Translating for Children Ritta Oittinen, 2002-06-01 Translating for Children is not a book on translations of children's literature but a book on translating for children It concentrates on human action in translation and focuses on the translator the translation process and translating for children in particular Translators bring to the translation their cultural heritage their reading experience and in the case of children's books their image of childhood and their own child image In so doing they enter into a dialogic relationship that ultimately involves readers the author the illustrator the translator and the publisher What makes Translating for Children unique is the special attention it pays to issues like the illustrations of

stories the performance like reading aloud of the books in translation and the problem of adaptation It demonstrates how translation and its context takes precedence can take over efforts to discover and reproduce the original author's intentions Rather than the authority of the author the book concentrates on the intentions of the readers of a book in translation both the translator and the target language readers

Andrews, 2016-01-06 The child who stops growing infantile senility the old fashioned child child wives and child mothers the rejuvenated adult Dickens's writings parade before us a gallery of bizarre hybrids Dickens and the Grown up Child focuses on the complicated and unresolved relationship between childhood and adulthood in Dickens's fictional and non fictional work In challenging the familiar view that the source of such anomalies lies in Dickens's own childhood experiences Malcolm Andrews explores the extent to which Dickens was heir to an older cultural debate about primitivism and progressivism a debate which Dickens adapted to his own preoccupations with the tensions between childhood and maturity In examining these issues Malcolm Andrews concentrates on the fiction of Dickens's middle years particularly David Copperfield and on some of the journalistic essays

Journal of the New York State Teachers' Association ,1918 The Journal of the New York State Teachers' Association ,1918 *Charles Dickens and the Victorian Child* Amberyl Malkovich,2013 This book explores the ideas of children and childhood and the construct of the ideal Victorian child that developed rapidly over the Victorian era along with literacy and reading material for the emerging mass reading public Children s Literature was one of the developing areas for publishers and readers alike yet this did not stop the reading public from bringing home works not expressly intended for children and reading to their family Within the idealized middle class family circle authors such as Charles Dickens were read and appreciated by members of all ages By examining some of Dickens s works that contain the imperfect child and placing them alongside works by Kingsley MacDonald Stretton Rossetti and Nesbit Malkovich considers the construction romanticization and socialization of the Victorian child within work read by and for children during the Victorian Era and early Edwardian period These authors use elements of religion death irony fairy worlds gender and class to illustrate the need for the ideal child and yet the impossibility of such a construct Malkovich contends that the imperfect child more readily reflects reality whereas the ideal child reflects an unattainable fantasy and while debates rage over how to define children s literature such children though somewhat changed can still be found in the most popular of literatures read by children contemporarily *London and Westminster Review* ,1869 *The L.M. Montgomery Reader* Benjamin Lefebvre,2013-01-01 An exciting new collection The L M Montgomery Reader assembles significant rediscovered primary materials on one of Canada s most enduringly popular authors throughout her high profile career as the author of the resoundingly successful *Anne of Green Gables* 1908 and after her death Each of its three volumes gathers pieces published all over the world to set

the stage for a much needed reassessment of Montgomery's literary reputation. Much of the material is freshly unearthed from archives and digital collections and has never before been collected in book form. The ninety selections appearing in this first volume focus on Montgomery's role as a public celebrity giving a strong impression of her as a writer and cultural critic as she discusses a range of topics with wit, wisdom and humour including the natural landscape of Prince Edward Island, her wide readership, anxieties about modernity and the continued relevance of old ideals. These essays and interviews are joined by a number of additional pieces that discuss her work's literary and cultural value in relation to an emerging canon of Canadian literature with nearly one hundred selections in all. Each volume is accompanied by an extensive introduction and detailed commentary by leading Montgomery scholar Benjamin Lefebvre that trace the interplay between the author and the critic as well as between the private and public Montgomery. This volume and the Reader as a whole adds tremendously to our understanding and appreciation of Montgomery's legacy as a Canadian author and as a literary celebrity both during and beyond her lifetime.

Publisher's description: [The Velveteen Rabbit at 100](#) Lisa Rowe Fraustino, 2023-05-18. Contributions by Kelly Blewett, Claudia Camicia, Alisa Clapp, Itnyre, Lisa Rowe Fraustino, Elisabeth Graves, Karlie Herndon, KaaVonia Hinton, Holly Blackford, Humes, Melanie Hurley, Kara K. Keeling, Maleeha Malik, Claudia Mills, Elena Paruolo, Scott T. Pollard, Jiwon Rim, Paige Sammartino, Adrianna Zabrzewska and Wenduo Zhang. First published in 1922 to immediate popularity, *The Velveteen Rabbit* by Margery Williams has never been out of print. The story has been adapted for film, television and theater across a range of mediums including animation, claymation, live action, musical and dance. Frequently the story inspires a sentimental nostalgic response as well as a corresponding dismissive response from critics. It is surprising that despite its longevity and popularity, *The Velveteen Rabbit* has inspired a relatively thin dossier of serious literary scholarship, a gap that this volume seeks to correct. While each essay can stand alone, the chapters in *The Velveteen Rabbit at 100* flow in a coherent sequence from beginning to end, showing connections between readings from a wide array of critical approaches. Philosophical and cultural studies lead us to consider the meaning of love and reality in ways both timeless and temporal. *The Velveteen Rabbit* is an Anthropocene Rabbit. He is also disabled. Here a traditional exegetical reading sits alongside queering the text. Collectively, these essays more than double the amount of serious scholarship on *The Velveteen Rabbit*. Combining hindsight with evolving sensibilities about representation, the contributors offer thirteen ways of looking at this Rabbit that Margery Williams gave us, ways that we can also use to look at other classic storybooks.

[Westminster and Foreign Quarterly Review](#), 1869 [The New York Times Essential Library: Children's Movies](#) Peter M. Nichols, 2003-11-06. An indispensable guide for parents from a leading expert on children's film. For years Peter M. Nichols has been offering vital advice and information for parents about current movies in his regular 'Taking the Children' column. But parents need the same kind of guidance when renting or buying videos and DVDs for their family. They may know that movies such as *Toy Story* and *Chicken Run* are good choices for their children, but Nichols helps parents go beyond the

obvious choices to more unconventional movies like *The African Queen* and *Some Like It Hot* From the classics of animation to a host of great comedies and dramas Nichols provides a knowing and illuminating guide to one hundred great cinematic works Each brief original essay not only explains why the children will enjoy the film but also allows Nichols to offer timely bits of film history and to discuss certain films in a larger cultural context Nichols's knowledge and understanding of films is broad and deep and many of his choices especially of films that we might not have thought of as children's films will surprise and delight readers
