The Role of Intelligence in the Battle of Britain Norman Ridley, 2021-11-30 This in depth WWII history examines how the Battle of Britain was shaped by military intelligence on both sides of the conflict In the summer and fall of 1940 the UK successfully fended off a relentless German attack from the air While the Battle of Britain was essentially a war of attrition it was critically influenced at every stage by the gathering assessment and reaction to intelligence In this fascinating study military historian Norman Ridley examines all aspects of German and British intelligence from the accuracy of its data to the effectiveness of its deployment Both the Luftwaffe and the RAF lacked detailed information about each other's war production capacity While the Luftwaffe did have pre war aerial surveillance data it was largely out of date by the time of the battle Though RAF Fighter Command had a distinct advantage through its radar surveillance systems the new technology wasn't totally reliable and often difficult to interpret It also had the benefit of intercepting and decoding Luftwaffe communications Rather than acting as a force multiplier the Luftwaffe's poor intelligence actually acted as a force diluter wasting resources in strategically questionable areas On the other hand the British had the means however imperfect to respond quickly and effectively to each new strategic initiative they faced *World War II German Battle Insignia* Gordon Williamson, 2012-03-20 The remarkable war effort of the German armed forces on three fronts between 1939 and 1945 was recognised by a wider range of insignia than seen in the Allied armies While the Wehrmacht displayed fewer unit insignia than the Allies a glance at a German soldier's tunic could reveal much more about his actual combat experience In this book an experienced researcher explains and illustrates the Battle and Assault Badges of the Army Waffen SS and Luftwaffe ground troops the sleeve shields and cuffbands issued to mark service in particular campaigns wound badges
