Mortlock, 2014-01-10 This military history follows the 5th Battalion of the Suffolk regiment from England to Syria and the end of World War I Among the previously untapped primary source materials used are the author s father s correspondence and photographs from his 1913 1919 service with the 5th Suffolk in England Gallipoli Egypt Palestine and Syria It follows chronologically the frustrating failures and the final victory of the campaigns in North Africa and the Middle East and refutes the widely held misconception that cavalry played no major role in the conflict Routledge Library Editions: Women in Islamic Societies Various Authors, 2021-02-25 Women in Islamic societies are often seen as a hidden and homogenous group The volumes in this set originally published between 1960 and 1983 explore the wide variety of women s roles in a range of Islamic societies from Yemen the United Arab Emirates and Kurdistan to Malaysia West Africa Iran and Turkey Due to their anthropological focus each book pays particular attention to the everyday lives of women in these regions including their agency and power within

Imagining the Arabs Webb Peter Webb, 2016-05-31 Who are the Arabs When did people begin calling themselves Arabs And what was the Arabs role in the rise of Islam Investigating these core questions about Arab identity and history by marshalling the widest array of Arabic sources employed hitherto and by closely interpreting the evidence with theories of identity and ethnicity *Imagining the Arabs* proposes new answers to the riddle of Arab origins and fundamental reinterpretations of early Islamic history This book reveals that the time honoured stereotypes which depict Arabs as ancient Arabian Bedouin are entirely misleading because the essence of Arab identity was in fact devised by Muslims during the first centuries of Islam Arab identity emerged and evolved as groups imagined new notions of community to suit the radically changing circumstances of life in the early Caliphate The idea of the Arab was a device which Muslims utilised to articulate their communal identity to negotiate post Conquest power relations and to explain the rise of Islam Over Islam s first four centuries political elites genealogists poetry collectors historians and grammarians all participated in a vibrant process of imagining and re imagining Arab identity and history and the sum of their works established a powerful tradition that influences Middle Eastern communities to the present day [Biopsychosocial Perspectives on Arab Americans](#) Sylvia C. practitioners much needed insights on a population often hidden or rendered invisible by data limitations and yet misrepresented by cultural stereotypes Helen Hatab Samhan Former Executive Director Arab American Institute Foundation Nassar Ajrouch Hakim Larson and Dallo s breakthrough work in the area of culturally competent health care has been inspiring across interdisciplinary fields and to the communities they serve Their work on Arab American health issues in particular has greatly improved clinical practice at the community and national levels I heartily recommend taking the time to become familiar with their important body of work and this latest text Ismael Ahmed Former Michigan State Director of Health and Human Services *Newsletter* United States.
