The Wesleyan Tradition Michael Collier, 2012-08-22 Since issuing its first volumes in 1959 the Wesleyan poetry program has challenged the reigning aesthetic of the time and profoundly influenced the development of American poetry One of the country's oldest programs its greatest achievement has been the publication of early works by yet undiscovered poetry who have since become major awarded Pulitzer and Bollingen prizes National Book Awards and many other honors At a time when other programs are being phased out Wesleyan takes this opportunity to celebrate its distinguished history and reaffirm its commitment to poetry with publication of *The Wesleyan Tradition* Drawing from some 250 volumes editor Michael Collier documents the wide ranging impact of these works In his introduction he describes the literary and cultural context of American poetics in more recent decades tracing the evolution of the Deep Image and Confessional movements of the 50s and 60s and exploring the emergence of the prose lyric style Although the success of the Wesleyan program has inspired its share of imitators no other program has had such a fundamental impact Works by the eighty six poets included here both document and celebrate that contribution

I Speak of the City Stephen Wolf, 2007 *I Speak of the City* is the most extensive collection of poems ever assembled about New York Beginning with an early piece by Jacob Steendam from when the city was called New Amsterdam and continuing through poems written in the aftermath of 9

11 this anthology features voices from more than a dozen countries It includes two Nobel Prize recipients fifteen Pulitzer Prize winners and many other recognizable names but it also preserves the work of long neglected poets who celebrate the wild possibilities and colossal achievements of this epic city Poets capture New York's major moments and transformations writing of Hudson's arrival Stuyvesant's prejudice and the city's astonishing growth and gentrification They speak of the thrills of a skyscraper's observation deck and the privations of teeming tenements They portray the immigrant experience at Ellis Island and the decay fear and unexpected kindness on a subway ride They take place on sidewalks bridges and docks in taxis buses and ferries and even within nature The Brooklyn Bridge Times Square Broadway the Statue of Liberty and other familiar landmarks are recast through the prism of individual experience yet still reflect the seeming invincibility of New York and its status as a cultural magnet for the freethinking and experimental While certain subjects and themes can be found in all urban verse poems about New York have their own restless rhythm and ever changing style much like the city itself Whether writing sonnets epics or experimental or imagistic verse each of these poets has been inspired by the marvels and madness humor and heartbreak of an enduring city

Poets of World War II Various, 2003-01-27 This anthology brings together 120 poems about World War II by sixty two American poets chosen as editor Harvey Shapiro writes in his introduction with a purpose to demonstrate that the American poets of this war produced a body of work that has not yet been recognized for its clean and powerful eloquence The poets are generally unsentimental ironic and often astonished by what they have experienced and their insights still have the power to shake up our perceptions of that war and of war in general Most of the poets included in the volume served in the armed forces some Louis Simpson Anthony Hecht Kenneth Koch saw combat in the infantry while others James Dickey Howard Nemerov Richard Hugo John Ciardi fought in the air Also included poets who experienced the war as civilians including Robinson Jeffers Marianne Moore and Conrad Aiken poems by conscientious objectors and draft resisters including William Stafford and Robert Lowell and an elegy by James Tate for his father who was killed in action when Tate was an infant About the American Poets Project Elegantly designed in compact editions printed on acid free paper and textually authoritative the American Poets Project makes available the full range of the American poetic accomplishment selected and introduced by today's most discerning poets and critics

literature of exile the literature of catastrophe **Not One of Them in Place** Norman Finkelstein, 2012-02-01 Not One of Them in Place is the first book to examine the ways in which Jewish belief thought and culture have been shaped and articulated in modern American poetry Based on the idea that recent American poetry has gravitated between two traditions romantic and symbolist on the one hand modernist and objectivist on the other Norman Finkelstein provides a theoretical framework for reading the Jewish American canon as well as close readings of well known and less established poets including Allen Ginsberg Charles Reznikoff Louis Zukofsky Harvey Shapiro Armand Schwerner Hugh Seidman and Michael Heller Not One of Them in Place presents this poetry in a clear and nuanced style paying equal attention to its historical and its aesthetic dimensions The Teachers & Writers Guide to Classic American Literature Christopher Edgar, Gary Lenhart, 2001 Published by Teachers Writers Collaborative in association with The Library of America The T W Guide to Classic American Literature is an anthology of essays that provides rich and diverse approaches and insights to writers and teachers of writing at all levels These include introducing third graders to Gertrude Stein teaching Emily Dickinson s poetry to prisoners and using the model of Henry David Thoreau s journals in the college classroom The other authors discussed in this book are James Baldwin Elizabeth Bishop Raymond Chandler Stephen Crane Frederick Douglass Nathaniel Hawthorne Zora Neale Hurston Henry James Herman Melville Eugene O Neill Lorine Niedecker Edgar Allan Poe Anne Porter Wallace Stevens Jean Toomer Mark Twain Walt Whitman and William Carlos Williams The T W Guide to Classic American Literature also includes a useful bibliography and essay on using World War II journalism to inspire imaginative writing The distinguished contributors to this volume are veteran teachers of imaginative writing from across the country The T W Guide to Classic American Literature is an inspiring collection for teachers American literature and imaginative writing It is also a fascinating read for anyone passionate about teaching literature or creative writing Dying Modern Diana Fuss, 2013-04-12 In Dying Modern one of our foremost literary critics inspires new ways to read write and talk about poetry Diana Fuss does so by identifying three distinct but largely unrecognized voices within the well studied genre of the elegy the dying voice the reviving voice and the surviving voice Through her deft readings of modern poetry Fuss unveils the dramatic within the elegiac the dying diva who relishes a great deathbed scene the speaking corpse who fancies a good haunting and the departing lover who delights in a dramatic exit Focusing primarily on American and British poetry written during the past two centuries Fuss maintains that poetry can still offer genuine ethical compensation even for the deep wounds and shocking banalities of modern death As dying loss and grief become ever more thoroughly obscured from public view the dead start chattering away in verse Through bold original interpretations of little known works as well as canonical poems by writers such as Emily Dickinson Randall Jarrell Elizabeth Bishop Richard Wright and Sylvia Plath Fuss explores modern poetry s fascination with pre and postmortem speech pondering the literary desire to make death speak in the face of its cultural silencing *Catalog of Copyright Entries. Humanities Index Stephen H. Goode,1999 **Myth and the Greatest Generation** Kenneth Rose,2013-05-13 Myth and the Greatest Generation calls into question the glowing paradigm of the World War II generation set up by such books as *The Greatest Generation* by Tom Brokaw Including analysis of news reports memoirs novels films and other cultural artefacts Ken Rose shows the war was much more disruptive to the lives of Americans in the military and on the home front during World War II than is generally acknowledged Issues of racial labor unrest juvenile delinquency and marital infidelity were rampant and the black market flourished This book delves into both personal and national issues calling into questions the dominant view of World War II as *The Good War* **The Poetry of Everyday Life** Steve Zeitlin,2016-09-02 This is a book of encounters Part memoir part essay and partly a guide to maximizing your capacity for fulfillment and expression *The Poetry of Everyday Life* taps into the artistic side of what we often take for granted the stories we tell the people we love the metaphors used by scientists even our sex lives A folklorist writer and cultural activist Steve Zeitlin explores how poems serve us in daily life and how they are used in times of personal and national crisis In the first book to bring together the perspectives of folklore and creative writing Zeitlin explores meaning and experience covering topics ranging from poetry in the life cycle to the contemporary uses of ancient myths This convergence of poetry and folklore he suggests gives birth to something new a new way of seeing ourselves and a new way of being in the world Written with humor and insight the book introduces readers to the many eccentric and visionary characters Zeitlin has met in his career as a folklorist Covering topics from Ping Pong to cave paintings from family poetry nights to delectable dishes at his favorite ethnic restaurants *The Poetry of Everyday Life* will inspire readers to expand their consciousness of the beauty that resides in everyday things and to use creative expression to engage and animate that beauty toward living a more fulfilling awakened life full of laughter To live a creative life is the best way to engage with the beauty of the everyday *After the Fall* Richard Gray,2011-05-06 After the Fall A common refrain heard since the collapse of the World Trade Center towers on September 11 2001 is that everything has changed *After the Fall* presents a timely and provocative examination of the impact and implications of 9 11 and the war on terror on American culture and literature Author Richard Gray widely regarded as the leading European scholar in American literature reveals the widespread belief among novelists dramatists and poets as well as the American public at large that in the post 9 11 world they are all somehow living after the fall He carefully considers how many writers faced with what they see as the end of their world have retreated into the seductive pieties of home hearth and family and how their works are informed by the equally seductive myth of American exceptionalism As a counterbalance Gray also discusses in depth the many writings that get it right transnational and genuinely crossbred works that resist the oppositional and simplistic us and them Christian and Muslim language that has dominated mainstream commentary These imaginative works Gray believes choose instead to respond to the heterogeneous character of the United States as well as its necessary positioning in a transnational context *After the Fall* offers illuminating insights into the relationships of such issues as

nationalism trauma culture and literature during a time of profound crisis **The Routledge Introduction to American War Literature** Jennifer Haytock, 2018-05-11 War and violence have arguably been some of the strongest influences on literature but the relation is complex more than just a subject for story telling war tends to reshape literature and culture Modern war literature necessarily engages with national ideologies and this volume looks at the specificity of how American literature deals with the emotional intellectual social political and economic contradictions that evolve into and out of war Raising questions about how American ideals of independence and gender affect representations of war while also considering how specifically American experiences of race and class interweave with representations of combat this book is a rich and coherent introduction to these texts and critical debates **Meaning & Memory** Gary Pacernick, 2001
