Here are the insights of over two dozen psychologists, theologians, and those in pastoral care, all targeting the issue of sexual abuse. Designed as a resource for Christian educators, therapists, pastors, social workers, group leaders, and survivors, *The Long Journey Home* combines current research in mental health with rich theological reflection, global concern with fervent pastoral wisdom for the local faith community. This book addresses a major need. Christian Standard Reports from churches indicate that poor interpersonal relationships are the primary reasons for minister failure. Though they are taught the important skills of how to interpret the Bible, how to discern and articulate doctrine, how to direct worship services, and more, ministers are eventually faced with a congregation. While they may frequently call on some skills, and others not at all, interpersonal relationship skills are vital to any ministry. This book is designed to aid ministers, seminary students, denominational leaders, and church

members nurture their relationships with one another and with God and to help the understanding of oneself and of others that is part of the minister's task. These essays from the faculty of the New Orleans Baptist Theological Seminary focus on four areas of concern: relationship with oneself, with family, in the church, and in the community. Above all, these lessons are devised to aid in nurturing a secure setting for effectiveness in the ministry and in service to God. **A Starving Madness**

Judith Ruskay Rabinor, 2013-10-18. Stories have the power to change lives. These compelling tales of seven women and one man are a revealing look at the complexity of eating disorders, the process of psychotherapy, and the healing power of the relationship between therapist and client. Sufferers, their loved ones, and caregivers will benefit from the insights provided by this beautifully written collection. **Weight Loss from the Inside Out** Marion Bilich, 2000. Many Americans suffer from compulsive eating patterns: anorexia or extreme appetite suppression, bulimia, or the binge-purge syndrome. Compulsive overeating leading to obesity. Traditional diets and eating plans fail to eliminate these compulsions because they treat only the behavior and ignore the cause. They do not face the underlying emotional complications which food has for the sufferer.

The Religion of Thinness Michelle Mary Lelwica, 2013-10-18. With so many women approaching their diets, body image, and pursuit of a slender figure with slavish devotion, *The Religion of Thinness* is a timely addition to the discussion of our cultural obsession with weight loss. At the heart of this obsession is the belief that in order to be happy, one must be slim, and the attendant myths, rituals, images, and moral codes can leave some women with severe emotional damage. Idealized images in the media inspire devotees of this religion to experience guilt for behaviors that are biologically normal and necessary, and Lelwica offers two ways to combat this dangerous cultural message. Advising readers to look hard at the societal cues that cause them to obsess about their weight and to remain mindful about their actions and needs, this book will not only help stop the cycle of guilt and shame associated with food, it will help readers to grow and accept their bodies as they are. **Hidden Buddhas (Large Print 16pt)** Liza Dalby, 2010-06. *Hidden Buddhas* may well be Liza Dalby's best work yet. With its fascinating story of characters caught up in a world they themselves don't understand, besides taking us on a journey through little-known corners of Japan, it offers us an engaging and believable portrait of people driven to do things they may not have imagined. Arthur Golden, author of *Memoirs of a Geisha*. According to Buddhist theology, the world is suffering through a final corrupt era called mapp. As mapp continues, chaos will increase until the center can no longer hold. Then the world will end. In Japan, many believe that Miroku Buddha of the Future will appear and bring about a new age of enlightenment. From this ancient notion of doom and rebirth comes a startling new novel by the acclaimed author of *Geisha* and *The Tale of Murasaki*. Hundreds of temples in Japan are known to keep mysterious hidden buddhas secreted away, except on rare designated viewing days. These statues are not hidden because they are powerful; their power lies in their being hidden. Are they being protected, or are they protecting the world? In this novel, one Buddhist priest struggles with the dictates of his inherited orthodoxy while another rebels. An American graduate student begins to suspect the mysterious purpose of the hidden

buddhas just as he falls in love with a beautiful Japanese artist who is haunted by an aborted child The weaving of karma that brings these two together results in a tech savvy half Western half Japanese child who text messages her way through the profane world to enlightenment Tracing the lives of its characters through the late twentieth century to the present from Paris to Kyoto to California Hidden Buddhas turns a cosmopolitan eye on discipline and decadence in religion fashion politics and modern life Liza Dalby is an anthropologist and writer specializing in Japan She lives in Berkeley California

their characters dealt with challenges of family handicap depression and more You'll also find information drawn from modern clinical research that parallels the Biblical narratives The wisdom gained from these ancient stories is applied to help people gain self understanding and deal with their own situations today For psychotherapists these Biblical foundation stories can be used as a basis for integrating spirituality into psychotherapy The story of Moses who overcame a speech problem can be applied to the problems of a Midwestern college student and the account of David and Goliath can help a businessman overcome his fears of lack of macho A small sample of the Bible stories and their clinical implications that you'll find in this volume the foundation of self esteem Saul the courage to emigrate Abraham assuming responsibility for one's self Lot's wife focusing on one's main aim Sarah and Hagar dealing with commandments Abraham and Isaac dealing with temptations Adam and Eve drunkenness and disrespect Noah reciprocity between generations Naomi and Ruth amorality intellectualism Balaam aging Ecclesiastes dealing with disability Moses and Aaron abandonment David protected regression Jonah Biblical Stories for Psychotherapy and Counseling A Sourcebook will become a well used reference in your professional teaching collection These Biblical stories will be helpful to therapists
