 in order to preserve their cultural heritage     An Explanation of Luther's Small Catechism with the Small Catechism Joseph  
 Stump,Martin Luther,2013-05-01 This book aims to present both an analysis of Luther s Small Catechism and a clear concise  
 yet reasonably full explanation of its contents It is an attempt upon the basis of twenty years experience and a study of the  
 literature of the subject to meet the peculiar wants of the catechetical class in our Lutheran Church in America The object of  
 the book is twofold first to furnish an outline of teaching which the pastor may use as a guide in his oral explanation and  
 questioning and secondly to furnish a sufficiently complete summary by means of which the catechumens may review the  
 lesson and fix its salient points in their minds No text book can of course adequately supply the parenetical side of the  
 catechetical instruction or take the place of the living exposition by the pastor But it can and should support his work so that  
 what he explains at one meeting may not be forgotten before the next meeting but may be fixed in the minds of the  
 catechumens by study at home Here we have included Luther s Small Catechism as well for reference and further education
