**Sweet Sorrow** Alan B. Eppel, 2018-05-08 This book defines the centrality of love and loss in human life and in human meaning Bowlby's Attachment theory forms the basis for understanding our selves and our relationships The author proposes that love is the subjective experience of attachment and that dyadic relationships are the source of ultimate meaning He supports his theses with a tour de force integration of ideas from attachment theory psychoanalysis neuroscience and existential philosophy He argues that the quality of attachment between mother and infant lays the foundation for the formation of individual identity and ultimately shapes our capacity to engage in relationships with others

The author describes loss as the reciprocal of attachment and considers the enormous influence of loss on our moods sense of identity and our desire to live or die The final segments of the book describe the implications of this analysis and links it to the meaning and purpose of human life All of us seek to understand the meaning of life and especially the meaning of our own lives     Mystical Encounters with the Natural World Paul Marshall,2005-07-07 Some experiences of the natural world bring a sense of unity knowledge self transcendence eternity light and love This is the first detailed study of these intriguing phenomena Paul Marshall explores the circumstances characteristics and after effects of this important but relatively neglected type of mystical experience and critiques explanations that range from the spiritual and metaphysical to the psychoanalytic contextual and neuropsychological The theorists discussed include R M Bucke Edward Carpenter W R Inge Evelyn Underhill Rudolf Otto Sigmund Freud Aldous Huxley R C Zaehner W T Stace Steven Katz and Robert Forman as well as contemporary neuroscientists The book makes a significant contribution to current debates about the nature of mystical experience     **The Variorum Edition of the Poetry of John Donne, Volume 2** John Donne,Gary A. Gay,1992-09-01 This book is the only full length treatment of the relationship between aesthetic truths and psychoanalytic discoveries of art artists and a new concept of sublimation It provides a radical and unique study of the concept of sublimation and proposes a modest replacement for it In the first third of the book the author reviews critically the psychoanalytic sources of the concept of sublimation In the second third he shows how the concept developed from Freud s nineteenth century notions of perception In the last third he revises a concept of sublimation using a contemporary theory of perception In the final chapter he examines four works of literature short stories of John Cheever a Japanese novel portions of Hamlet and sublimation and perversion in Orson Welles Citizen Kane     **The Poet-Physician** Donald C. Goellnicht,2010-11-23 For six years of his brief life Keats studied medicine first as an apprentice in Edmonton and then as a medical student at Guy s Hospital in London His biographers have generally glossed over this period of his life and critics have ignored it and denied the influence of medical training on his poetry and thought In this challenging reappraisal Goellnicht argues that Keats writings reveal a distinct influence of science and medicine Goellnicht researches Keats course work and texts to reconstruct the milieu of the early nineteenth century medical student He then explores the scientific resonances in Keats individual works and convincingly shows the influence of his early medical training     *Canadian Books in Print. Author and Title Index* ,1975     Sylvia Plath Suman Agarwal,2003 This book celebrates Sylvia Plath s achievements

as a highly prolific writer who brought a path breaking revolution in the world of poetry thereby making each woman feel the pulse of life A confessionalist of both weight and colour Plath was not scared to openly pen down her feelings what she underwent and in no way was she different or less as compared to her contemporaries and the modernists This enigmatic personality plunged into depression and resorted to hair raising incident of rendering a note to her life by committing suicide at the age of 32 Disdaining political and social subjects Plath was a different breed from the beat nicks of her own time and all this goes to prove that she was stunningly original and a powerful poet Even 40 years after her death in 1963 her place in English literature is assured Twentieth century has been a devastating one especially when one is to peep into writers personal life which has been nerve wrecking and this book is an attempt to analyze Plath her life writings and also her relation to modern poets
