Practical Simple Steps to Make Love Bloom in Your Relationship Now and Forever

The premise of Love Simplified is that you can have a happy, stable, fulfilling, loving romantic relationship by cultivating a habit of love. Just as one forms habits to be successful in other areas of our lives, love is no different and needs to be worked at to ensure the deepest, most emotionally satisfying relationship. Says author Shmaya David: "If you desire to be an effective loving person, you have to form and manifest the right love habits. If you are in a relationship, whether it is new, old, great, good, mediocre, or bad, the 10 Love Habits in Love Simplified will help you make the changes that you need to make in order to rekindle or amp up your romantic connection. Why do so many fail when it comes to finding lasting love? Love should have been easy enough, yet so many fail at love. Why? We are all born with the capacity to love and the craving to be loved. So why are there so many unhappy and failed marriages? Why so many divorces? And even more important, what can you do to beat the statistics and succeed at love? Love Simplified will give you the answers. In this book, you will find a new understanding of what love really is and a set of practical, simple steps to make love bloom in your life and your relationship now and forever. People tend to think of love as an emotion and thus not governed by logic and rational choice. This may be true of falling in love, but mature love is more than just an emotion and it can and should be approached with deliberate thought and purposeful intentions. This book is all about teaching you how to do that. The author considers himself blessed with unusual success in love, having spent nearly four decades practicing loving relationships. He always believed that his approach to love could be beneficial to others as well. So, drawing on his experience as an executive coach and consultant, he developed a framework to translate his personal experience into a Universal one. The result is this book, Love Simplified. The breakthrough came when I had an epiphany. David explains: 'I suddenly realized that the same principles that create Olympic athletes, high flying CEOs, world renowned artists, and self-made millionaires govern your success in love and your ability to create and maintain long-lasting happy relationships.' Practical Action Steps: In this book, Shmaya tackles the abstract topic of love and presents it in a direct and easy-to-understand style. He translates Universal success principles into ten simple Love Habits that anyone can replicate to win the ultimate prize: a happy, stable, fulfilling, loving relationship. Tackling one habit per chapter, the author begins by telling a short story about himself, then explains how that habit can help couples keep their love alive. At the end, he offers a thought-provoking exercise that will lead you to adapt your thinking and mindset to become a High Performance Loving Person. By applying these practical action steps right away,
