Gautreaux and Walker Percy are all Catholic writers from the South and seem to embody very fully both parts of that label Yet as quickly becomes clear in their writing their fiction employs markedly different tones and modes of addressing their audience O Connor seems intent on shocking her reader whom she anticipates will be hostile to her deepest beliefs Gautreaux gently and humorously engages his reader inviting his expected sympathetic audience to embrace the characters needed moral growth Percy satirically lampoons an array of social ills and failings in the Church as he tries to get his audience laughing with him while he makes his deadly serious point about the flaws he finds in the church and larger culture Why do these three writers assume such divergent images of their audience Why do texts by three writers who each embrace their Southern locale and their Catholic beliefs seem to have so little in common To answer these questions Nisly helps readers understand these authors fiction by examining the role that place and time had in shaping each author s idea of an audience and by extension his or her manner of addressing that audience More specifically Nisly focuses on each author s experience of Catholic community and each author s placement in relation to the Second Vatican Council Linking together biographical information and a reading of their fiction Nisly argues that O Connor s Gautreaux s and Percy s sense of audience has been shaped in significant ways by each author s own local experience of Catholicism in his or her home region as well as the larger global changes of Vatican II that transformed Roman Catholicism Cincinnati Magazine ,1978-08 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region Dark Bayou Nancy K. Dorman,2023-06-29 Each summer weekend can be like a holiday here in Maine Once to the Vikings it was rugged Vineland today Maine is Vacationland After a hard dirty winter mild air and watery sunlit places are calling an abundance of evocative coastal places within a couple minutes or couple of hours drive The author experienced one beach not typical of Maine It was different in a lively way She and her spouse Allen drove to Auburn for groceries and suddenly decided over lunch in the Nickel Diner to go visit Old Orchard Beach before grocery shopping Old Orchard Beach has long been a resort town situated in a curve of Saco Bay and full of mechanized carnival life its waterfront crammed with screaming or jovial activity shimmering in sunlight After a search in side streets full of summer lodgings and cars the travelers locate a place to park then walk down to the sea down to Maine on the Mediterranean

Becoming China's Bitch Peter D. Kiernan, 2012-02-14 In *Becoming China's Bitch* Peter D. Kiernan presents an unflinching manifesto in which he explores five factors that keep us frozen. He then uncovers the ten challenges that pose the greatest threat to our future. Presented from a fresh yet informative perspective, these ten impending catastrophes include our semiconscious dependency on China, our lack of a coordinated intelligence effort, our downward spiraling health care and education systems, our missing in action energy policy, and the continually expanding problem of illegal immigration. In a logical, personal, and persuasive voice, Kiernan then offers radical yet practical solutions that every American must acknowledge and act upon before it's too late.

Folk Music USA: The Changing Voice Of Protest Ronald D. Jankford, 2005-09-10 *The Changing Voice of Protest* is the definitive story of American folk music, focussing on how a minority music genre suddenly became the emergent voice of a generation at the end of the Eisenhower years. From Kingston Trio's Tom Dooley in 1958 to Bob Dylan's electric performance at the Newport Folk Festival in 1965, folk music wove itself from American culture and grew to define it, influencing the hippie 60s, Civil Rights demonstrations, and brewing anti-war sentiment before eventually becoming absorbed into popular music. The author also explores how authentic folk is now experiencing a second revival, taking its place in our contemporary fascination with roots music and modern ideals of equality, justice, and social unrest.

His first volume in this series, *Far and Away*, combined words and images to form an intimate, insightful narrative that won many readers. Now *Far and Near* brings together reflections from another three years of an artist's life as he celebrates seasons, landscapes, and characters, travels roads and trails, receives honors, climbs mountains, composes and performs music. With passionate insight, wry humor, and an adventurous spirit, once again Peart offers a collection of open letters that take readers on the road behind the scenes and into the inner workings of an ever-inquisitive mind. These popular stories, originally posted on Peart's website, are now collected and contextualized with a new introduction and conclusion in this beautifully designed collector's volume.
