Shahjad Khan,2021-07-06 A story is just a story till when put a deep insight of thoughts in it I wouldn t say I wrote this story keeping my subconscious at forefront but I would say a lot of real life events occurred to me as in shaping it in a way that I can vouch we all in tiny frames are a part of this story We can relate with the characters not just the way they act but we can relate with them as we all have a fascinated inner self that imagines impossible possibilities in our lives When I had that profoundness to shape thoughts into words this story became a vision for my eyes and I lived it along with the characters throughout the story Their pain pleasures emotions love hatred all emotions I felt within and I would love to see the same expressions resonating with your souls It was started when Trisha was hopeless lonely and not happy with the life s ways of treating her she met her soul mate during the journey but as cosmos and destiny plays a unpredictable role in our lives how these two encountered with each other on the journey how they evolved each other and how they penetrated each other s Aura seeking out space in their darker corners illuminating each other s lives This is all about that all I hope and am very optimist about your love for this book and it might give you a ray of hope in your withered life somewhere Books and Pamphlets, Including Serials and Contributions to Periodicals Library of Congress.
