Shelleys Theory Of Poetry A Reappraisal

Madeleine Callaghan

Shelleys Theory Of Poetry A Reappraisal:

   Shelley's theory of poetry Earl J. Schulze,2015-07-24 No detailed description available for Shelley s theory of poetry
   Shelley's Theory of Poetry Earl John Schulze,1962   **Shelley Among Others** Stuart Peterfreund,2002 This is a comprehensive reading of Shelley s oeuvre through the lens of developments in literary and psychoanalytic theory The author provides though provoking readings of well known works and also explores less familiar pieces   **The Dark Angel: Gothic Elements in Shelley's Works** John V. Murphy,1975 By establishing a relationship between Shelley s works and the Gothic tradition this study offers a new way of approaching the center of Shelley s thought Consideration of Shelley s application of the Gothic mode as an agency for psychological analysis is preceded by a brief introduction to Gothic sensibility   *Shelley's Style* William Keach,2016-01-08 First published 1984 In a provocative study this book argues that the problems posed by Shelley s notoriously difficult style must be understood in relation to his ambivalence towards language itself as an artistic medium the tension between the potential of language to mirror emotional experience and the recognition of it s inevitable limitations Through an exposition of Shelley s idea of language as reflected in his theoretical writings and individual poems this book makes a strong case for his artistic worth A definitive introduction to Shelley useful for both scholars and newcomers this book will be interest to students of literature   **Imageless Truths** Karen A. Weisman,2016-11-11 In Imageless Truths Karen A Weisman offers a new reading of Shelley s work in the context of the poet s changing constructions of poetic fictions Shelley s understanding of language in general and of the fictions and their rhetorical trope in particular evolved throughout his career and Weisman argues that it is in his self consciousness over these transformations that we can find the primary motivating factor in the poet s philosophical and literary development Weisman discerns in Shelley an ongoing quest for a mode of fiction making that can accommodate both the poet s belief in a metaphysical ultimate and his anxiety over the implications of grounding poetic fictions too firmly in the details of everyday life If Shelley s awareness of fictionality is a major element in the poetry it is an awareness that comes with the troubled sense of the limits of fiction Weisman contents that it is this persistent double edged anxiety that distinguishes Shelley from the other English Romantics Her point is not intended to deny the validity or the continuing relevance of the deconstructionist perspective nor the value of its various claims for Shelley she is simply concerned that the instability of poetic fictions was eventually perceived as a given by Shelley as the beginning premise which he acknowledged and then tried to move beyond Imageless Truths will be of interest to students and scholars of English literature   **Routledge Library Editions: Percy Shelley** Various,2021-03-11 Percy Shelley is widely considered one of the most important Romantic poets of the 19th Century and was a key influence on the Victorian and pre Raphaelite poets in the century following his death in 1822 However for many years his writing was largely ignored in the mainstream due to the radical politics he espoused and it is only in relatively recent times he has become universally admired Routledge Library Editions Percy Shelley collects a broad range of scholarship ranging from

examinations of Shelley s style and political intentions to an assessment of his impact on the broader Romantic Movement This set reissues 4 books on Percy Shelley originally published between 1945 and 2009 and will be of interest to students of literature and literary history **Shelley's Process** Jerrold E. Hogle,1989-01-12 In this set of thorough and revisionary readings of Percy Bysshe Shelley s best known writings in verse and prose Hogle argues that the logic and style in all these works are governed by a movement in every thought memory image or word pattern whereby each is seen and sees itself in terms of a radically different form For any specified entity or figure to be known for what it is it must be reconfigured by and in terms of another one at another level which must then be dislocated itself In so delineating Shelley s process Hogle reveals the revisionary procedure in the poet s various texts and demonstrates the powerful effects of radical transference in Shelley s visions of human possibility **Shelley's Living Artistry** Madeleine Callaghan,2017 This study of the poetry and drama of Percy Bysshe Shelley reads the letters and their biographical contexts to shed light on the poetry tracing the ambiguous and shifting relationship between the poet s art and life For Shelley both life and art are transfigured by their relationship with one another where the poet participates in the eternal the infinite and the one but is equally bound up with and formed by the society in which he lives and the past that he inherits Callaghan shows that the distinctiveness of Shelley s work comes to rest on its wrong footing of any neat division of life and art The dazzling intensity of Shelley s poetry and drama lies in its refusal to separate the twain as Shelley explores and finally explodes the boundaries between what is personal and what is poetic Arguing that the critic like the artist cannot ignore the conditions of the poet s life Callaghan reveals how Shelley s artistry reconfigures and redraws the actual in his poetry The book shows how Shelley s poetic daring lies in troubling the distinction between poetry as aesthetic work hermetically sealed against life and poetry as a record of the emotional life of the poet The Romantic Imagination John Spencer Hill,1977-12-01 This is a Bloomsbury Academic title For our full Academic Catalogue please visit https www bloomsbury com uk academic **The Poet-Hero in the Work of Byron and Shelley** Madeleine Callaghan,2019-02-28 Byron s and Shelley s experimentation with the possibilities and pitfalls of poetic heroism unites their work The Poet Hero in the Work of Byron and Shelley traces the evolution of the poet hero in the work of both poets revealing that the struggle to find words adequate to the poet s imaginative vision and historical circumstance is their central poetic achievement Madeleine Callaghan explores the different types of poetic heroism that evolve in Byron s and Shelley s poetry and drama Both poets experiment with challenge and embrace a variety of poetic forms and genres and this book discusses such generic exploration in the light of their developing versions of the poet hero The heroism of the poet as an idea an ideal and an illusion undergoes many different incarnations and definitions as both poets shape distinctive and changing conceptions of the hero throughout their careers The Theory of Criticism Raman Selden,2014-09-25 This book is divided into five parts and covers representation subjectivity form structure and system history and society morality class and ideology Each part contains several thematic sections in which extracts from different writers and periods are juxtaposed

The study of literary theory has tended to concentrate on very recent developments This volume however establishes both a sense of the continuities from Plato to the present day as well as the discontinuities These are presented through comparisons and contrasts across the entire field of critical history **Shelley's Poetry** S. Haines,1997-02-24 Shelley s detractors since Hazlitt have noticed a division in the self of his poems A central reasoning core fears the passions surrounding it and distrusts the language expressing it A few of his admirers offer an alternative view of the poems as symbolical pointers to a non linguistic reality transcending passion most miss the point justifying their admiration by referring to the poems systems of thought This reading of Shelley s major poems and critical prose finds the adverse case more convincing *Regents' Proceedings* University of Michigan. Board of Regents,1990 **Proceedings of the Board of Regents** University of Michigan. Board of Regents,1990 **Milton and the drama of the soul** ,2019-05-20 No detailed description available for Milton and the drama of the soul **Eros and the romantics** Gerald Enscoe,2015-07-24 No detailed description available for Eros and the romantics **Hollands leaguer** Nicholas Goodman,2015-07-24 No detailed description available for Hollands leaguer The Mythopoeic Code of Tolkien Jyrki Korpua,2021-05-24 J R R Tolkien is arguably the most influential fantasy writer of all time his world building and epic mythology have changed Western audiences imaginations and the entire fantasy genre This book is the first wide ranging Christian Platonic reading on Tolkien s fiction This analysis written for scholars and general Tolkien enthusiasts alike discusses how his fiction is constructed on levels of language myth and textuality that have a background in the Greek philosopher Plato s texts and early Christian philosophy influenced by Plato It discusses the concepts of ideal and real creation and existence and fall and struggle as central elements of Tolkien s fiction focusing on The Hobbit The Lord of the Rings The Silmarillion and The History of Middle earth Reading Tolkien s fiction as a depiction of ideal and real from the vision of creation to the process of realization illuminates a part of Tolkien s aesthetics and mythology that previous studies have overlooked Shakespeare and the Ambiguity of Love's Triumph Charles R. Lyons,2017-12-04 No detailed description available for Shakespeare and the Ambiguity of Love s Triumph
