Luke Historian And Theologian New Testament Pro:

Luke: Historian and Theologian I. Howard Marshall, 1970 The writings of Luke Luke Acts comprise over 28% of the whole New Testament even more than the extensive writings of his friend and companion Paul whose letters account for almost exactly a further 25% This fact alone emphasizes the vital importance of the Lucan corpus to a true understanding of the doctrine as well as the history of apostolic times There has been a growing awareness of the qualities of Luke as a historian and in this book Dr Marshall demonstrates that Luke s theology which he summarizes as the theology of salvation is at least of equal stature and importance with his carefully compiled history Back cover **Luke the Theologian** François

Bovon, 2006 In this completely revised and updated edition François Bovon provides a critical assessment of the last fifty five years of scholarship on Luke Acts The study divides thematically with individual chapters covering the subjects of history and eschatology the role of the Old Testament Christology the Holy Spirit conversion and the church Each chapter begins with a consideration of the exegetical and theological problems unique to each theme in Luke Acts before providing a detailed survey and critique of contemporary English German French Spanish and Italian New Testament scholarship Luke:

Historian & Theologian I. Howard Marshall, 1998-08-05 I Howard Marshall provides us with a lucid guide to Luke s theology of salvation as it is unfurled in the Gospel narrative but always with an eye on its ongoing development in the companion work Acts **Redating the New Testament** John A. T. Robinson, 2000-10-31 On the basis that the fall of Jerusalem is never

mentioned in the New Testament writings as a past fact Dr Robinson defends that the books of the New Testament were written before A D 70 contradicting of course the consensus of generations of Bible scholars **A Biblical-Theological**

Introduction to the New Testament Michael J. Kruger, 2016-05-31 Introductions to the New Testament often take a defensive stance focusing on historical critical issues but failing to address the interests and needs of pastors and Bible teachers However with an emphasis on the theology key themes and overall message of each book in the New Testament this collaborative effort of nine biblical scholars takes a more positive and pastorally relevant approach Written from a distinctly Reformed covenantal and redemptive historical perspective this theologically rich expository resource will equip readers to study and teach each book in the New Testament with clarity and insight **Christ and the Future in New Testament**

History E. Earle Ellis, 2014-04-09 Christology and eschatology form a double core conception in the New Testament that enables one to understand other themes radiating out from it The present volume addresses fifteen topics within this central core seven on the person of Jesus and eight on this age and the age to come The essays interact with and further discussion on disputed topics in contemporary New Testament Studies including the historical Jesus and the Gospels deity christology in the Synoptics and in the Pauline writings the meaning of resurrection in the teaching of Jesus the Sadducees and Qumran eschatology in Luke s writings and the structure of Pauline eschatology New Testament teaching on hell and other christological and eschatological motifs Three concluding pieces provide the historical and hermeneutical framework from

which the theological studies proceed This publication has also been published in paperback please click here for details

Theology of the New Testament Frank S. Thielman, 2011-03-22 Studying the theology of the New Testament can be a daunting task even to the knowledgeable Bible student or pastor Each of the twenty seven books written by various authors has its own theological emphasis and nuances How do we elicit a coherent message from such theological diversity especially given that some of the theological statements in the New Testament seem to be at odds with one another Is such an endeavor achievable or even valid Theology of the New Testament takes a balanced approach in response to these challenges Frank Thielman presents a theology of the New Testament that is careful to take into account the cultural and historical circumstances surrounding each book and the New Testament as a whole He not only examines each book's theological content individually but also in relation to the rest of the New Testament particularly within each of the three theological units that comprise the New Testament the gospels and Acts the Pauline epistles and the general epistles and Revelation This canonical and synthetic approach honors both the theological diversity of the various books and the theological connections between the books In the end Thielman finds a unified theological vision of the New Testament anchored in the centrality of Jesus Christ Frank Thielman's Theology of the New Testament is an outstanding achievement The book is marked by scholarly depth exegetical rigor and theological profundity Both students and professors will profit immensely from this lucid treatment of the theology contained in the New Testament documents Thomas R Schreiner Professor of New Testament The Southern Baptist Theological Seminary An accessible presentation of the key theological points of the New Testament books by an accomplished New Testament scholar and teacher Its clear style lucid organization and sound theological insight make it a prime resource for serious students in both the academy and the church Karen H Jobes PhD Associate Professor of New Testament Westmont College Hearing the Old Testament in the New Testament Stanley E. Porter, 2006-08-10 How does the New Testament echo the Old Which versions of the Hebrew Scriptures were authoritative for New Testament writers The appearance of concepts images and passages from the Old Testament in the books of the New raises important questions about textual versions allusions and the differences between ancient and modern meaning Written by ten distinguished scholars Hearing the Old Testament in the New Testament first lays out significant foundational issues and then systematically investigates the use of the Old in the New Testament In a culminating essay Andreas Kstenberger both questions and affirms the other contributors findings These essays together will reward a wide range of New Testament readers with a wealth of insights *The New Testament Story* Ben Witherington, 2004-04-26 This is a print on demand book and is therefore non returnable This informative clearly written book introduces the New Testament in two main ways 1 it explains where the New Testament came from and 2 it examines the New Testament writings themselves Ben Witherington first tells how and why the New Testament documents were written and collected and how they came to be known as the New Testament that we have today He then discusses the main stories and major figures in the New Testament Witherington

looks particularly at the Gospels examining how and why their stories differ and pointing out what these ancient biographies actually say about Jesus He also surveys the ways that these stories were told and retold explaining how this literary development has influenced Christian theology ethics and social thought At once scholarly and accessible it really is written in plain English Witherington's guide to the origins and message of the New Testament is eminently suitable as a text for college and seminary students With each chapter followed by a section called Exercises and Questions for Study and Reflection The New Testament Story will also prove valuable to individual readers and ideal for church classes and group Bible studies

Luke - Historian and Theologian I. Howard Marshall, 2006-01 Apart from the apostle Paul Luke is arguably the most influential force in the canon of the New Testament His Gospel and Acts occupy almost a third of the New Testament Marshall provides us with a lucid guide to Luke's theology of salvation as it is unfurled in Gospel narrative but always with an eye on its ongoing development in his companion work the Acts of the Apostles

Luke's Rhetorical Compositions Paul Elbert, 2022-07-19 Luke's Rhetorical Compositions offers new ideas in Lukan scholarship especially in regard to Aelius Theon's first century rhetoric manual Progymnasmata and inter textual Lukan Pauline biblical studies Two chapters deserve special mention the material in chapter 3 is a groundbreaking discussion of Acts 2:38 in which its Greek verb tense speaks to the subsequent reception of the gift of the Holy Spirit following salvation not coincident with salvation In Acts 2:38 it is Luke's intention to portray Peter as promising the gift of the Holy Spirit to hearers and to those beyond narrative time as a Pentecostal experience Chapter 9 discusses Luke's use of progymnasmatic examples in his descriptions of the salvation experience It also discusses Luke's clarification of Paul using narrative persuasion from Jesus tradition and history Also Luke's use of basic soteriological vocabulary provides clarity and plausibility His distinctive selection of examples from the Jesus tradition and his duplication of Paul's soteriological vocabulary is very helpful

[Reading the Way, Paul, and "The Jews" in Acts within Judaism](#) Jason F. Moraff, 2024-01-25 Jason F Moraff challenges the contention that Acts sharp rhetoric and portrayal of the Jews reflects anti

Judaism and supersessionism He argues that rather than constructing Christian identity in contrast to Judaism Acts binds the Way Paul and the Jews together into a shared identity as Israel and that together they embark on a journey of repentance with common Jewishness providing the foundation Acts leverages Jewish kinship language cult and custom to portray the Way Paul and the Jews as one family debating the direction of their ancestral tradition Using a historically situated narrative approach Moraff frames Acts portrayal of the Way and Paul in relation to the Jewish people as participating in internecine conflict regarding the Jewish tradition in crisis after the destruction of the temple By exploring ancient ethnicity Jewish identity and Lukan characterization images of the Jews the Way and Paul violence in Acts and the theme of blindness in Luke's gospel the Pauline writings and Acts Moraff stresses that Acts speaks from among my own nation meaning the Jews and makes it possible to understand Acts critical characterization of the Jews within Second Temple Judaism **The**

Ethnic-Religious Identity of the Ethiopian in Acts 8:26-40 Jongmun Jung, 2024-05-30 This work examines the background of the Ethiopian eunuch in Acts 8:26-40 For a comprehensive study it utilizes echoic allusion cultural background and narrative criticism It explores the textual tradition of Deut 23:1-8 in Jewish literature with a particular focus on Isaiah's inclusive presentation of eunuchs and foreigners in contrast to the Deuteronomy stipulation for the assembly of the Lord This work also explores the ancient practice of castration the Jewish exiles in Elephantine and Jewish pilgrimage to reconstruct the cultural background of the Ethiopian eunuch Additionally it focuses on Luke's authorial role in presenting the gospel's geographic ethnic and religious expansion to identify the Ethiopian's ethnic and religious identity in the narrative development of the three trajectories The conclusion drawn is that the Ethiopian eunuch cannot be identified as an uncircumcised gentile Instead he is more like an African man of Jewish descent included in the Abrahamic covenant but excluded from the cultic setting of worship in the temple **Interpretation of Tongues and Prophecy in 1 Corinthians**

12-14, with a Pentecostal Hermeneutics Jeon Ahn Yongnan, 2019-05-21 Bringing spiritual experience into the domain of biblical hermeneutics this book will certainly stimulate current debates within this field among both Pentecostals and Christians of other traditions The author also applies a Pentecostal hermeneutical methodology to Paul's teaching on tongues and prophecy in 1 Corinthians 12-14 opening possibilities to a Pentecostal pneumatology that tends instead to focus on the Lukan narrative Paul's texts are reconsidered not as doctrinal or situational documents but as dynamic communication within a living community *Theology of the New Testament* Udo Schnelle, 2009-11 For a few decades jet packs seemed to be

everywhere on Gilligan's Island Lost in Space Thunderball and even the opening ceremony of the 1984 Olympics Inventors promised we'd all be flying with them now enabling us to zoom around effortlessly in the sky and getting us to work without traffic jams and trains What happened to the jet pack In *The Great American Jet Pack* Steve Lehto gives us the definitive history of this and related devices explaining how the technology arose how it works and why we don't have them in our garages today These individual lift devices as they were blandly labeled by the government men who financed much of their

development answered man's desire to simply step outside and take flight. No runways, no wings, no pilot's license were required. Soaring through the air with the wind in your face and landing anywhere there was room to stand could this be done? Yes it could be and it was. But the jet pack was perhaps the most overpromised technology of all time. From the rocket belt to the jet belt to the flying platform and all the way to Yves Rossy's 21st century free flights using a jet-powered wing, this book profiles the inventors and pilots, the hucksters and cheats, the businessmen and soldiers who were involved with these machines. And it finally tells a great American story of a technology whose promise may one day yet come to fruition.

Women in the New Testament Bonnie Bowman Thurston, 2004-02-18 Bonnie Thurston examines the personalities, place and power of women in the New Testament. She provides a cultural and religious context for them by briefly outlining the position of women in the Greco-Roman world. The aim is to reveal the ways in which early Christianity attempted to liberate people from oppression, particularly patriarchy, as well as to point out the places and ways in which the early Christian community compromised with the dominant society.
