Lake Eyre Basin Rivers Richard Kingsford, 2017-12-01 Water is scarce in the Lake Eyre Basin in the heart of Australia The region goes through natural cycles of boom and bust and the flooding of the basin rivers is accompanied by spectacular responses from wildlife and vegetation However the Lake Eyre Basin faces the threat of diversion of water from

rivers and wetlands and development of floodplains for irrigation and mining Around the world such water resource developments have caused widespread degradation of rivers and loss of habitats Lake Eyre Basin Rivers outlines the environmental social and economic values of the rivers from a diverse range of perspectives including science tourism economy engineering policy Traditional Owners and pastoralists It describes the current state of the environment and the past and ongoing threats to the river systems drawing on stories from the Murray Darling Basin It also provides direction for ensuring that the rivers remain free flowing to service the environment and future generations This book is a valuable reference for environment and government agencies industries and policy makers concerned with the region and will be of interest to the communities of the Lake Eyre Basin *Donald Thomson In Arnhem Land* Nicolas Peterson, 2018-07-13 I had lived and hunted with these people accompanied them on their nomadic wanderings and learned their customs and their languages with the result that I understood and believed in them and resented the injustices under which they had suffered for so long at the hands of the white man and other invaders of their territory In 1932 33 Yolngu people living in the Caledon Bay area of north east Arnhem Land were involved in the killing of five Japanese fishermen and three Europeans A punitive expedition was proposed to teach the Aborigines a lesson In response Donald Thomson a Melbourne born anthropologist offered to investigate the causes of the conflict After seven months of investigation he persuaded the Federal Government to free the three men convicted of the killings and returned with them to their own country subsequently spending fifteen months documenting the culture of the region Whilst in Arnhem Land Thomson a superb and enthusiastic photographer made the most comprehensive photographic record of any fully functioning self supporting Aboriginal society that we will ever have The one hundred and thirty images included in this book cover domestic life subsistence house types material culture and religious life providing a uniquely privileged glimpse of life beyond the frontier Thomson recorded his experiences in newspaper and academic articles private papers and extended reports to the government Nicolas Peterson brings this material together as a compelling highly personal narrative in Thomson s own words It is a narrative that names all the Aboriginal people involved presenting them as individuals in a way no other writings of the time do Through it all Thomson s passionate commitment to Aboriginal rights as defender critic and advocate shines through **The Works of Gilbert Parker** Gilbert Parker, 1912 *The Living Age* , 1892 *Traditionalism and Modernity* Dr. A.H.M Zehadul Karim, 2014-04-04 This book has outlined many aspects of traditionalism and modernity although the topics here are divergent the consistent part of it is that all of the authors mostly come from the same disciplines of Sociology and Social Anthropology The main concern is to find out the socio cultural changes that have occurred due to modernization and development From that perspective the book is very useful to understand Sociology and Social Anthropology from diversities based on traditionalism and modernity It contains eleven articles contributed by a few renowned sociologists and social anthropologists from a number of countries around the world focusing on diversified issues on traditionalism and modernity
