Shaping Of American Liberalism The Debates Over Ratification Nullification And Slavery:

The Shaping of American Liberalism David F. Ericson, 1993-06 A reinterpretation of opposing positions in the debate over the origins of American political tradition the Hartz v s the Bailyn viewpoints *Reconsidering American Liberalism* James Young, 2018-02-06 Forty years ago Louis Hartz surveyed American political thought in his classic *The Liberal Tradition in America* He concluded that American politics was based on a broad liberal consensus made possible by a unique American historical experience a thesis that seemed to minimize the role of political conflict Today with conflict on the rise and with much of liberalism in disarray James P Young revisits these questions to reevaluate Hartz s interpretation of American politics Young s treatment of key movements in our history especially Puritanism and republicanism s early contribution to the Revolution and the Constitution demonstrates in the spirit of Dewey and others that the liberal tradition is richer and more complex than Hartz and most contemporary theorists have allowed The breadth of Young s account is unrivaled *Reconsidering American Liberalism* gives voice not just to Locke Jefferson Hamilton Madison Lincoln and Dewey but also to Rawls Shklar Kateb Wolin and Walzer In addition to broad discussions of all the major figures in over 300 years of political thought with Lincoln looming particularly large Young touches upon modern feminism and conservatism multiculturalism postmodernism rights based liberalism and social democracy Out of these contemporary materials Young synthesizes a new position a smarter and tougher liberalism not just forged from historical materials but reshaped in the rough and tumble of contemporary thought and politics This exceptionally timely study is both a powerful survey of the whole of U S political thought and a trenchant critique of contemporary political debates At a time of acrimony and confusion in our national politics Young enables us to see that salvaging a viable future depends upon our understanding how we have reached this point Never without his own opinions Young is scrupulously fair to the widest range of thinkers and marvelously clear in getting to the heart of their ideas Although his book is a substantial contribution to political theory and the history of ideas it is always accessible and lively enough for the informed general reader It is essential reading for anyone who cares about the future of U S political thought or indeed about the future of the country itself *Public Debate in the Civil War Era* David Zarefsky, 2023-08-01 Public debate and discussion was overshadowed by the slavery controversy during the period of the U S Civil War Slavery was attacked defended amplified and mitigated This happened in the halls of Congress the courts the political debate the public platform and the lecture hall This volume examines the issues speakers and venues for this controversy between 1850 and 1877 It combines exploration of the broad contours of controversy with careful analysis of specific speakers and texts **American Slavery, Atlantic Slavery, and Beyond** Enrico Dal Lago, 2015-12-22 *American Slavery Atlantic Slavery and Beyond* provides an up to date summary of past and present views of American slavery in international perspective and suggests new directions for current and future comparative scholarship It argues that we can better understand the nature and meaning of American slavery and antislavery if we place them clearly within a Euro

American context Current scholarship on American slavery acknowledges the importance of the continental and Atlantic dimensions of the historical phenomenon comparing it often with slavery in the Caribbean and Latin America However since the 1980s a handful of studies has looked further and has compared American slavery with European forms of unfree and nominally free labor Building on this innovative scholarship this book treats the U S peculiar institution as part of both an Atlantic and a wider Euro American world It shows how the Euro American context is no less crucial than the Atlantic one in understanding colonial slavery and the American Revolution in an age of global enlightenment reformism and revolutionary upheavals the Cotton Kingdom s heyday in a world of systems of unfree labor and the making of radical Abolitionism and the occurrence of the American Civil War at a time when nationalist ideologies and nation building movements were widespread

The Liberal Tradition in American Politics David F. Ericson, Louisa Bertch Green, 2013-12-02 First Published in 1999 This volume explores the full range and depth of the liberal tradition in America and how it has been perceived by political theorists and historians The contributors weigh the various paradigm shifts in our understanding of American political development according to consensus polarity and multiple traditions They break new ground by taking into account African American and proslavery thought gender and identity politics citizenship in the Reconstruction and Progressive eras and models of Supreme Court decision making The Liberal Tradition in America questions the effect of viewing American history through these paradigms on the progress of research and moves the emphasis in research from the development of political ideas to the development of political institutions

The Oxford Handbook of American Political Development Richard M. Valelly, Suzanne Mettler, Robert C. Lieberman, 2016 Scholars working in or sympathetic to American political development APD share a commitment to accurately understanding the history of American politics and thus they question stylized facts about America s political evolution Like other approaches to American politics APD prizes analytical rigor data collection the development and testing of theory and the generation of provocative hypotheses Much APD scholarship indeed overlaps with the American politics subfield and its many well developed literatures on specific institutions or processes for example Congress judicial politics or party competition specific policy domains welfare policy immigration the foundations of inequality in American politics the distribution of wealth and income race ethnicity gender class and sexual and gender orientation public law and governance and representation What distinguishes APD is careful systematic thought about the ways that political processes civic ideals the political construction of social divisions patterns of identity formation the making and implementation of public policies contestation over and via the Constitution and other formal and informal institutions and processes evolve over time and whether and how they alter compromise or sustain the American liberal democratic regime APD scholars identify in short the histories that constitute American politics They ask what familiar or unfamiliar elements of the American past illuminate the present Are contemporary phenomena that appear new or surprising prefigured in ways that an APD approach can bring to the fore If a contemporary phenomenon is unprecedented then how

might an accurate understanding of the evolution of American politics unlock its significance Featuring contributions from leading academics in the field The Oxford Handbook of American Political Development provides an authoritative and accessible analysis of the study of American political development

American Politicians Confront the Court Stephen M. Engel, 2011-06-13 Politicians have long questioned or even been openly hostile to the legitimacy of judicial authority but that authority seems to have become more secure over time What explains the recurrence of hostilities and yet the security of judicial power Addressing this question anew Stephen Engel points to the gradual acceptance of dissenting views of the Constitution that is the legitimacy and loyalty of stable opposition Politicians changing perception of the threat posed by opposition influenced how manipulations of judicial authority took shape Engel's book brings our understanding of these manipulations into line with other developments such as the establishment of political parties the acceptance of loyal opposition the development of different modes of constitutional interpretation and the emergence of rights based pluralism

The Essential Antifederalist William B. Allen, Gordon Lloyd, 2001-12-17 At the pivotal moment in the history of the United States of America ratification of the Constitution was championed by James Madison John Jay and Alexander Hamilton in a series of newspaper articles known as the Federalist Papers In answer to these arguments and as a way of pointing up flaws and weaknesses in the Constitution itself a number of political thinkers who mostly used pseudonyms argued against ratification through articles and speeches which have collectively come to be known as the Antifederalist Papers This edited collection of readings from Antifederalist thought was first published in 1985 Here presented with a completely revised and updated interpretive essay from the editors and expanded to cover the period of the founding from 1776-91 this book is the most complete one volume collection of its kind

Interpreting the Founding Alan Ray Gibson, 2006 As politicians and judges argue over the original intent of our country's founding fathers the American Founding itself continues to inspire a prodigious amount of research and commentary reflecting a bewildering array of methods and interpretations Alan Gibson now offers readers an insightful and convenient guide through this daunting and sprawling body of scholarship Comprehensive and judicious Interpreting the Founding provides summaries and analyses of the leading interpretive frameworks that have guided the study of the Founding since the publication of Charles Beard's *An Economic Interpretation of the Constitution* in 1913 Gibson argues that scholarship on the Founding is no longer steered by a single dominant approach or even by a set of questions that control its direction He also examines the challenges posed to Founding scholarship by this diversity and complexity and the possibilities opened by new avenues of inquiry that have recently emerged scholars of the Founding including Louis Hartz Bernard Bailyn Gordon Wood and Garry Wills that best exemplify different schools of interpretation Gibson focuses on six approaches that have dominated the modern study of the Founding Progressive Lockean liberal Republican Scottish Enlightenment multicultural and multiple traditions approaches For each approach he traces its fundamental assumptions revealing deeper ideological and methodological differences between

schools of thought that on the surface seem to differ only about the interpretation of historical facts While previous accounts have treated the study of the Founding as the sequential replacement of one paradigm by another Gibson argues that all of these interpretations survive as alternative and still viable approaches each has simultaneously illuminated and masked core truths about the American Founding he renders a balanced account of the current debate over the origins and foundations of the American republic and offers solid footing on the path to understanding the vast literature devoted to this important subject

The Political Thought of Frederick Douglass Nicholas Buccola, 2013-07 Frederick Douglass one of the most prominent figures in African American and United States history was born a slave but escaped to the North and became a well known anti slavery activist orator and author In *The Political Thought of Frederick Douglass* Nicholas Buccola provides an important and original argument about the ideas that animated this reformer statesman Beyond his role as an abolitionist Buccola argues for the importance of understanding Douglass as a political thinker who provides deep insights into the immense challenge of achieving and maintaining the liberal promise of freedom Douglass Buccola contends shows us that the language of rights must be coupled with a robust understanding of social responsibility in order for liberal ideals to be realized Truly an original American thinker this book highlights Douglass s rightful place among the great thinkers in the American liberal tradition Pub website

Lincoln's Tragic Pragmatism John Burt, 2013-01-07 In their famous debates Lincoln and Douglas struggled with how to behave when an ethical conflict like slavery strained democracy s commitment to rule by both consent and principle What conscience demands and what it can persuade others to agree to are not always the same Ultimately this tragic limitation of liberalism led Lincoln to war

The Politics of Inclusion and Exclusion David Ericson, 2011-01-26 Assessing the limits of pluralism this book examines different types of political inclusion and exclusion and their distinctive dimensions and dynamics Why are particular social groups excluded from equal participation in political processes How do these groups become more fully included as equal participants Often the critical issue is not whether a group is included but how it is included Collectively these essays elucidate a wide range of inclusion or exclusion voting participation representation in legislative assemblies representation of group interests in processes of policy formation and implementation and participation in discursive processes of policy framing Covering broad territory from African Americans to Asian Americans the transgendered to the disabled and Latinos to Native Americans this volume examines in depth the give and take between how policies shape political configuration and how politics shape policy At a more fundamental level Ericson and his contributors raise some traditional and some not so traditional issues about the nature of democratic politics in settings with a multitude of group identities

The Age of Lincoln and Cavour Enrico Dal Lago, 2015-02-19 In the 19th century both Italy and the US were young countries pursuing liberal nationalism even as unity was threatened by a recalcitrant southern population This nuanced analysis of abolitionism and Italian democratic nationalism Lincoln and Cavour and the nation s two civil wars provides powerful new insights into their histories

Liberalism and Hegemony Michel

Ducharme, Jean-François Constant, 2009-01-01 The essays collected here explore the possibilities and limits presented by The Liberal Order Framework for various segments of Canadian history and within them the paramount influence of liberalism throughout the nineteenth and twentieth centuries is debated in various contexts *A Companion to John Adams and John Quincy Adams* David Waldstreicher, 2013-02-15 A Companion to John Adams and John Quincy Adams presents a collection of original historiographic essays contributed by leading historians that cover diverse aspects of the lives and politics of John and John Quincy Adams and their spouses Abigail and Louisa Catherine Features contributions from top historians and Adams scholars Considers sub topics of interest such as John Adams role in the late 18th century demise of the Federalists both Adams presidencies and efforts as diplomats religion and slavery Includes two chapters on Abigail Adams and one on Louisa Adams **The Other Founders** Saul Cornell, 2012-12-01 Fear of centralized authority is deeply rooted in American history The struggle over the U S Constitution in 1788 pitted the Federalists supporters of a stronger central government against the Anti Federalists the champions of a more localist vision of politics But argues Saul Cornell while the Federalists may have won the battle over ratification it is the ideas of the Anti Federalists that continue to define the soul of American politics While no Anti Federalist party emerged after ratification Anti Federalism continued to help define the limits of legitimate dissent within the American constitutional tradition for decades Anti Federalist ideas also exerted an important influence on Jeffersonianism and Jacksonianism Exploring the full range of Anti Federalist thought Cornell illustrates its continuing relevance in the politics of the early Republic A new look at the Anti Federalists is particularly timely given the recent revival of interest in this once neglected group notes Cornell Now widely reprinted Anti Federalist writings are increasingly quoted by legal scholars and cited in Supreme Court decisions clear proof that their authors are now counted among the ranks of America s founders *Contesting Slavery* John Craig Hammond, Matthew Mason, 2011-06-10 Recent scholarship on slavery and politics between 1776 and 1840 has wholly revised historians understanding of the problem of slavery in American politics Contesting Slavery builds on the best of that literature to reexamine the politics of slavery in revolutionary America and the early republic The original essays collected here analyze the Revolutionary era and the early republic on their own terms to produce fresh insights into the politics of slavery before 1840 The collection forces historians to rethink the multiple meanings of slavery and antislavery to a broad array of Americans from free and enslaved African Americans to proslavery ideologues from northern farmers to northern female reformers from minor party functionaries to political luminaries such as Henry Clay The essays also delineate the multiple ways slavery sustained conflict and consensus in local regional and national politics In the end Contesting Slavery both establishes the abiding presence of slavery and sectionalism in American political life and challenges historians long standing assumptions about the place meaning and significance of slavery in American politics between the Revolutionary and antebellum eras Contributors Rachel Hope Cleves University of Victoria David F Ericson George Mason University John Craig Hammond Penn State University New Kensington

Blair, 2013-03-01 The Journal of the Civil War Era Volume 3 Number 1 March 2013 TABLE OF CONTENTS Editor's Note William Blair Articles Amber D Moulton Closing the Floodgate of Impurity Moral Reform Antislavery and Interracial Marriage in Antebellum Massachusetts Marc William Palen The Civil War's Forgotten Transatlantic Tariff Debate and the Confederacy's Free Trade Diplomacy Joy M Giguere The Americanized Sphinx Civil War Commemoration Jacob Bigelow and the Sphinx at Mount Auburn Cemetery Review Essay Enrico Dal Lago Lincoln Cavour and National Unification American Republicanism and Italian Liberal Nationalism in Comparative Perspective Professional Notes James J Broomall The Interpretation Is A Changin Memory Museums and Public History in Central Virginia Book Reviews Books Received Notes on Contributors The Journal of the Civil War Era takes advantage of the flowering of research on the many issues raised by the sectional crisis war Reconstruction and memory of the conflict while bringing fresh understanding to the struggles that defined the period and by extension the course of American history in the nineteenth century

Gladstone's Influence in America Stephen J. Peterson, 2018-10-02 By the end of the nineteenth century William Gladstone was arguably the most popular statesman in America since Lincoln How did a British prime minister achieve such fame in an era of troubled Anglo American relations And what do press reactions to Gladstone's policies and published writings reveal about American society Tracing Gladstone's growing fame in the United States beginning with his first term as prime minister in 1868 until his death in 1898 this volume focuses on periodicals of the era to illuminate how Americans responded to modern influences in religion and politics His forays into religious controversy highlight the extent to which faith influenced the American cult of Gladstone Coverage of Gladstone's involvement in issues such as church disestablishment papal infallibility Christian orthodoxy atheism and agnosticism faith and science and liberal theology reveal deepening religious and cultural rifts in American society Gladstone's Influence in America offers the most comprehensive picture to date of the statesman's reputation in the United States
