Devising such scenarios can take a lot of effort and more critically time which is always in short supply This book is designed to take the time and effort out of organising fascinating and challenging wargames set in the Peninsular War

In addition to 20 carefully devised scenarios of varying size and complexity this book contains a concise introduction to the theatre of operations and an integrated chronology of battles and campaigns showing where the scenarios fit into the wider events The scenarios and orders of battle are intended for use with Pen Sword's own Napoleonic wargame rules Grand Battery but they are easily adaptable for use with other leading systems

Briefing notes on the context of the battle and the dilemmas and objectives facing each commander
