Barrows, 2010-03-10 Designed to provide youth leaders with fun and wholesome recreation activities for children between the ages of 8 and 18 this handbook includes chapters on games rainy day activities dramatics storytelling songs campfire programs worship and devotions and inspiration for leaders Sheet music and lyrics to songs featured in the book are also included This second edition includes a new chapter on nature games and activities along with several expanded and updated chapters from the original work It is intended for use by anyone who works with youth in a recreation setting from camp counselors and scoutmasters to parents and club advisors

High Cols and Deep Canyons Stephen Legault, 2024-05-24 I am drawn to the empty quarter to open country to the place on the map where there are dragons and giants and the vast open spaces of mountains canyons rivers prairies and oceans However as the subtitle of this book declares I am merely an ordinary adventurer in search of extraordinary places In this series of fascinating and beautifully written essays about his deep desire for meaningful connection with the natural world his steadfast commitment to protecting the wilderness and his life on this vast and precious planet Legault invites us to explore the intricate relationships that develop between people and place when we immerse ourselves in wild nature Whether comfortably ensconced in a favourite easy chair or bedded down by a raging river under a canopy of stars readers will slip between sheer canyon walls walk a wind torn ridge high in the mountains meet Blondie the grizzly bear and perhaps discover their feral selves and the possibilities for a better future that

this awakening might bring **Engaging with Environmental Education through the Language Arts** Nicholas McGuinn, Amanda Naylor, 2024-11-04 This creative volume demonstrates the urgent importance of engaging students cognitively and affectively with the climate crisis and environmental education underpinning the vital role the language arts play in expanding this engagement for a better future Moving beyond the basic modalities of English chapters written by an internationally diverse group of contributors advocate for the integration of language arts with environmental education through broad representation of creative subdisciplines drama visual literacy philosophy poetry student voice and more These subdisciplines are explored to suggest the context in which environmental degradation forest ecologies carbon literacy and indigenous knowledges are taught further helping students to develop a comprehensive view of how they can effect change Ultimately the book makes a compelling argument by emphasising the significance of interdisciplinary learning in fostering a holistic understanding of environmental issues This volume will appeal to scholars researchers and postgraduate students in the field of environmental and sustainability education English and literacy language arts and teacher education more broadly Undergraduate students policymakers environmental educators and curriculum designers may also benefit from this volume **One Land** Christyne Imhoff, 1998 Explores some of the diverse cultures of the Santa Monica Mountains National Recreation Area and the surrounding Los Angeles and Ventura counties Shows how the land has been and is being used by the Chumash and Gabrielino Tongva native peoples and the Spanish Mexican settlers **Yoga Journal**, 1990-11 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty **A Human Values Pathway for Teachers** Suma Parahakaran, Stephen Scherer, 2021-03-19 This book combines perspectives from psychology spiritual education and digital teaching pedagogies in a transnational framework to discuss the Education in Human Values Program EHV for child development with a focus on silent sitting mindfulness meditation and story telling as tools in the classroom Through positive guidance in the early stages of child development using EHV tools teachers will be better equipped to handle disciplinary issues in primary and secondary schools These practices are also useful for the higher education community as teachers and educators from tertiary institutions may adopt these practices in their teaching and become reflective practitioners Topics such as teacher morale and school climate and its impact on children are discussed in relation to building resilience reflective capacities and inner strength shared values using an intrinsic and transformational approach The discussions also include perspectives from the neurosciences With contributions from teachers and educators from the US South Africa Malaysia Australia Hong Kong and Mauritius this edited volume addresses the challenges strengths and weaknesses associated with daily teaching practices in primary and secondary schools and higher education institutions The content is relevant to policymakers and researchers in

child development studies with a particular focus on the impact of silent sitting mindful practices and meditation on children's self regulation and resilience The authors collectively espouse that silent sitting techniques can help a child to grow and discover their hidden potential thus enhancing their social emotional spiritual and physical capacities

A Child's Place in the Environment: Caring for aquatic systems Olga N. Clymire,1996 *International Handbook of Research on Environmental Education* Robert B. Stevenson,Michael Brody,Justin Dillon,Arjen E.J. Wals,2013-05-02 The environment and contested notions of sustainability are increasingly topics of public interest political debate and legislation across the world Environmental education journals now publish research from a wide variety of methodological traditions that show linkages between the environment health development and education The growth in scholarship makes this an opportune time to review and synthesize the knowledge base of the environmental education EE field The purpose of this 51 chapter handbook is not only to illuminate the most important concepts findings and theories that have been developed by EE research but also to critically examine the historical progression of the field its current debates and controversies what is still missing from the EE research agenda and where that agenda might be headed Published for the American Educational Research Association AERA

Differentiating for the Young Child Joan Franklin Smutny,S.E. von Fremd,2004-03-18 Differentiating for the Young Child is designed to help primary teachers cope with the increase of diverse knowledge sets and different learning styles This book addresses early identification by using differentiation and offers strategies and methods for intellectual discovery and creative thinking It tackles issues relating to undeserved students emphasizes key discipline areas and discusses differentiated technology use Forms charts samples and appendices are included throughout the book to help general education teachers apply the material to their classrooms This book to inspire educators to move in new directions to meet the diverse needs of young students

Project Learning Tree ,1994 A Child's Place in the Environment: Achieving a sustainable community Olga N. Clymire,1996 **Parents' Guide to Hiking & Camping** Alice Cary,1997 Offers strategies for safe fun hiking backpacking cycling canoeing and camping and discusses family adventure gear campsite fundamentals age specific activities and related topics

The Sustainability Communication Reader Franzisca Weder,Larissa Krainer,Matthias Karmasin,2021-03-12 The Textbook seeks for an innovative approach to Sustainability Communication as transdisciplinary area of research Following the United Nations Sustainable Development Goals which are intended to transform the world as it is known we seek for a multidisciplinary discussion of the role communication plays in realizing these goals With complementing theoretical approaches and concepts the book offers various perspectives on communication practices and strategies on an individual organizational institutional as well as public level that contribute enable or hinder sustainable development Presented case studies show methodological as well as issue specific challenges in sustainability communication Therefore the book introduces and promotes innovative methods for this specific area of research

Earth Works Jim Dwyer,1996 Earth Works is the only comprehensive guide available to the best new and classic books about

nature and the environment for adults and YAs It provides descriptive entries for trade nonfiction and scholarly or technical books and a significant number of fiction titles which are of interest to both the general public and specialists Each chapter defines its scope then identifies key books or authors and refers to notable related works in other chapters
