## **Shape Of Christology Studies In The Doctrine Of The Person Of Christ:**

**Shape of Christology** John McIntyre,1998-01-01 A thoroughly revised and expanded edition of this classic work to complete John McIntyre's trilogy in Christian doctrine soteriology pneumatology and Christology McIntyre analyses the three classic christological formulations the two nature model with divine and human natures uniting in Jesus Christ the psychological model derived from the chalcedonian understanding of the humanity of Christ and from a strong devotional desire to know his mind and the revelation model which has dominated western Christology for most of the twentieth century

The Shape of Christology ,1998      **Total Atonement** W. Ross Hastings,2019-10-09 Total Atonement re imagines the apprehended mystery of the atonement in light of the triune nature of God and the person and work of the incarnate Christ W Ross Hastings proposes participation as a theory or framework of atonement that holds all other models within it He argues that God's participation in humanity in order that humans might participate in God invites a total approach to the mystery of the atonement that is one that involves the whole Trinity the whole person and history of Christ and all the biblical motifs and theological models of atonement including penal substitution properly nuanced to overcome its caricatures Christus victor satisfaction vicarious life and moral exemplar Hastings re examines the scope of the atonement in light of these Trinitarian incarnational realities

**Jesus: The Person and the Mission** John R. Morris,2024-06-14 This book is a search for the Jesus of history the Jesus experienced by his disciples during his public life Its objective is to discover the authentic words and deeds attributable to Jesus with historical certitude It accounts for his Jewish religious background and the historical context in which he carried out his mission Central to this work is Jesus relationship to his Abba and his personal understanding of his mission Special attention is devoted to the major events and teaching of Jesus his baptism his miracles his preaching and parables and his Last Supper The Jesus of history the person and his words and deeds are foundational for the faith of the early church and the written Scriptures that followed his death and resurrection They are also foundational for contemporary faith This book is based on and benefits greatly from the most recent biblical and theological scholarship It attempts to make manageable a large amount of scholarly literature that can be intimidating to the casual reader Its aim is also to serve both faith and theological enquiry by providing an effective source for the reader's personal reflection intellectual curiosity and a basis for faith

**Outline of Christian Doctrine** Wilfried Harle,2015-04-14 In this book Wilfried Harle so distills Protestant Christian teaching as to bring fresh insight both to new students and to experienced readers of systematic theology Outline of Christian Doctrine however is not merely a translation of Harle's classic German text Nicholas Sagovsky has also entirely adapted the original work to the needs and resources of English speaking readers Biblically rooted contextually sensitive alert to philosophical issues and relevant with respect to debates about the world as we know it today Harle's Outline of Christian Doctrine An Evangelical Dogmatics is an ideal contemporary theology book for both class use and individual study

**Infinite Risk Theology** Stefano Salemi,2025-03-19 Could God's Son incarnate sin Could the tomb have

remained closed Could the story have gone differently More precisely could God's Son be eternally separated from the Father's communion and eventually die and go out of existence Mainstream theology often argued for Christ's impossibility to change immutability be separated from the triune God indivisibility and sin impeccability Consequently there was no potential risk to his life his death on the cross could not affect in any form his divine life Would the cross not need instead a risk to be a sacrifice Here is where the question finds its raison d'être Could God's Son risk his eternal existence losing himself forever with all humankind This question is rarely considered or often neglected in Christological debates Ellen G White a woman among the most prolific nineteenth century authors and a prominent Adventist theologian delves into what she calls the infinite risk the potential reality of the death of God the Son Drawing on her extensive writings this book analyses White's Christology Incarnational model and views of the Godhead and of what could have happened at the cross cutting new paths in the comprehension of God's love while challenging conventional theological paradigms Re-imagining African Christologies Victor I. Ezigbo, 2010-02-08 Who do you say that I am Mark 8:29 is the question of Christology By asking this question Jesus invites his followers to interpret him from within their own contexts history experience and social location Therefore all responses to Jesus's invitation are contextual But for too long many theologians particularly in the West have continued to see Christology as a universal endeavor that is devoid of any contextual influences This understanding of Christology undermines Jesus's expectations from us to imagine and appropriate him from within our own contexts In Re-imagining African Christologies Victor I Ezigbo presents a constructive exposition of the unique ways that many African theologians and lay Christians from various church denominations have interpreted and appropriated Jesus Christ in their own contexts He also articulates the constructive contributions that these African Christologies can make to the development of Christological discourse in non African Christian communities *The New Testament and the Theology of Trust* Teresa Morgan, 2022-06-16 This study argues for the recovery of trust as a central theme in Christian theology and offers the first theology of trust in the New Testament Trust is the root meaning of Christian faith *pistis fides* and trusting in God and Christ is still fundamental to Christians But unlike faith and other aspects of faith such as belief or hope trust is little studied Building on her ground breaking study *Roman Faith and Christian Faith* and drawing on the philosophy and psychology of trust Teresa Morgan explores the significance of trust trustworthiness faithfulness and entrustedness in New Testament writings Trust between God Christ and humanity is revealed as a risky dynamic forward looking life changing partnership God entrusts Christ with winning the trust of humanity and bringing humanity to trust in God God and Christ trust humanity to respond to God's initiative through Christ and entrust the faithful with diverse forms of work for humanity and for creation Human understanding of God and Christ is limited and trust and faithfulness often fail but imperfect trust is not a deal breaker Morgan develops a new model of atonement showing how trust enables humanity's release from the power of both sin and suffering She examines the neglected concept of propositional trust and argues that it plays a key role in faith This

volume offers a compelling vision of Christian trust as soteriological ethical and community forming Trust is both the means of salvation and an end in itself because where we trust is where we most fully live **Personal Being** Andrew T.

Grosso,2007 *Personal Being* Polanyi Ontology and Christian Theology contributes to Michael Polanyi studies to the conversation between philosophy and theology and to the contemporary renaissance in trinitarian theology The author begins by elaborating the ontology implied by Polanyi s theory of personal knowledge and argues that personhood is a fundamental category for understanding reality He then explores the reception of Polanyi s philosophy in theological studies and outlines a method responsive to interdisciplinary dialogue Finally he employs a Polanyian model of personhood to examine the doctrine of the Trinity and suggests that this effort anticipates the development of a personalistic Christian cosmology *Lord Jesus Christ* Daniel Treier,2023-10-31 A study of the doctrine of Christ that is biblical and historical evangelical and ecumenical conceptually clear and contextually relevant Lord Jesus Christ expounds the doctrine of Christ by focusing upon theological interpretation of Scripture regarding Jesus s identity The book s structure traces a Christological arc from the eternal communion of the Triune God through creation covenants Incarnation passion and exaltation all the way to the consummation of redemptive history This arc identifies Jesus as the divine Lord who assumed human flesh for our salvation The book expounds and defends a classically Reformed Christology in relation to contemporary contexts and challenges engaging both philosophical and global concerns Each chapter begins with the theological interpretation of a key Scripture text before expounding key concepts of orthodox Protestant Christology Lord Jesus Christ is a unique example of writing dogmatic theology by way of theological exegesis The result is a volume that engages the numerous scholarly volumes on Christology that have appeared within the last couple of decades but provides a contemporary account of a traditional view About the Series New Studies in Dogmatics seeks to retrieve the riches of Christian doctrine for the sake of contemporary theological renewal Following in the tradition of G C Berkouwer s Studies in Dogmatics this series will provide thoughtful concise and readable treatments of major theological topics expressing the biblical creedal and confessional shape of Christian doctrine for a contemporary evangelical audience The editors and contributors share a common conviction that the way forward in constructive systematic theology lies in building upon the foundations laid in the church s historic understanding of the Word of God as professed in its creeds councils and confessions and by its most trusted teachers

**Christ and Reconciliation** Veli-Matti Kärkkäinen,2013-05-26 The first installment in a wide and deep constructive theology for our time In Christ and Reconciliation Veli Matti Karkkainen develops a constructive Christology and theology of salvation in dialogue with the best of Christian tradition with contemporary theology in its global and contextual diversity and with other major living faiths Karkkainen s Constructive Christian Theology for the Pluralistic World is a five volume project that aims to develop a new approach to and method of doing Christian theology in our pluralistic world at the beginning of the third millennium Topics such as diversity inclusivity violence power cultural hybridity and justice are part of the

constructive theological discussion along with classical topics such as the messianic consciousness incarnation atonement and the person of Christ With the metaphor of hospitality serving as the framework for his discussion Karkkainen engages Judaism Islam Buddhism and Hinduism in sympathetic and critical mutual dialogue while remaining robustly Christian in his convictions Never before has a full scale doctrinal theology been attempted in such a wide and deep dialogical mode

**Revelation and Reason in Christian Theology** Christopher C. Green, David I. Starling, 2018-07-11 Do revelation and reason contradict Throughout the church's history Christians have been tempted to make revelation and reason mutually exclusive But both are essential to a true understanding of the faith The inaugural Theology Connect conference held in Sydney in July 2016 was dedicated to surveying the intersection of revelation and reason In Revelation and Reason in Christian Theology Christopher C Green and David I Starling draw together the fruit of this conference to provoke sustained deep reflection on this relationship The essays filtered through epistemological biblical historical and dogmatic lenses critically and constructively contribute to this important and developing aspect of theology Each essayist approaches revelation and reason according to the psalmist's words In your light we see light Ps 36 9 The light of faith does not obscure truth rather it enables us to see truth

**Fullness Received and Returned** Seng-Kong Tan, 2014 Seng Kong Tan argues that human participation in the divine classical theological axiom most notably associated with the Eastern Orthodox tradition is a central theme in the theology of Jonathan Edwards This notion Tan contends is a defining motif for the entire systematic sweep of Edwards's theology and it serves to focus and determine the contours of Edwards's thought Fullness Received and Returned situates Edwards's theology within the folds of the classical theological tradition while arguing that Edwards's is a unique and creative form of Reformed theology

**A Charismatic Model of the Church** David Y.T. Lee, 2018-06-11 Edward Irving 1792 1834 has been known as a controversial pastor theologian in nineteenth century Britain particularly given his belief that Christ took on sinful flesh in His incarnation This book focuses on Irving's teaching of the church as the body of Christ in the power of the Holy Spirit and the eschatological community in holiness It explores Irving's emphasis upon the exalted humanity of Christ after His resurrection in relation to the church Such a Christ centred and Spirit empowered concept of the church has relevance to the twenty first century church in China as the Chinese church leaders attempt to reconstruct a contemporary theology of the church

**Jesus in History, Legend, Scripture, and Tradition** Leslie Houlden, Antone Minard, 2015-06-23 This multifaceted work contextualizes Jesus in religion and culture by bringing together articles on folklore history literature philosophy popular culture and theology Many books have been written about Jesus but this two volume work takes a different approach than most What sets it apart is that it emphasizes Jesus lasting impact on world history and his legacy in the imagination over 2 000 years Written as an introduction the encyclopedia is equally suitable for Christians who wish to better understand the history and philosophy of their religion and for non Christians who wish to grasp Christianity in its historical and social contexts Alphabetically arranged entries cover

representations of Jesus in the bible and the writings of key theologians examining the essentials of philosophical and religious views across history The set also includes hundreds of entries that reflect on the role Jesus has played in popular culture and contemporary vernacular religion perspectives that are not usually placed alongside theology Through the encyclopedia students will see how artists writers philosophers church figures and others have imagined Jesus and been influenced by their perceptions of him At the same time primary documents will encourage students to compare and contrast ideas and evaluate arguments that have arisen over 20 centuries

**Exploring Christology and Atonement** Andrew Purves,2015-08-07 The Scottish theologians John McLeod Campbell Hugh Ross Mackintosh and Thomas F Torrance were theologians of reconciliation who emphasized the reality of God's redemptive grace in the person and work of Jesus Christ In this magisterial treatment Andrew Purves unfolds the riches of their theology for pastoral ministry today

**Jesus in History, Thought, and Culture** Leslie Houlden,2003-12-08 This unique multidisciplinary study views Jesus as one of the most central figures in history with a wide ranging impact on society literature art and philosophy Jesus in History Thought and Culture distills 2 000 years of thinking about Jesus into two intriguing volumes In more than 200 A Z entries internationally recognized scholars summarize views of Jesus from the Gospel writers to contemporary theologians Not only does the book explore Christian liturgy and worship including the long lasting 4th and 5th century schisms over whether Jesus is human or divine but it examines the position of Jesus in the traditions of other world religions such as Judaism Islam and Hinduism Even outside religion little has been untouched by Jesus's influence Jesus affected social and political theory in his time and continues to do so today The encyclopedia also explores his changing image in art sculpture music and literature pulling disparate fields of study into one powerful resource Scholars students of theology and world religions and other interested readers will all welcome this unique resource

**Majority World Theology** Gene L. Green,Stephen T. Pardue,K. K. Yeo,2020-12-01 More Christians live in the Majority World than in Europe and North America Yet most theological literature does not reflect the rising tide of Christian reflection coming from these regions Bringing together theological resources from past and present East and West this work engages conversations with leading global scholars on theology faith and mission for the enrichment of the entire church

**Living and Active** Telford Work,2001-10 For all of the Bible's popularity both in the church and in Western culture confusion reigns about what the Bible is its relationship to God its relationship to its human authors and readers and its proper use Living and Active answers these fundamental questions by looking anew at Scripture from the perspective of Christian doctrine Rather than treating the Bible as a sourcebook for theology Telford Work uses systematic theology to build a compelling new doctrine of Scripture the doctrine of God establishes the Bible's triune character and purpose the doctrine of salvation explains the mission of Scripture in ancient Israel in the career of Jesus and in the life of his followers the doctrine of the church relates the Bible's qualities to those of its reading communities describes the relation of Scripture and tradition and appreciates the Bible's role in worship and in

personal salvation Drawing in this way on the full resources of Christian dogmatics allows us to see the Bible at work accomplishing God's purposes in the world Throughout the book Work incorporates insights from the Eastern Orthodox Roman Catholic Lutheran Calvinist Anabaptist and evangelical traditions in order to produce a truly ecumenical doctrine of Scripture He also interacts with patristic theology and practice historical critical methods of interpretation and postmodern thought refusing to draw lines between biblical studies ethics history philosophy and theology As a result Living and Active is the most comprehensive balanced and relevant statement of Scripture now available It clearly portrays the Bible as integral to the economy of salvation and the life of the church it offers solutions to the current crisis of biblical authority and practice and it prescribes fruitful ways to preach teach and live Scripture in today's world

**The Power of Paradox: Impossible Conversations** Markus Locker, 2019-05-07 This book argues that all truths systems include paradoxes Paradoxes such as found in the sciences philosophy and religion offer themselves as mutually shared partners in a dialogue of arguably incommensurable truths on the basis of their underlying truth Paradoxes leap beyond the epistemic border of individual truth claims A dialogue of truths grounded in paradox reaches before and at the same time past singular truths A paradox based dialogue of truths elevates the communication of disciplines such as the sciences and religion to a meta discourse level from which differences are not perceived as obstacles for dialogue but as complementary aspects of a deeper and fuller truth in which all truths are grounded
