Chmelka, 2002-11-19 Matej's Journey to America is a creative nonfiction chronicle exploring the forces that drove our immigrant ancestors to new lands After Adam and Eve's eviction from Eden man slowly scattered with a great dispersion occurring about 2700 BC as the Lord confounded the tongues of presumptuous Babylonians building a tower to heaven Among the afflicted was an Aryan slave named Chmelka who was growing hops chmel in the new Slavic language to flavor beer for his Semitic masters As the Slavs fled northward toward unknown Czech lands other tribes migrated in all directions According to The Book of Mormon the righteous Jared took a Semitic clan from Babel across the mountains deserts and oceans to a New World later named America Another Semitic clan that passed through Babylon 850 years later included a young Abraham destined to be the patriarch of Judaism Christianity and Islam He introduced the concept of a single God revered by all his religious descendants but despite their many commonalties each of these three great religions seem convinced it has the only correct formula for salvation justifying incredible atrocities with God always on its side The descendants of the first Chmelka struggled as great civilizations developed and fell through the turmoil and bloodshed of the Dark Ages Marco Polo awakened Europe in the late 13th century to the riches of the Far East giving rise to explorers like Christopher Columbus who stumbled onto the North American Continent in 1492 The Protestant Reformation began to divide the Holy Roman Empire at the time adding to the bloodshed as Austria Prussia and France fought for domination in Europe Meanwhile Spain England and France were colonizing and competing for control in the New World that was becoming home to an increasing number of European emigrants looking for a better life The American Colonies fought for independence and then began to absorb all lands from the Atlantic to the Pacific Thomas Jefferson purchased the immense Louisiana Territory from Napoleon in 1803 after which mountain men opened the West to homesteaders miners and ranchers My great great grandfather Matej was born as the Rocky Mountain fur trade boomed in 1825 and grew up on a 13 acre farm in Moravia where the Chmelkas had been serfs since Charlemagne was crowned the first Holy Roman Emperor a millennium earlier Matej became a Dragoon in the Austrian Imperial Army and helped put down a revolution in Prague in 1848 the year gold was discovered in California but war spread and life worsened for European peasants Gold homesteads and wild Texas longhorns free for the taking lured thousands of oppressed Europeans to America on steamships and railroads now making long distance travel feasible After Prussia defeated the Austrian Empire including Bohemia and Moravia and then France Matej's family escaped its misery and immigrated to Nebraska in 1871 They found a difficult life with grasshoppers drought hail and fires destroying crops spurring Matej's fourteen year old son to join a Texas cattle drive and then dodge Indians and gunfighters for fourteen years

The Black Citizen-soldiers of Kansas, 1864-1901 Roger D. Cunningham, 2008 Whether slaves or free men African Americans were generally excluded from military service until Emancipation Many Americans know the story of the United States Colored Troops who broke racial barriers in Civil War combat and of the buffalo soldiers who served in the West after that conflict but African Americans also served in segregated militia units in twenty three states This book tells the story of

that experience in Kansas Roger Cunningham examines a lost history to show that in addition to black regulars hundreds of other black militiamen and volunteers from the Sunflower State provided military service from the Civil War until the dawn of the twentieth century He tells how African Americans initially filled segregated companies hurriedly organized to defend the state from the threat of Confederate invasion with some units ordered into battle around Kansas City Then after the state constitution was amended to admit blacks into the Kansas National Guard but its generals still refused to integrate blacks served in reserve militia and independent companies and in all black regiments that were raised for the Spanish American and Philippine wars Cunningham has researched service records African American newspapers and official correspondence to give voice to these citizen soldiers He shares stories of real people like William D Matthews a captain in the First Kansas Colored Infantry who was refused a commission when his regiment was mustered into the Union army Charles Grinstead who commanded the first black militia company after the Civil War and other unsung heroes More than a military history Cunningham s account records the quest of black men many of them former slaves for inclusion in American society Many came from the bottom of the socioeconomic order and found that as militiamen they could gain respect within their communities And by marching in public ceremonies and organizing fund raising activities to compensate for lack of financial support from the state they also strengthened the ties that bound African American communities together The Black Citizen Soldiers of Kansas 1864 1901 broadens the story of these volunteers beyond the buffalo soldiers telling how they served their state and country in both peace and war It opens a new chapter in history both for the state and for African Americans throughout the United States
