Lunatic Giant In The Drawing Room:

The Lunatic Giant in the Drawing Room James Winford Hall, 1968 Outlook experimentation and influence of Elizabeth Bowen William Faulkner Robert Penn Warren Graham Greene Saul Bellow and Iris Murdoch Upstairs Andrew Kingsley Weatherhead, 2000 Examines the role played by the large house in works by Woolfe Waugh Murdoch and others **Graham Greene's Thrillers and the 1930s** Brian Diemert, 1996 In *Graham Greene's Thrillers and the 1930s* Brian Diemert examines the first and most prolific phase of Graham Greene's career demonstrating the close relationship between Greene's fiction and the political economic social and literary contexts of the period Situating Greene alongside other young writers who responded to the worsening political climate of the 1930s by promoting social and political reform Diemert argues that Greene believed literature could not be divorced from its social and political milieu and saw popular forms of writing as the best way to inform a wide audience Diemert traces Greene's adaptation of nineteenth century romance thrillers and classical detective stories into modern political thrillers as a means of presenting serious concerns in an engaging fashion He argues that Greene's popular thrillers were in part a reaction to the high modernism of writers such as James Joyce Gertrude Stein and Virginia Woolf whose esoteric experiments with language were disengaged from immediate social concerns and inaccessible to a large segment of the reading public **A Fairly Honourable Defeat** Iris Murdoch, 2001-03-01 An exploration of love and its excesses missteps and modest triumphs from the Booker Prize winning author of *The Sea* *The Sea* In a dark comedy of errors Iris Murdoch portrays the mischief wrought by Julius a cynical intellectual who decides to demonstrate through a Machiavellian experiment how easily loving couples caring friends and devoted siblings can betray their loyalties As puppet master Julius artfully plays on the human tendency to embrace drama and intrigue and to prefer the distraction of confrontations to the difficult effort of communicating openly and honestly For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators **Comedy, an Annotated Bibliography of Theory and Criticism** James E. Evans, 1987 No descriptive material is available for this title **Iris Murdoch and Her Work** Mustafa Kirca, 2010-02-01 This book explores different aspects of Murdoch's work including her philosophy and fiction focusing on a wide variety of issues ranging from reading Murdoch as a fabulator to the central role Murdoch plays in the ethical turn Approaching Murdoch's work from multiple perspectives this book is of interest for Murdoch scholars literature and philosophy students as well as for general readers *Twentieth Century Fiction* George Woodcock, 1983-04-01 **Iris Murdoch's Comic Vision** Angela Hague, 1984 This study looks at the comic dimension and ironic tone of Iris Murdoch's work and argues that these elements are as important to an understanding of her novels as is

her use of mythic patterns and philosophical ideas *The Schlemiel as Metaphor* Sanford Pinsker,1991 The certainty that deep down we are all schlemiels is perhaps what makes America love an inept ball team or a Woody Allen who unburdens his neurotic heart in public In this unique revised history of the schlemiel Sanford Pinsker uses psychological linguistic and anecdotal approaches as well as his considerable skills as a spritely storyteller to trace the schlemiel from his beginnings in the Old Testament through his appearance in the nineteenth century literature of Mendele Mocher Seforim and Sholom Aleichem to his final development as the beautiful loser in the works of Isaac Bashevis Singer Bernard Malamud Saul Bellow Philip Roth and Woody Allen Horatio Alger might have once been a good emblem of the American sensibility but today Woody Allen s anxious bespectacled punin face seems closer and truer to our national experience His urban end of the century anxieties mirror albeit in exaggeration our own This expanded study of the schlemiel is especially relevant now when scholarship of Yiddish and American Jewish literature is on the increase By sketching the family tree of that durable anti hero the schlemiel Pinsker proves that Jewish humor is built upon the very foundations of the Jewish experience Pinsker shows the evolution of the schlemiel from the comic butt of Yiddish jokes to a literary figure that speaks to the heart of our modern problems and he demonstrates the way that Yiddish humor provides a sorely needed correction a way of pulling down the vanities we all live by British Fiction in the 1930s James Gindin,2016-07-27

British Fiction in the 1930s studies the literary climate of the British 1930s through a critical treatment of some of its influential and socially representative fiction The works depict in various ways a culture under the stress of seemingly insoluble economic and intensifying international dilemmas a culture that seems betrayed by the promise of its past and the paralysis of its present The fiction considers transforming solutions individual and sexual rebellions as well as the fears and attractions of social and political change

Henry Green Nick Shepley,2016-07-29 Henry Green *Class Style and the Everyday* offers a critical prism through which Green s fiction from his earliest published short stories as an Eton schoolboy through to his last dialogic novels of the 1950s can be seen as a coherent subtle and humorous critique of the tension between class style and realism in the first half of the twentieth century The study extends on going critical recognition that Green s work is central to the development of the novel from the twenties to the fifties acting as a vital bridge between late modernist inter war post war and postmodernist fiction The overarching contention is that the shifting and destabilizing nature of Green s oeuvre sets up a predicament similar to that confronted by theorists of the everyday Consequently each chapter acknowledges the indeterminacy of the writing whether it be the non singular functioning or malfunctioning of the name the open ended purposefully ambiguous nature of its symbols the shifting cinematic nature of Green s prose style the sensitive but resolutely unsentimental depictions of the working classes and the aristocracy in the inter war period the impact of war and its inconsistent irruptions into daily life or the ways in which moments or events are rapidly subsumed back into the flux of the everyday their impact left uncertain Critics have historically offered up singular readings of Green s work or focused on the poetic or recreative

qualities of certain works particularly those of the 1940s Green's writing is undoubtedly poetic and extraordinary but this book also pays attention to the clichéd meta-textual and uneventful aspects of his fiction **The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950** George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Those Uneasy Currents: Elements of Menace and Terror in Selected Fiction of Elizabeth Bowen** Ann W. Perce, 2006-08-29 The elements of menace and terror are crucial aspects of Elizabeth Bowen's pervasive theme of betrayal in her investigation of human relationships Bowen introduces menace into the familiar and predictable environment of her characters and threatens their sense of security and safety **Joseph Conrad** Bruce Teets, 2020-04-30 Originally published in 1990 this is a comprehensive and annotated bibliography of the writings on Joseph Conrad and his works Covering the years from 1895 to 1975 it also includes indexes of authors secondary works periodicals and newspapers foreign languages and primary titles Part of a series of annotated bibliographies on English Literature in Transition 1880-1920 this will be a valuable resource for students of literature **The Minnesota Review**, 1970

Veitch, 2006-01-01 When writers go on journeys it is as often to explore the terra incognita of their own selves as to establish the identities of strange lands in the case of many English novelists between the great wars it was certainly true as Douglas Veitch remarks in the study I am introducing that their work even as it essayed the exotic cast an eye homeward and inward and that they roamed the world

seeking surcease from a prevailing malaise which doubted the values of Western Civilization Mr Veitch has taken this vital element in the three novels *The Plumed Serpent* *The Power and the Glory* and *Under The Volcano* and has used it not merely to examine these works themselves but also to sketch out the ambivalent role which landscape plays in all fiction as omnipresent background but also as a rich source of symbols and images reflecting the human drama which a book develops. He has as he more than once makes clear done more than read all the relevant literature he has himself travelled to Mexico in order to see and experience the extraordinary terrain and as I can vouch on the basis of my own knowledge of that infinitely attractive and repellent country he used his senses well while he was there from the Introduction by George Woodcock
