*The Beatles and the Historians* Erin Torkelson Weber,2016-04-28 Hundreds of books have been written about The Beatles Over the last half century their story has been mythologized and de mythologized and presented by biographers and journalists as history Yet many of these works do not strictly qualify as history and the story of how the Beatles mythology continues to be told has been largely ignored This book examines the band s historiography exploring the four major narratives that have developed over time The semi whitewashed Fab Four account the acrimonious breakup era Lennon Remembers version the biased Shout narrative in the wake of John Lennon s murder and the current Mark Lewisohn orthodoxy Drawing on the most influential primary and secondary sources Beatles history is analyzed using historical methods

the release of Get Back in 2022 Matteo explores the production process original theatrical film releases subsequent VHS DVD and Blu ray releases and bonus materials along with the US and UK soundtracks In addition to copious anecdotes and behind the scenes details he also places these films in their larger context a period of unprecedented artistic and commercial innovation in British and world cinema Filled with stories and insights that will satisfy collectors buffs and casual fans alike this is the definitive account of an underappreciated part of the Beatles creative output     **Recording the Beatles** Kevin Ryan,Brian Kehew,2006 A detailed look at every piece of studio gear used full explanations of effects and recording processes and an inside look at how specific songs were recorded     **John Lennon Imagined** Janne Mäkelä,2004 Considered one of the most innovative artists in the history of popular music John Lennon is also a fascinating example of the relationship between rock music and celebrity Through investigation of the cultural and historical background of his stardom in England and the United States this book explores why John Lennon became a much debated celebrity and why he remains so Lennon s career from the 1960s until his tragic death in 1980 and even beyond demonstrates how different expectations articulated by the star the music industry the media and the fans form relations which change in terms of time and place Using a multidisciplinary approach and intriguing case studies this book also examines cultural identity authenticity and gender in popular music stardom     Buddy Holly Ellis Amburn,2023-06-06 The definitive biography on Buddy Holly Ellis Amburn presents the most comprehensive biography ever written about the legendary figure Buddy Holly a young man who transformed the course of American music with his shocking blend of country western and rhythm n blues Having devoted the last five years of his life to this work crisscrossing the rural paths of the United States from Texas to Iowa to Minnesota Amburn portrays Holly as a mythic antihero whose rebellious dramatic life was a reaction against the constricting values of America in the 1950s when his music was regarded as the work of the devil From his wild days as a juvenile delinquent to his first romances to his early associations with then virtually unknown singers like Elvis Presley and Waylon Jennings Holly emerges as a deeply tortured driven individual and a brilliantly talented young man in a hurry to make it as a star And like many stars Buddy Holly s would ultimately be tragic and bittersweet     **The Rockin' 60s: The People Who Made the Music** Brock Helander,2001-01-01 The Rockin 60s is a comprehensive guide through the decade that produced the greatest music of all time The Beatles The Rolling Stones Bob Dylan Jimi Hendrix Led Zeppelin Phil Spector The Beach Boys Aretha Franklin and hundreds more emerged from this era Delve into a narrative history of each group and examine the people behind the music along with an analysis of key recordings discography and archival photos throughout     *The Beatles, Sgt. Pepper, and the Summer of Love* Kenneth Womack,Kathryn B. Cox,2017-07-03 For the Beatles 1967 marks a signal crossroads that would both transform the group s career and place them on a trajectory towards their eventual disbandment It was a year in which they exploded prevailing rock music demographics through the global onslaught and international success of Sgt Pepper s Lonely Hearts Club Band beginning in June 1967 Yet it was also a period that saw them in a

precarious state of flux throughout the summer and fall months as the band attempted to recapture their artistic direction in the wake of Sgt Pepper and the untimely death of manager Brian Epstein The Beatles Sgt Pepper and the Summer of Love draws readers into that pivotal year in the life of the band For the Fab Four 1967 would see the band members part ways with psychedelia and the avant garde through the trials and tribulations of the Magical Mystery Tour a project that resulted in a series of classic recordings while at the same time revealing the bandmates aesthetic vulnerabilities and failings as would be filmmakers and auteurs
