Louis XIV The French Monarchy:

Louis XIV and the Zenith of the French Monarchy Arthur Hassall, 1901 *Louis XIV and the French Monarchy* Andrew Lossky, 1999-01-01 Placing Louis XIV in the context of his times the author retired history UCLA attempts no psychological analysis of the king and includes no discussion of the social history of the period Admitting that standard political and diplomatic history is his forte Lossky instead details the domestic international and religious policies of the Sun King demonstrating that there indeed was an evolution and transformation of his political ideas over the course of his long life The early chapters of this book should prove valuable to those interested in a general understanding of the period The author's primary focus however is on the mounting tension between Rome and Versailles and on the overall failure of Louis's policies to establish Catholic uniformity in France Specialists in French history will welcome this comprehensive readable and well written political biography *Louis XIV and the Zenith of the French Monarchy* Arthur Hassall, 2014-11-01 Pyrrhus Press specializes in bringing books long out of date back to life allowing today's readers access to yesterday's treasures This is a history of France during the era of the Sun King Louis XIV who oversaw the construction of Versailles and the strengthening of the French state From the prologue THE character and position of Louis XIV are peculiarly difficult to estimate partly on account of the attitude taken towards him during his lifetime by his own subjects partly owing to the entire misapprehension under which foreign nations laboured as to his real aims The French people during more than two thirds of his long reign made him into a god and worshipped him while at the time of the Spanish Succession war a generation had grown up in England which says Mr Wyon in his History of Great Britain during the Reign of Queen Anne regarded Louis XIV as a monster of ambition with a mission from the devil to make slaves and Papists of the whole human race a perfidious tyrant with whom it was useless to think of entering into a compact whom it was absolutely necessary to bind with chains of iron Again at the present day modern historical writers for the greater part hailing from France are well nigh unanimous in wholesale condemnation of the age of Louis XIV on the ground that it was essentially the cause of the French Revolution Even allowing that it be strictly historical to say that Louis reign made the Revolution inevitable it remains none the less true that the blame if there be any must be shared by the people with the King The French nation made Louis and Louis was the epitome of the French nation It is easy to sympathise with the many hostile criticisms levelled at the King by German historians who cannot forgive the devastation of the Palatinate or forget the loss of Strasburg But it is peculiarly ungracious ungrateful and unhistorical for French writers who are well acquainted with the history of their own country to allow themselves to be so carried away by feeble republican predilections as to pour virulent abuse upon the most brilliant period of their history and their most hardworking painstaking and on the whole successful ruler **Louis XIV** Arthur Hassall, 2016-06-15 Excerpt from *Louis XIV And the Zenith of the French Monarchy* Growth of a European opposition to Louis Formation of the League of Augsburg July 1686 Louis demands His determination to secure the districts given him for twenty

years by the Truce of Ratisbon The Cologne Archbishoprick The Palatinate Succession question Seizure of Philippsburg Criticism of Louis action Revolution of 1688 in England The German opposition to France is strengthened Devastation of the Palatinate Its import and ejects The definite beginning of the war of Augsburg England's influence thrown against Louis War between England and France in Ireland at sea and in the Spanish Netherlands The battles of Beachy Head and the Boyne Ruin of James II's cause in Ireland French defeat at La Hogue Campaigns in the Netherlands in Italy and on the Rhine Death of Louvois Defection of the Duke of Savoy Peace of Ryswick The Peace only a truce About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

and Crisis in Louis XIV's France Darryl Dee,2009 New insights on the growth of the territorial state in early modern Europe the nature of the French absolute monarchy and the political legacy of the Sun King Driven by a desire for glory and renown Louis XIV presided over France s last great burst of territorial expansion in Europe During the first three decades of his rule his armies conquered numerous territories along France s borders After 1688 however the tide of conquest turned as the kingdom was plunged into crisis For the remainder of his reign the king and his people endured wars against grand alliances of European powers ecological disasters economic depression state bankruptcy and demographic stagnation *Expansion and Crisis in Louis XIV s France* examines these central yet understudied aspects of the age of the Sun King through the experience of Franche Comt a possession of the Spanish empire with a long history of autonomy conquered by Louis XIV in 1674 Dee s detailed research reconstructs the ensuing dialogue sometimes harmonious sometimes discordant between the king and the elites who ruled this province The integration of Franche Comt into France proved to be a protracted process involving confrontation negotiation and compromise The resulting regime was then severely tested by the

challenges of Louis XIV's late reign its survival demonstrated how the king had brought a distinctly early modern state to the height of its development This study offers significant new insights on the growth of the territorial state in early modern Europe the nature of the French absolute monarchy and the political legacy of the Sun King Darryl Dee is Assistant Professor of History Wilfrid Laurier University Waterloo Canada **Louis XIV and the Zenith of the French Monarchy, by Arthur Hassall, ...** Arthur Hassall,1895 **Monarchy** Hilaire Belloc,1938 *French Legends* Charles River Charles River Editors,2013-12-01 Includes famous art depicting Louis XIV and important people places and events in his life Includes pictures of the Palace of Versailles Discusses the reign and legacy of Europe's longest reigning king Every time I create an appointment I create a hundred malcontents and one ingrate Louis XIV A lot of ink has been spilled covering the lives of history's most influential figures but how much of the forest is lost for the trees In Charles River Editors French series readers can get caught up to speed on the lives of France's most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known France's most famous King and Europe's longest serving Louis XIV 1638-1715 is often viewed today as a symbol of royal extravagance and splendor Reigning for over 72 years the legacy of the Sun King is remembered for the magnificent Palace of Versailles the patronizing of arts and theater and the apocryphal quote L'Etat c'est moi I am the State Although it is more than fair to associate the Sun King with vanity and unfathomable spending on luxury the laser sharp focus on the superficial aspects of the man and his reign have come to overshadow just how effective he was as a ruler Becoming King as a child and assuming actual power in his early 20s Louis spent nearly 55 years centralizing and consolidating power in his monarchy by bringing the aristocracy to heel and keeping religious divisions from devolving into violence thereby passing off to his successor an absolute monarchy with a very solid foundation At the same time his foreign policies though often criticized as quests for glory helped establish France as the dominant power on the European continent and firmly in control of an overseas colonial empire that stretched both east and west And of course while his spending and extravagance are viewed critically today his construction of the Europe's most famous palace and his patronizing of the arts established the kind of culture and society that France is still famous for across the world today French Legends The Life and Legacy of King Louis XIV looks at the life and reign of one of history's most famous Kings explaining his influence in a historical light and analyzing the monumental legacy he left behind Along with pictures of important people places and events you will learn about the Sun King like you never have before in no time at all
