Love Analyzed

Glen Pettigrove

Love Analyzed:

Love Analyzed Roger Lamb, 2018-02-20 Philosophers have turned their attention in recent years to many previously unmined topics among them love and friendship In this collection of new essays in philosophical and moral psychology philosophers turn their analytic tools to a topic perhaps most resistant to reasoned analysis erotic love Also included is one previously published paper by Martha Nussbaum Among the problems discussed are the role that qualities of the beloved play in love the so called union theory of love intentionality and autonomy in love and traditional issues surrounding jealousy and morality

The Moral Psychology of Love Arina Pismenny, Berit Brogaard, 2022-03-28 Under what circumstances can love generate moral reasons for action Are there morally appropriate ways to love Can an occurrence of love or a failure to love constitute a moral failure Is it better to love morally good people This volume explores the moral dimensions of love through the lenses of political philosophy psychology and neuroscience It attempts to discern how various social norms affect our experience and understanding of love how love relates to other affective states such as emotions and desires and how love influences and is influenced by reason What love is affects what love ought to be Conversely our ideas of what love ought to be partly determined by our conception of what love is

New Philosophical Essays on Love and Loving Simon Cushing, 2021-09-20 New philosophical essays on love by a diverse group of international scholars Topics include contributions to the ongoing debate on whether love is arational or if there are reasons for love and if so what kind the kinds of love there may be between humans and artificial intelligences between non human animals and humans whether love can explain the difference between nationalism and patriotism whether love is an necessary component of truly seeing others and the world whether love like free will is fragile and may not survive in a deterministic world and whether or not love is actually a good thing or may instead be a force opposed to morality Key philosophers discussed include Immanuel Kant Iris Murdoch Bernard Williams Harry Frankfurt J David Velleman Niko Kolodny Thomas Hurka Bennett Helm Alfred Mele and Derk Pereboom Essays also touch on the treatment of love in literature and popular culture from Graham Greene s *The End of the Affair* to Spike Jonze s movie *her*

Forgiveness and Love Glen Pettigrove, 2012-08-30 What is forgiveness When is it appropriate Is it to be earned or can it be freely given Is it a passion we cannot control or something we choose to do Glen Pettigrove explores the relationship between forgiving understanding and loving He examines the significance of character for the debate and revives the long neglected virtue of grace

Love on Trial: Adjusting and Assigning Relationships, 2020-04-28

Politics and the Order of Love Eric Gregory, 2008-08-15 Augustine for all of his influence on Western culture and politics was hardly a liberal Drawing from theology feminist theory and political philosophy Eric Gregory offers here a liberal ethics of citizenship one less susceptible to anti liberal critics because it is informed by the Augustinian tradition The result is a book that expands Augustinian imaginations for liberalism and liberal imaginations for Augustinianism Gregory examines a broad range of Augustine s texts and their reception in different disciplines and

identifies two classical themes which have analogues in secular political theory love and related notions of care solidarity and sympathy and sin as well as related notions of cruelty evil and narrow self interest From an Augustinian point of view Gregory argues love and sin constrain each other in ways that yield a distinctive vision of the limits and possibilities of politics In providing a constructive argument for Christian participation in liberal democratic societies Gregory advances efforts to revive a political theology in which love s relation to justice is prominent Politics and the Order of Love will provoke new conversations for those interested in Christian ethics moral psychology and the role of religion in a liberal society

Catechesis for the New Evangelization Brian Pedraza,2020-06-12 Popes Francis Benedict XVI and John Paul II have called the present a time of New Evangelization for the Church and have stressed the importance of catechesis for this mission John Paul II claimed that this renewal of the Church s mission is grounded in the teachings of the Second Vatican Council Nevertheless approaches to catechesis in the conciliar and postconciliar era have varied greatly as evidenced by the shifts in catechetical practice effected by the modern catechetical movement Just as the dominant forms of theology changed from neo scholastic to anthropological approaches so too did catechesis move from catechism based approaches to more anthropological models based upon human experience In light of this context Catechesis for the New Evangelization examines the theological foundations of catechesis in the Church s understanding of divine revelation and its reception by the human person especially as found in the conciliar constitutions Dei Verbum and Gaudium et Spes After drawing norms on divine revelation from these documents it traces the history of the modern catechetical movement in order to compare this history with the conciliar norms highlighting the renewal s strengths and weaknesses These steps prepare the way for the main part of the book an examination of the anthropology of Karol Wojty a Pope John Paul II Ultimately his anthropology provides an understanding of the person that can unite divine revelation and human experience in a way that takes what is best from the modern catechetical movement while developing the ministry in a way that can be fruitful for the New Evangelization Pedraza s book is not only an incisive look at modern catechetical history and theory It also touches upon some of the most important theological topics of the past century including the neo scholastic crisis the proper interpretation of the Council the relationship of nature and grace and the modern understanding of the imago dei with the research and competency appropriate for scholarly interest and the accessibility needed for educated practitioners in catechesis

Love's Vision Troy Jollimore,2011-07-05 Love often seems uncontrollable and irrational but we just as frequently appear to have reasons for loving the people we do In Love s Vision Troy Jollimore offers a new way of understanding love that accommodates both of these facts arguing that love is guided by reason even as it resists and sometimes eludes rationality At the same time he reconsiders love s moral status acknowledging its moral dangers while arguing that it is at heart a moral phenomenon an emotion that demands empathy and calls us away from excessive self concern Love is revealed as neither wholly moral nor deeply immoral neither purely rational nor profoundly irrational Rather as Diotima says in Plato s

Symposium love is something in between Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one This view recognizes the truth in the cliché love is blind but holds that love's blindness does not undermine the idea that love is guided by reason Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable Filled with illuminating examples from literature Love's Vision is an original examination of a subject of vital philosophical and human concern *Gender Identity and Discourse Analysis* Lia Litosseliti, Jane Sunderland, 2002 This is a collection of work by researchers in the area of gender and language It shows how a discourse approach to the study of gender and language can facilitate the study of the complex and subtle ways in which gender identities are represented constructed and contested through language **Love's Labour's Lost by William Shakespeare (Book Analysis)** Bright Summaries, 2019-04-04 Unlock the more straightforward side of Love's Labour's Lost with this concise and insightful summary and analysis This engaging summary presents an analysis of Love's Labour's Lost by William Shakespeare a comedy centred on Ferdinand the King of Navarre and three of his closest friends all of whom decide to swear an oath to avoid the company of women and devote themselves to philosophical study for three years However their resolve is shaken when the Princess of France visits the court and each of them falls in love with a member of her entourage leading to a series of comic antics and misadventures Love's Labour's Lost is a lesser known play by William Shakespeare who is widely considered to be one of the most influential writers in the history of the English language Find out everything you need to know about Love's Labour's Lost in a fraction of the time This in depth and informative reading guide brings you A complete plot summary Character studies Key themes and symbols Questions for further reflection Why choose BrightSummaries.com Available in print and digital format our publications are designed to accompany you on your reading journey The clear and concise style makes for easy understanding providing the perfect opportunity to improve your literary knowledge in no time See the very best of literature in a whole new light with BrightSummaries.com Addresses Henry Drummond, 2019-09-25 Reproduction of the original Addresses by Henry Drummond **Missionary of Reconciliation** Alfred Olwa, 2013-11-30 Missionary of Reconciliation The Role of the Doctrine of Reconciliation in the Preaching of Festo Kivengere of Uganda 1971 1988 Alfred Olwa Sydney Australia In the period 1971 1988 the Christian doctrine of reconciliation was central to Festo Kivengere's preaching in Uganda and beyond This doctrine so gripped Kivengere that it shaped his attitude to life to others and even to his enemies He exhorted his audiences to be reconciled with God and then with their fellow human beings as part of God's remedy for a broken world In his preaching Kivengere depicts Jesus as a missionary of reconciliation who brings a fresh and alternative life characterized by the reconciling love and peace from God He preached the Christian doctrine of reconciliation into a Uganda where Christians lived under the horrors of Amin's rule and its aftermath According to Kivengere the world changes through the preaching of the reconciliation centered in Jesus Christ Popular Music Theory and Analysis Thomas Robinson, 2017-04-21 Popular

Music Theory and Analysis A Research and Information Guide uncovers the wealth of scholarly works dealing with the theory and analysis of popular music This annotated bibliography is an exhaustive catalog of music theoretical and musicological works that is searchable by subject genre and song title It will support emerging scholarship and inquiry for future research on popular music

Lovers in Essence Sharon Krishek,2022 Romantic love is a defining phenomenon in human existence and an object of heightened interest for literature art popular culture and psychology But what is romantic love and why is it typically experienced as so significant to our existence Using central ideas from the philosophy of S ren Kierkegaard as well as engaging with contemporary discussions in the philosophy of love this book explores the nature of romantic love and philosophically substantiates its meaningfulness to an individual s life It does so by developing a connection between love and selfhood here explained in terms of one s distinct individuality To be a self it is claimed is to possess a name that is an individual essence Further the book argues it is when we love that we regard people by their names we respond to who they truly are Accordingly the idea anchoring the book is that love is a correspondence between essences if Jane loves Edward she responds to him being who he is by virtue of her being who she is The conception of being thus correspondent has important implications as to the moral and spiritual value of romantic love Relying on Kierkegaard s analysis of the self of faith and of love even if sometimes in a way that departs from Kierkegaard s explicit position the book explores these implications By doing this it construes romantic love as a desirable phenomenon emotionally morally and spiritually

Creative and Sexual Science O. S. Fowler,2023-11-20 Reprint of the original first published in 1875

A Modern Relation of Theology and Science Assisted by Emergence and Kenosis Bradford McCall,2018-02-28 How should we attempt to understand the relationship between theology and science in the twenty first century In this book I will attempt to answer this question by examining several previous attempts to classify this relationship I also develop my personal view of the relation thereafter discussing some Catholic contributions to this project and then revisit some of my previously published material highlighting the role of panentheism therein and noting an emergent implication from the literature the resultant possibilities for God an implication that creates space for a broadly relational perspective of the process of emergence These movements allow me to argue that kenosis and emergence can add to the discussion of understanding the theology and science relationship Herein I advocate a monistic process based view of the overlapping relationship between theology and science

The Gospel of Peace in a Violent World Shawn Graves,Marlena Graves,2022-08-16 The gospel of Jesus Christ is the good news of peace Gathering contributions from theologians pastors and practitioners Shawn Graves and Marlena Graves cast a vision of Christian nonviolence in today s world not only responding to the realities of war but also offering a deeper understanding of peace a holistic shalom

Philosophy of Love, Sex, and Marriage Raja Halwani,2010-05-26 How is love different from lust or infatuation Do love and marriage really go together like a horse and carriage Does sex have any necessary connection to either And how important are love sex and marriage to a well lived life In this lively lucid and comprehensive textbook Raja

Halwani pursues the philosophical questions inherent in these three important aspects of human relationships exploring the nature uses and ethics of romantic love sexuality and marriage The book is structured in three parts Love begins by examining how romantic love differs from other types of love such as friendship and parental love It asks which properties of love are essential whether people have a choice in whom they love and whether lovers have moral obligations to one another that differ from those they owe to others Sex demonstrates the difficulty in defining sex and the sexual and examines what constitutes good and bad sex in terms of pleasure naturalness and moral permissibility It offers theoretical and applied ethical approaches to a wide range of sexual phenomena Marriage traces the history of the institution and describes the various forms in which marriage exists and the reasons why people marry It also surveys accounts of why people should or should not marry and introduces the main arguments for and against gay marriage Features include suggestions for further reading online eResource site with downloadable discussion questions a clear jargon free writing style Relational Transactional Analysis Heather Fowlie, Charlotte Sills, 2018-06-14 Through different voices and styles of contributions including papers edited talks and panel discussion this collection explores and applies the principles of relational transactional analysis It sets them in social cultural and political contexts and considers a number of important implications of this particular relational turn in psychotherapy The book advances relational transactional analyses and in doing so reflects the creativity and vibrancy of contemporary TA The editors have skilfully brought together different generations of TA practitioners in an accessible and stimulating volume I commend the editors and highly recommend the book Dr Keith Tudor author of a number of books and co author of the article Co creative transactional analysis in the Transactional Analysis Journal He is Associate Professor Auckland University of Technology Auckland Aotearoa New Zealand

Quantitative Literary Analysis of the Works of Aphra Behn Laura L. Runge, 2023-05-09 Aphra Behn 1640 1689 prolific and popular playwright poet novelist translator has a fascinating and extensive corpus of literature that plays a key role in literary history *Quantitative Literary Analysis of the Works of Aphra Behn Words of Passion* offers what no book has done to date an analysis of all Behn s literary output It examines the author s use of words in terms of frequencies and distributions and stacks the words in context to read Behn s word usage synchronically Using this experimental method the book brings digital humanities into literary criticism to enhance our understanding and appreciation of literature beyond what is possible in diachronic reading and scholarship less supported by digital means The empirical approach works in collaboration with existing scholarship to understand Behn s distinct language of love and extreme passions across her genres
