For Love of the Prophet Noah Salomon, 2016-10-25 For some the idea of an Islamic state serves to fulfill aspirations for cultural sovereignty and new forms of ethical political practice For others it violates the proper domains of both religion and politics Yet while there has been much discussion of the idea and ideals of the Islamic state its possibilities and impossibilities surprisingly little has been written about how this political formation is lived For Love of the Prophet looks at the Republic of Sudan s twenty five year experiment with Islamic statehood Focusing not on state institutions but rather on the daily life that goes on in their shadows Noah Salomon s careful ethnography examines the lasting effects of state Islamization on Sudanese society through a study of the individuals and organizations working in its midst Salomon investigates Sudan at a crucial moment in its history balanced between unity and partition secular and religious politics peace and war when those who desired an Islamic state were rethinking the political form under which they had lived for nearly a generation Countering the dominant discourse Salomon depicts contemporary Islamic politics not as a response to secularism and Westernization but as a node in a much longer conversation within Islamic thought augmented and reappropriated as state projects of Islamic reform became objects of debate and controversy Among the first books to delve into the making of the modern Islamic state For Love of the Prophet reveals both novel political ideals and new articulations of Islam as it is rethought through the lens of the nation *Monographic Series* Library of Congress, 1980 **The Mormon Culture of Salvation** Douglas J. Davies, 2018-12-07 The Mormon Culture of Salvation presents a comprehensive study of Mormon cultural and religious life offering important new theories of Mormonism one of the fastest growing movements and thought by many to be the next world religion Bringing social scientific and theological perspectives to bear on the Church of

Jesus Christ of Latter day Saints Douglas Davies draws from theology history of religions anthropology sociology and psychology to present a unique example of a truly interdisciplinary analysis in religious studies Examining the many aspects of Mormon belief ritual family life and history this book presents a new interpretation of the origin of Mormonism arguing that Mormonism is rooted in the bereavement experience of Joseph Smith which influenced the development of temple ritual for the dead and the genealogical work of many Mormon families Davies shows how the Mormon commitment to work for salvation relates to current Mormon belief in conversion and to traditional Christian ideas of grace The Mormon Culture of Salvation is an important work for Mormons and non Mormons alike offering fresh insights into how Mormons see the world and work for their future glory in heavenly realms Written by a non Mormon with over 30 years research experience into Mormonism this book is essential reading for those seeking insights into new interdisciplinary forms of analysis in religion as well as all those studying or interested in Mormonism and world religions Douglas J Davies is Professor in the Study of Religion in the Department of Theology Durham University UK He is the author of many books including Death Ritual and Belief Cassell 1997 Mormon Identities in Transition Cassell 1994 Mormon Spirituality 1987 and Meaning and Salvation in Religious Studies Brill 1984

Continuity & Change Among Canadian Mennonite Brethren Peter M. Hamm,1987-03-09 More than 450 years after their birth in the Anabaptist movement 125 years after their secession from Russian Mennonitism and 60 years after their immigration to Canada the Mennonite Brethren exhibit specific and measurable signs of sectarian viability and religious vitality To explain the persistence of the sect Hamm analyses the process of sacralization within the Canadian Mennonite Brethren Church which safeguards identity a system of meaning or a definition of reality and the process of secularization which erodes boundaries dislodges stable structures and destroys identity It is an oversimplification the author argues to insist that the factors of continuity ethical and cognitive norms family solidarity ethnicity worship evangelism community and church structures and service agencies are solely integrative and that the factors of change urbanization education occupational change and economic affluence are solely disruptive Instead a complex dialectic between the two processes is at work that prevents restrictive rigidity within the sect and excessive accommodation to the host society According to the author this analysis of the Canadian Mennonite Brethren becomes a case study to test the utility of an identity theory of religion which hinges on the integration differentiation dialectic It is at the same time a serious self study in religious sociology by which the author seeks to gain a better understanding of the processes of growth and decline of continuity and change and of the ongoing tension resulting from the religious movement s confrontation with society
