Shapeshifters John B. Kachuba, 2019-06-10 There is something about a shapeshifter a person who can transform into an animal that captures our imagination that causes us to want to howl at the moon or flit through the night like a bat

Werewolves vampires demons and other weird creatures appeal to our animal nature our dark side our desire to break free of the bonds of society and proper behavior Real or imaginary shapeshifters lurk deep in our psyches and remain formidable cultural icons The myths magic and meaning surrounding shapeshifters are brought vividly to life in John B Kachuba's compelling and original cultural history Rituals in early cultures worldwide seemingly allowed shamans sorcerers witches and wizards to transform at will into animals and back again Today there are millions of people who believe that

Amazing Animal Shape-Shifters Leon Gray, 2015-08 Describes the ways in which animals change their appearance to avoid predators or attract mates *Trees Are Shape Shifters* Andrew S. Mathews, 2022-10-25 An exploration of the anthropogenic landscapes of Lucca Italy and how its people understand social and environmental change through cultivation In Italy and around the Mediterranean almost every stone every tree and every hillside show traces of human activities Situating climate change within the context of the Anthropocene Andrew Mathews investigates how people in Lucca Italy make sense of social and environmental change by caring for the morphologies of trees and landscapes He analyzes how people encounter climate change not by thinking and talking about climate but by caring for the environments around them Maintaining landscape stability by caring for the forms of trees rivers and hillsides is a way that people link their experiences to the past and to larger scale political questions The human transformed landscapes of Italy are a harbinger of the experiences that all of us are likely to face and addressing these disasters will call upon all of us to think about the human and natural histories of the landscapes we live in **Shape-Shifting Animals** Natalie Lunis, 2014-01-01

Do some animals really have the power to transform themselves into something else In fact such creatures do exist In this book young readers will meet eight of these amazing shape shifting animals including a sea creature that can pretend to be a rock a caterpillar that can rise up like a snake that is about to strike and a fish that can blow itself up into a big spiky ball These animals may take on very different shapes but they do have one thing in common They all use their shape shifting abilities to scare off escape from or appear less tasty to their enemies In other words their special powers help them survive Eye popping photos and clear simple text bring these one of a kind creatures to vivid life *Shapeshifters* Aimee Meredith

Cox, 2015-08-07 In *Shapeshifters* Aimee Meredith Cox explores how young Black women in a Detroit homeless shelter contest

stereotypes critique their status as partial citizens and negotiate poverty racism and gender violence to create and imagine lives for themselves Based on eight years of fieldwork at the Fresh Start shelter Cox shows how the shelter's residents who range in age from fifteen to twenty two employ strategic methods she characterizes as choreography to disrupt the social hierarchies and prescriptive narratives that work to marginalize them Among these are dance and poetry which residents learn in shelter workshops These outlets for performance and self expression Cox shows are key to the residents exercising their agency while their creation of alternative family structures demands a rethinking of notions of care protection and love Cox also uses these young women's experiences to tell larger stories of Detroit's history the Great Migration deindustrialization the politics of respectability and the construction of Black girls and women as social problems With *Shapeshifters* Cox gives a voice to young Black women who find creative and non normative solutions to the problems that come with being young Black and female in America
