Experiments with Marxism-Leninism in Cold War Southeast Asia Matthew Galway,Marc H. Opper,2022-09-21 One of the most contentious theatres of the global conflict between capitalism and communism was Southeast Asia From the 1920s until the end of the Cold War the region was racked by international and internal wars that claimed the lives of millions and fundamentally altered societies in the region for generations Most of the 11 countries that compose Southeast Asia were host to the development of sizable communist parties that actively and sometimes violently contested for political power These parties were the object of fierce repression by European colonial powers post independence governments and the United States Southeast Asia communist parties were also the object of a great deal of analysis both during and after these conflicts This book brings together a host of expert scholars many of whom are either Southeast Asia based or from the countries under analysis to present the most expansive and comprehensive study to date on ideological and practical experiments with Marxism Leninism in Southeast Asia The bulk of this edited volume presents the contents of these revolutionary ideologies on their own terms and their transformations in praxis by using primary source materials that are free of the preconceptions and distortions of counterinsurgent narratives A unifying strength of this work is its focus on using primary sources in the original languages of the insurgents themselves

South Vietnamese Soldiers Nathalie Huynh Chau Nguyen,2016-03-21 Published on the 40th anniversary of the end of the war in Vietnam this book brings to life the experiences and memories of

South Vietnamese soldiers the forgotten combatants of this controversial conflict South Vietnam lost more than a quarter of a million soldiers in the Vietnam War yet the histories of these men and women are largely absent from the vast historiography of the conflict By focusing on oral histories related by 40 veterans from the former Republic of Vietnam Armed Forces this book breaks new ground shedding light on an essentially unexplored aspect of the war and giving voice to those who have been voiceless The experiences of these former soldiers are examined through detailed firsthand accounts that feature two generations and all branches of the service including the Women s Armed Forces Corps Readers will gain insight into the soldiers early lives their military service combat experiences and friendships forged in wartime They will also see how life became worse for most in the aftermath of the war as they experienced internment in communist prison camps discrimination against their families on political grounds and the dangers inherent in escaping Vietnam whether by sea or land Finally readers will learn how veterans who saw no choice but to leave their homeland succeeded in rebuilding their lives in new countries and cultures

Legends of Vietnam Nghia M. Vo,2014-01-10 Legends are a mirror of the culture that creates them a revealing lens through which to observe society religion history and traditions This volume explores Vietnamese legends from 1321 to today tales of gods spirits ghosts giants extraordinary individuals heroes common people and animals It explains the mores thought processes and religions that formed the genesis of Vietnamese legends traces the development of legends through time and space and highlights the historical and social differences between northern and southern legends Over time this work shows Vietnamese legends have evolved from a 14th century means of government propaganda to become a form of news entertainment and thought for the masses

The Indochinese Experience of the French and the Americans Arthur J. Dommen,2002-02-20 Dommen s book promises to be the definitive political history of Indochina during the Franco American era William M Leary E Merton Coulter Professor of History University of Georgia This magisterial study by Arthur J Dommen sets the Indochina wars French and American in perspective as no book that has come before He summarizes the history of the peninsula from the Vietnamese War of Independence from China in 930 39 through the first French military actions in 1858 when the struggle of the peoples of Indochina with Western powers began Dommen details the crucial episodes in the colonization of Indochina by the French and the indigenous reaction to it The struggle for national sovereignty reached an acute state at the end of World War II when independent governments rapidly assumed power in Vietnam and Cambodia When the French returned the struggle became one of open warfare with Nationalists and Communists gripped in a contest for ascendancy in Vietnam while the rulers of Cambodia and Laos sought to obtain independence by negotiation The withdrawal of the French after their defeat at Dien Bien Phu brought the Indochinese face to face whether as friends or as enemies with the Americans In spite of an armistice in 1954 the war between Hanoi and Saigon resumed as each enlisted the help of foreign allies which led to the renewed loss of sovereignty as a result of alliances and an increasingly heavy loss of lives Meticulous and detailed Dommen s telling of this complicated story is always judicious

Nevertheless many people will find his analysis of the Diem coup a disturbing account of American plotting and murder This is an essential book for anyone who wants to understand Vietnam and the people who fought against the United States and won *Asian American History and Culture: An Encyclopedia* Huping Ling, Allan W. Returns of War

Long T. Bui, 2018-11-06. The legacy and memory of wartime South Vietnam through the eyes of Vietnamese refugees. In 1975 South Vietnam fell to communism marking a stunning conclusion to the Vietnam War. Although this former ally of the United States has vanished from the world map, Long T. Bui maintains that its memory endures for refugees with a strong attachment to this ghost country. Blending ethnography with oral history, archival research and cultural analysis, *Returns of War* considers *Returns of War* argues that Vietnamization as Richard Nixon termed it in 1969 and the end of South Vietnam signals more than an example of flawed American military strategy but a larger allegory of power providing cover for U.S. imperial losses while denoting the inability of the South Vietnamese and other colonized nations to become independent modern liberal subjects. Bui argues that the collapse of South Vietnam under Vietnamization complicates the already difficult memory of the Vietnam War, pushing for a critical understanding of South Vietnamese agency beyond their status as the war's ultimate losers. Examining the lasting impact of Cold War military policy and culture upon the Vietnamized afterlife of war, this book weaves questions of national identity, sovereignty and self-determination to consider the generative possibilities of theorizing South Vietnam as an incomplete ongoing search for political and personal freedom.
