research I experience I seek gurus I talk to my peers Yet I remember at the end of it all I am the expert of my own body We may all have the same healthy living goal longer healthier lives but it s ok for each of us to construct our own path to get there Are you ready It s time to start creating yours Carla Birnberg **How to Manage Your Home Without Losing Your Mind** Dana K. Passionate Work Renyi Hong, 2022-04-04 In *Passionate Work* Renyi Hong theorizes the notion of being passionate about your work as an affective project that encourages people to endure economically trying situations like unemployment job change repetitive and menial labor and freelancing Not simply a subject of aspiration passion has been deployed as a means to build resilience and mend disappointments with our experiences of work Tracking the rise of passion in nineteenth century management to trends like gamification coworking and unemployment insurance Hong demonstrates how passion can emerge in instances that would not typically be understood as passionate Gamification numbs crippling boredom by keeping call center workers in an unthinking suspensive state pursuing even the most banal tasks in hope of career advancement

Coworking spaces marketed toward freelancers combat loneliness and disconnection at the precise moment when middle class sureties are profoundly threatened Ultimately Hong argues the ideal of passionate work sustains a condition of cruel optimism in which passion is offered as the solution for the injustices of contemporary capitalism
