Libertarian Anarchy Gerard Casey, 2012-07-19 Political philosophy is dominated by a myth the myth of the necessity of the state The state is considered necessary for the provision of many things but primarily for peace and security In this provocative book Gerard Casey argues that social order can be spontaneously generated that such spontaneous order is the norm in human society and that deviations from the ordered norms can be dealt with without recourse to the coercive power of the state Casey presents a novel perspective on political philosophy arguing against the conventional political philosophy pieties and defending a specific political position which he identifies as libertarian anarchy The book includes a history of the concept of anarchy an examination of the possibility of anarchic societies and an articulation of the nature of law and order within such societies Casey presents his specific form of anarchy undergirded by a theory of human action that prioritises liberty as a philosophically and politically viable alternative to the standard positions in political theory

Miller (Jr.), Jeffrey Paul, 2012-08-27 In 1776 the American Declaration of Independence appealed to the Laws of nature and of Nature's God and affirmed these Truths to be self evident that all Men are created equal that they are endowed by their Creator with certain unalienable Rights that among these are Life Liberty and the Pursuit of Happiness In 1935 John Dewey professor of philosophy at Columbia University declared Natural rights and natural liberties exist only in the kingdom of mythological social zoology These

opposing pronouncements on natural rights represent two separate and antithetical American political traditions natural rights individualism the original Lockean tradition of the Founding and Progressivism the collectivist reaction to individualism which arose initially in the newly established universities in the decades following the Civil War *Brill's Companion to Anarchism and Philosophy* Nathan J. Jun, 2017-09-25 Despite the recent proliferation of scholarship on anarchism very little attention has been paid to the historical and theoretical relationship between anarchism and philosophy Seeking to fill this void Brill's *Companion to Anarchism and Philosophy* draws upon the combined expertise of several top scholars to provide a broad thematic overview of the various ways anarchism and philosophy have intersected Each of its 18 chapters adopts a self consciously inventive approach to its subject matter examining anarchism's relation to other philosophical theories and systems within the Western intellectual tradition as well as specific philosophical topics subdisciplines and methodological tendencies *Chaos Theory*, 2010-05-05 **Dictionary of Early American Philosophers** John R. maligned Senator Joseph McCarthy who emerges here not as some irredeemable monster but as a genuine American patriot who has been demeaned in death even more than he was in life The reader will never look at the supposed heroes and villains of American history the same way again after reading this book History is written by the victors **The Libertarian Mind** David Boaz, 2015-02-10 Rev ed of Libertarian A primer New York Free Press 1997 The United States Government Is Illegitimate Robert G. Beard, Jr., C.P.A., C.G.M.A., J.D., LL.M., 2017-05-23 This book is a draft of chapter one of Mr Beard s dissertation The Impact of Constitutional Interpretation on Individual Freedom He was kicked out of the J S D program by a Dean who graduated from Harvard Law because this project was to put it politely politically incorrect justification was that it would not contribute anything new or important to the existing scholarship Once the Dean was no longer at the law school Mr Beard s supervisor and co faculty director of the program invited him back to finish this project The purpose of this dissertation is to explain how power elites and branches of government have reinterpreted the U S Constitution to increase government power and authority at the expense of individual freedom There are only two ways to interpret the U S Constitution 1 Under the freedom doctrine or 2 as a master slave relationship which is what has been going on for the past 100 years If Americans are not slaves then the U S Government is Illegitimate *Lincoln Unmasked* Thomas J. DiLorenzo, 2009-01-21 What if you were told that the revered leader Abraham Lincoln was actually a political tyrant who stifled his opponents by suppressing their civil rights What if you learned that the man so affectionately referred to as the Great Emancipator supported white supremacy and pledged not to interfere with slavery in the South Would you suddenly start to question everything you thought you knew about Lincoln and his presidency You should Thomas J DiLorenzo who ignited a fierce debate about Lincoln s legacy with his book The Real Lincoln now presents a litany of stunning new revelations that explode the most enduring and pernicious myths about our sixteenth president Marshaling an astonishing amount of new evidence Lincoln Unmasked offers an alarming portrait of a political manipulator and opportunist who bears little resemblance to the heroic stoic and principled figure of mainstream history Did you know that Lincoln did NOT save the union In fact Lincoln did more than any other individual to destroy the voluntary union the Founding Fathers recognized did NOT want to free the slaves Lincoln who did not believe in equality of the races wanted the Constitution to make slavery irrevocable was NOT a champion of the Constitution Contrary to his high minded rhetoric Lincoln repeatedly trampled on the Constitution and even issued an arrest warrant for the chief justice of the United States was NOT a great statesman Lincoln was actually a warmonger who manipulated his own people into a civil war did NOT utter many of his most admired quotations DiLorenzo exposes a legion of statements that have been falsely attributed to Lincoln for generations usually to enhance his image In addition to detailing Lincoln s offenses against the principles of freedom equality and states rights Lincoln Unmasked exposes the vast network of academics historians politicians and other gatekeepers who have sanitized his true beliefs and willfully distorted his legacy DiLorenzo reveals how the deification of Lincoln reflects a not so hidden agenda

to expand the size and scope of the American state far beyond what the Founding Fathers envisioned an expansion that Lincoln himself began The hagiographers have shaped Lincoln s image to the point that it has become more fiction than fact With Lincoln Unmasked DiLorenzo shows us an Abraham Lincoln without the rhetoric lies and political bias that have clouded a disastrous president s enduring damage to the nation Actual Ethics James R. Otteson,2006-06-19 Actual Ethics offers a moral defense of the classical liberal political tradition and applies it to several of today s vexing moral and political issues James Otteson argues that a Kantian conception of personhood and an Aristotelian conception of judgment are compatible and even complementary He shows why they are morally attractive and perhaps most controversially when combined they imply a limited classical liberal political state Otteson then addresses several contemporary problems wealth and poverty public education animal welfare and affirmative action and shows how each can be plausibly addressed within the Kantian Aristotelian and classical liberal framework Written in clear engaging and jargon free prose Actual Ethics will give students and general audiences an overview of a powerful and rich moral and political tradition that they might not otherwise consider A Beautiful Anarchy: How to Create Your Own Civilization in the Digital Age Jeffrey Tucker,2012 A Beautiful Anarchy How to Create Your Own Civilization in the Digital Age is Jeffrey Tucker s rhapsodic hymn to the digital age and a call to use the tools it has granted us to enhance human freedom and reduce and end intellectual dependency on the state It shows that every truly valuable aspect of our lives extends not from politics and the regime but from our own voluntary choices The aims of A Beautiful Anarchy are 1 to draw attention to the reality that surrounds us but we hardly ever bother to notice much less celebrate 2 to urge a willingness to embrace this new world as a means of improving our lives regardless of what the anachronistic institutions of power wish us to do 3 to elucidate the causes and effects that have created this new world and 4 to urge more of the good institutions that have created this beautiful anarchy This books covers the uses of social media the blessed end of the nation state the way the government is destroying the physical world the role of commerce in saving humanity the depredations of nation state monetary policy the evil of war and the lie of national security and private societies as agents of liberation And it offers a hopeful prognosis for a creative and productive world without central control The book is topical pithy and anecdotal yet points to the big ideas and the larger picture to help frame the great economic and political debates of our time Book description Amazon com **Liberty Defined** Ron Paul,2011-04-19 In Liberty Defined congressman and 1 New York Times bestselling author Ron Paul returns with his most provocative comprehensive and compelling arguments for personal freedom to date The term Liberty is so commonly used in our country that it has become a mere cliché But do we know what it means What it promises How it factors into our daily lives And most importantly can we recognize tyranny when it is sold to us disguised as a form of liberty Dr Paul writes that to believe in liberty is not to believe in any particular social and economic outcome It is to trust in the spontaneous order that emerges when the state does not intervene in human volition and human cooperation It permits people to work out their

problems for themselves build lives for themselves take risks and accept responsibility for the results and make their own decisions It is the seed of America This is a comprehensive guide to Dr Paul s position on fifty of the most important issues of our times from Abortion to Zionism Accessible easy to digest and fearless in its discussion of controversial topics Liberty Defined sheds new light on a word that is losing its shape *Laws of Property, Form #14.018* Sovereignty Education and Defense Ministry,2023-05-29 Summary of the laws of property
