emilia Pardo Bazán (condesa de), 2017 Emilia Pardo Bazán was born in the Galician town of A Coruña into a noble family who nurtured her lifelong thirst for knowledge She is undoubtedly the most controversial influential and prolific Spanish female writer of the nineteenth century publishing a vast number of essays social commentaries articles reviews poems plays novels novellas and short stories Her third novel *La Tribuna* heralds a new age in Spanish literature a naturalist work of fiction that examines the situation of contemporary women workers The author s preparation for the novel involved reading and consulting contemporary pamphlets and newspapers as well as spending two months in a Galician tobacco factory observing and listening to conversations This method common in English writers like Dickens and frequently adopted in France by the masters of Realism was almost unprecedented in Spain Set against a background of turmoil and civil unrest *La Tribuna* reflects the author s interest in the position of women in Spanish society

The working class heroine Amparo develops from a shapeless apolitical street urchin into a masterpiece of femininity a charismatic orator who becomes a tribune of the people At the same time however she allows herself to be seduced by a prosperous middle class youth whose promises prove to be just as empty as the revolutionary slogans in which she believes so fervently

On Both Sides of the Tracks Morgane Cadieu,2024-01-09 Social climbers have often been the core characters of novels Their position between traditional tiers in society makes them a touchstone for any political and literary moment including our own Morgane Cadieu s study looks at a certain kind of contemporary social climber in French literature whom she calls the parvenant Taken from the French term parvenu which refers to one who is newly arrived a parvenant is a character who shuttles between social groups A parvenant may reach the level of another social class but devises literary ways to come back constantly undoing any fixed ideas of social affiliation Focusing on recent French novels and autobiographies On Both Sides of the Tracks speaks powerfully to issues of emancipation and class Cadieu offers a fresh critical look at tales of upward mobility in the work of Annie Ernaux Kaoutar Harchi Michel Houellebecq douard Louis and Marie NDiaye shedding fascinating light on social mobility today as a formal literary problem

The American Bookseller ,1881 Alfred and Lucie Dreyfus in the Phantasmagoria Norman Simms,2014-06-02 Alfred Dreyfus saw himself caught in a phantasmagoria a great complex enigma that needed to be solved but all the clues seemed to be an hallucination a will o th wisp or what George Sand called orblutes This book examines how Dreyfus and his wife found a powerful new kind of love through Jewish themes at the same time as they were forced to conceal their true identities To see how Jewish Dreyfus was the book explores his background in Alsatian culture in the cosmopolitan Judaism of Paris and in the customs of Mediterranean Jewry A close reading of the Court Martial in Rennes shows Dreyfus as more than the zinc puppet he was called the scenario emerging as a variation of horror fantasies popular in the fin de si cle The book asks two questions why did Dreyfus prefer Meissonier s paintings to the Impressionists and Post Impressionists we admire so much and why although he appreciated Zola s efforts on his behalf did he not refer to his novels
