Losing Ground Jione Havea, 2022-07-07 The Ruth narrative opens with a climate crisis a famine pushed a family to migrate and addresses some of the critical concerns for refugees food security home land inheritance Around those concerns Losing Ground Reading Ruth in the Pacific offers a collection of bible studies from the Pacific that interweave the climate pandemic with the interests and wisdoms of Pasifika natives Weaving Ruth's story together with the stories of those who as Pacific islanders on the frontline of a climate catastrophe are forced to leave their homes because of rising sea levels Pasifika bible scholar Jione Havea offers a powerful and potent contribution which refuses to pretend scripture can be read separately from the every day realities of a climate emergency

French, 2010-10-25 This collection of essays examines the moral psychological and philosophical dilemmas posed by war *Reflections on Ethics and Responsibility* Zachary J. Goldberg, 2017-02-06 The original essays in this book address the influential writings of Peter A. French on the nature of responsibility ethics and moral practices French's contributions to a wide spectrum of philosophical discussions have made him a dominant figure in the fields of normative ethics meta ethics applied ethics as well as legal and political philosophy Many of French's deepest insights come from identifying and exploring the scope and nature of moral responsibility and human agency as they appear in actual events real social and cultural practices as well as in literature and film This immediacy renders French's scholarship vital and accessible to a wide variety of audiences The authors recognized for their own contributions to the understanding of the nature of morality and moral practices offer new and unique positions while exploring expanding and responding to those of French The final chapter is written by French in which he provides both new philosophical insight as well as some reflection on his own work and its influence This book will appeal to philosophers as well as advanced students and researchers in the humanities social sciences law and political science

Most Succinctly Bred Alex Vernon, 2006 An essayistic memoir on being a soldier Alex Vernon's Most Succinctly Bred explores war by exploring around war by operating in the margins Vernon records his ongoing relationship with war and soldiering from growing up in late Cold War 1980s middle America to attending West Point going to and returning from the first Gulf War and watching as a writer and academic the coming of the second Iraq war Unlike a mere essay collection this book has a trajectory and the chapters appearing in rough chronological order loop in and out of one another It is not a narrow autobiography that attempts to account only for the writer's life it uses that life to illuminate the lives of its readers to tell us all about the time and place in which we find ourselves War has seasoned this reluctant soldier it has wounded him as it wounds all soldiers But war has not stopped Alex Vernon's life A large part of what we read here is a fascinating story of recovery
