Shark Infested Waters:

Shark: Infested Waters P. K. Hawkins, 2018-04-05 For Simon the trip was supposed to be a once in a lifetime gift a journey to the Amazon River Basin the land that he had dreamed about visiting since he was a child His enthusiasm for the trip may be tempered by the poor conditions of the boat and their captain leading the tour but most of the tourists think they can look the other way on it Except things go wrong quickly After a horrific accident Simon and the other tourists find themselves trapped on a tiny island in the middle of the river It's the rainy season and the river is rising The island is surrounded by hungry bull sharks that won't let them swim away And worst of all the sharks might not be the only blood thirsty killers among them It was supposed to be the trip of a lifetime Instead they'll be lucky if they make it out with their lives at all **Advice to Those who Find Themselves in Shark-infested Waters** Perry W. Everywhere we look we see anger pain poverty and sorrow We wonder how we are going to make ends meet People are facing unemployment or working two or even three jobs just to keep their heads above water I have walked these paths of heartaches and through my trials I have learned how to find joy peace and contentment even in my darkest hours In these pages I have sought to impart the wisdom and insight that I have gained through faith in God as I have overcome many of the trials that we all face in our lives I hope to inspire you to step out of your comfort zone and walk of the water of faith My goal is to help you identify the sharks that threaten to devour you and keep you from the victory that God has planned for you if you will just step out on that water

Shark Richard Ellis, 2012-04-17 The sharks ancient or modern real or imaginary have always been with us and will probably remain with us forever They appear not only in movies and literature but in countless permutations of size shape and materials permeating our daily lives with their silent menace In a sense humans live in a world replete with sharks not vice versa Thus Richard Ellis sets about chronicling and debunking the myths of sharks throughout history From 18th century art to the phenomena of JAWS the shark has remained the indomitable aggressor of the deep the last demon of humankind The image of the shark and the fear it inspires infiltrates our daily lives with its mythical power and strength But it is not man who should fear the shark Our need to dominate these predators is destroying them and their habitat Through hundreds of full color images Ellis proves the necessity of preserving these majestic creatures As curator of the Ft Lauderdale Museum of Art's exhibition entitled Shark debuting May 2012 Ellis adeptly turns these sleek efficient hunters from monsters of the deep into rare beautiful forces of nature
