Lyrical Interference:

Lyric Interventions Linda A. Kinnahan, 2005-05 *Lyric Interventions* explores linguistically innovative poetry by contemporary women in North America and Britain whose experiments give rise to fresh feminist readings of the lyric subject. The works discussed by Linda Kinnahan explore the lyric subject in relation to the social and I as a product of social discourse and as a conduit for change. Contributing to discussions of language-oriented poetics through its focus on women writers and feminist perspectives, this study of lyric experimentation brings attention to the cultural contexts of nation, gender, and race as they significantly shift the terms by which the experimental is produced, defined, and understood. This study focuses upon lyric intervention in distinct but related spheres as they link public and ideological norms of identity. Firstly, lyric innovations with visual and spatial realms of cultural practice and meaning, particularly as they naturalize ideologies of gender and race in North America and the post-colonial legacies of the Caribbean, are investigated in the works of Barbara Guest, Kathleen Fraser, Erica Hunt, and M. Nourbese Philip. Secondly, experimental engagements with nationalist rhetorics of identity, marking the works of Carol Ann Duffy, Denise Riley, Wendy Mulford, and Geraldine Monk, are explored in relation to contemporary evocations of self in Britain. And thirdly, in discussions of all of the poets but particularly accentuated in regard to Guest, Fraser, Riley, Mulford, and Monk, formal experimentation with the lyric I is considered through gendered encounters with critical and avant-garde discourses of poetics. Throughout the study, Kinnahan seeks to illuminate and challenge the ways in which visual and verbal constructs function to make readable the subjectivities historically supporting white male-centered power within the worlds of art poetry, social locations, or national policy. The potential of the feminist innovative lyric to generate linguistic surprise simultaneously with engaging risky strategies of social intervention lends force and significance to the public engagement of such poetic experimentation. This fresh energetic study will be of great interest to literary critics and women's studies scholars as well as poets on both sides of the Atlantic.

The Poetry of Charles Olson
Thomas F. Merrill, 1982

Lyric as Comedy Calista McRae, 2020-10-15 A poet walks into a bar. In *Lyric as Comedy*, Calista McRae explores the unexpected comic opportunities within recent American poems about deeply personal, often embarrassing experiences. Lyric poems she finds can be surprising sites of a shifting, unruly comedy as seen in the work of John Berryman, Robert Lowell, A. R. Ammons, Terrance Hayes, Morgan Parker, Natalie Shapero, and Monica Youn. *Lyric as Comedy* draws out the ways in which key American poets have struggled with persistent expectations about what expressive poetry can and should do. McRae reveals how the modern lyric, rather than bestowing order on the poet's thoughts and emotions, can center on impropriety and confusion, formal breakage, and linguistic unruliness, and self-observation and self-staging. The close readings in *Lyric as Comedy* also provide new insight into the theory and aesthetics of comedy, taking in the indirect, glancing comic affordances of poetry. In doing so, McRae captures varieties of humor that do not align with traditional terms centering abjection and pleasure as facets of contemporary lyric practice.

Lyric and Liberalism in the

Age of American Empire Hugh Foley, 2022-08-15 What is the difference between the I of a poem the lyric subject and the liberal subject of rights Lyric and Liberalism in the Age of American Empire uses this question to re examine the work of five major American poets changing our understanding of their writing and the field of post war American poetry Through extended readings of the work of Elizabeth Bishop Robert Lowell Amiri Baraka John Ashbery and Jorie Graham Hugh Foley shows how poets have imagined liberalism as a problem for poetry Foley s book offers a new approach to ongoing debates about the nature of lyric by demonstrating the entanglement of ideas about the lyric poem with the development of twentieth century liberal discussions of individuality Arguing that the nature of American empire in this period underpinned by the discourse of individual rights forced poets to reckon with this entanglement it demonstrates how this reckoning helped to shape poetry in the post war period By tracing the ways a lyric poem performs personhood and the ways that this person can be distinguished from the individual envisioned by post war liberalism Foley shows how each poet stages a critique of liberalism from inside the standpoint of lyric This book demonstrates the capacities of poetry for rethinking its own relation to history and politics providing a new perspective on a vital era of American poetry Charles Olson Robert Von

Hallberg, 1978 Described as one of the most influential American literary figures of the mid 20th century and a near prophet of the Black Mountain School Olson was highly regarded as both a theorist and a poet Here is an examination of Olson s understanding of poetry that provides the framework needed for understanding his work **Rethinking Lyric**

Communities Irene Fantappiè, Francesco Giusti, Laura Scuriatti, 2024-10-28 In contemporary Western societies lyric poetry is often considered an elitist or solipsistic literary genre Yet a closer look at its history reveals that lyric has always been intertwined with the politics of community formation from the imagining of national and transnational discursive communities to the use of poetry in episodes of collective action protest and social resistance Poetic forms have circulated between languages and traditions from around the world and across time But how does lyric poetry address or even create communities and of what kinds This volume takes a global perspective to investigate poetic communities in dialogue with recent developments in lyric theory and concepts of community In doing so it explores both the political potentialities and the perils of lyric poetry **The End of the Mind** DeSales Harrison, 2005 First Published in 2005 Routledge is an imprint of

Taylor Francis an informa company **Hyperscapes in the Poetry of Frank O'Hara** Hazel Smith, 2000-01-01 Frank O Hara s poetry evokes a specific era and location New York in the fifties and early sixties This is a pre computer age of typewritten manuscripts small shops and lunch hours it is also an age of gay repression accelerating consumerism and race riots Hazel Smith suggests that the location and dislocation of the cityscape creates hyperscapes in the poetry of Frank O Hara The hyperscape is a postmodern site characterized by difference breaking down unified concepts of text city subject and art and remolding them into new textual subjective and political spaces This book theorizes the process of disruption and re figuration which constitutes the hyperscape and celebrates its radicality *Repositionings* Frederick Garber, 2010-11-01

In *Repositionings* Frederick Garber examines recent readings of the lyric in proposing that performance art and photography present alternatives to traditional lyrical modes Immanent Distance Bruce Bond, 2015-09-24 Explores the role of poetry as a transfigurative process **A Long Essay on the Long Poem** Rachel Blau DuPlessis, 2023-03-21 For decades Rachel Blau DuPlessis has shown readers how genres forms and the literal acts of writing and reception can be understood as sites of struggle In her own words writing is a praxis in which the author disappears into a process into a community into discontinuities and into a desire for discovery It is cause for celebration then that we have another work of warm incisive expository writing from DuPlessis in *A Long Essay on the Long Poem* **The Lyric Voice in English Theology** Elizabeth S. Dodd, 2023-09-21 In this book Elizabeth S Dodd traces the contours of a lyric theology through the lens of English lyric tradition She addresses the dominance of narrative and drama in contemporary theological aesthetics by drawing on recent developments in lyric theory Informed by the work of critics such as Jonathan Culler Dodd explores the significance of lyric for theological discourse Lyric is presented here as a short musical expressive and personal form that is also fragmentary embodied socially located and performative The main chapters address key moments in English lyric tradition This selective approach aims to expand the theological gaze beyond the monochromatic features of the traditional canon It covers Anglo Saxon hymns medieval lullaby carols early modern sonnets and the prophetic poetry of Romanticism but also Grime and hip hop performance poetry social media poetry and Geoffrey Hill Languages of Liberation Walter B. Kalaidjian, 1989

Lyrics in Search of Music Terry L. Rath, 2018-11-20 I have composed the following collection of poetry for more than four decades This is my second published book of verse Once again it has been inspired by people places and life episodes that have been a large part of my life Writing has become a great passion for me as it occupies such a large part of my life In this book I cover several darker subjects from the less popular side of life that I didn't feature in depth in my first book Working in downtown Denver for more than ten years I encountered people that were struggling to just survive rather than actually living life My goal in compiling this collection is to present a strong mix of poetic subjects Terry L Rath The Contemporary Literature-Music Relationship Hazel Smith, 2016-04-20 This book explores the relationship between words and music in contemporary texts examining in particular the way that new technologies are changing the literature music relationship It brings an eclectic and novel range of interdisciplinary theories to the area of musico literary studies drawing from the fields of semiotics disability studies musicology psychoanalysis music psychology emotion and affect theory new media cosmopolitanism globalization ethnicity and biraciality Chapters range from critical analyses of the representation of music and the musical profession in contemporary novels to examination of the forms and cultural meanings of contemporary intermedia and multimedia works The book argues that conjunctions between words and music create emergent structures and meanings that can facilitate culturally transgressive and boundary interrogating effects In particular it conceptualises ways in which word music relationships can facilitate cross cultural exchange as musico literary miscegenation using

interracial sexual relationships as a metaphor Smith also inspects the dynamics of improvisation and composition and the different ways they intersect with performance Furthermore the book explores the huge changes that computer based real time algorithmic text and music generation are making to the literature music nexus This volume provides fascinating insight into the relationship between literature and music and will be of interest to those fields as well as New Media and Performance Studies

Postmodernism and the Ethical Subject Barbara Gabriel, Suzan Ilcan, 2004 The ethical claims discussed mobilize new relations between ourselves and others as well as new cultural practices including new forms and genres In a historical moment when the more than century old shock of the modern has given way to global and trans national shifts and cultural displacements what new ethical demands are created Writing across the disciplines of anthropology literature museology film and sociology contributors to this groundbreaking volume confront a world fraught with new crises and instabilities The ethical claims they discuss mobilize new relations between ourselves and others as well as new cultural practices including new forms and genres Postmodernism and the Ethical Subject points us to new ways of thinking that raise the ethical stakes of our historical moment

Contemporary Olson David Herd, 2016-05-16 As poet critic theorist and teacher Charles Olson extended the possibilities of modern writing From Call Me Ishmael his pioneering study of Herman Melville to his epic poetic project The Maximus Poems Olson probed the relation between language space and community Writing in the aftermath of the Second World War he provided radical resources for the re imagining of place and politics resources for collective thought and creative practice we are still learning how to use Re situating Olson s work in relation both to his own moment and to current concerns the essays assembled in Contemporary Olson provide a major re assessment of his place in postwar poetry and culture Through a series of contextualising chapters discussions of individual poems and reflections on Olson s legacy by leading international writers and critics the book presents a poet who still informs contemporary poetry whose thought and compositional innovations continue to provoke Remote as some of his fascinations must now seem Olson is shown nonetheless to offer a poetry and poetics that speaks clearly to our own fraught historical moment Contemporary Olson opens this major writer to new readings and new readers
