Sharing Time A Big Person Little Person Project:

Sharing Time Kathy L. Miller,1990 Wake Up! a Mid-Life Challenge Roy C. Richards,2006-11 Renewal for Men and Women In Their Thirties Forties Fifties and Beyond Are you among the millions of North Americans over age thirty five burdened down by unfulfilled dreams diminished expectations an irrational fear of tomorrow and a stressful uninspiring daily routine Is your life at mid stream far less than you had intended it to be Our book A Mid Life Challenge Wake Up was written to restore joy reestablish positive expectations and return a spirit of adventure to your life Almost by accident the author awakened in the year 2000 to a highly positive realization persons in their middle years need not abandon dreams of a fulfilling career mutually beneficial personal relationships and a prosperous lifestyle precisely on their own terms Indeed for most middle age is an ideal time to reassess the present creatively plan for the future and take control over life s direction Unlike the author readers need not endure thirty long years of sleepwalking through life or rely upon a once in a lifetime chance inspiration Based upon personal experience and observation of successful renewal graduates the author lays out a comprehensive step by step blueprint to reinvigorate life at mid stream This book will inspire any middle aged woman or man earnestly committed to restoring positive emotions and reentering life s mainstream beginning this very day The author Roy Richards is a motivational speaker and consultant and co founder of the Middle Age Renewal Training Institute MART His stated mission is to revitalize the life experience for dispirited men and women over age thirty five A Phi Beta Kappa graduate of Carleton College Northfield Minnesota with a Masters in Business Administration from the University of Chicago the author spent seventeen years climbing the corporate ladder with four major U S corporations For the past fifteen years he has thrived as a small business owner and entrepreneur The author and his wife Gloria reside in Clive Iowa a suburb of Des Moines and are parents of two grown children Kristen and Geoffrey They share their home with an energetic English Springer Spaniel named Chips *Small Contribution Big Difference* Arshdeep Singh Veer,G. Singh,2015-04-15 *Small Contribution Big Difference* as the name describes this book sheds light on the basis of contribution Although the contribution is a small word to hear but its meanings are very deep to understand Because our small contribution can make a big difference in our society or in the lives of our loved ones people around us the people who are needy and poor This book is written to make everyone aware of the process of contribution and to make us think about how valuable a contribution is in our lives Contributing is not a difficult task it is a simple mindset that motivates and enables us to change our lifestyle to contribute some of our time money or resources to the lives of others Because often what happens to us at first we don t even think about contributing we don t know why we should contribute why we should do something good for society why we should help others And even if we realize it and make up our minds to do something then we are unable to find the right way to contribute according to our abilities and resources So this book introduces us to many reasons around the world for which our different contributions can make a difference Because there are so many issues in society such as poverty natural

disasters discrimination that affect basic human needs like food clothing shelter education etc so through this book we will be able to explore different ways by which We can help those in need and those who have been affected for some reason Whether it s someone in our family someone we love our neighbor a citizen of our nation or anyone in the world we can make their lives a little better by contributing This book also highlights some of the major evils of our society that are making our world very dirty and how we can get rid of these evils and raise our voice against them After reading this book we can realize that not only a big contribution can make a big difference in the world even our small contribution can make a big difference If we think we have a lack of resources that s why we are unable to contribute then that is not true there is only one thing we need that is a positive mind set by which we can contribute and devote ourselves anytime So hopefully this book will help all of us to see the world differently and make us able to find the real purpose of our life that will give us a life fulfillment and we would become capable to give back to the society In addition to this there are many other ways to contribute and there are other social issues that need to be considered that are not covered in this edition due to some limitations but hopefully they will definitely be considered in next editions
